ANCHOR BAY SECURITIES, LLC

Notes to Financial Statements

1. THE COMPANY AND ITS SIGNIFICANT ACCOUNTING POLICIES

The Company. Anchor Bay Securities, LLC (the “Company”) is a registered broker-dealer licensed by the United States Securities and Exchange Commission (“SEC”) and is a member of the Financial Industry Regulatory Authority. The Company provides limited business services involving mutual funds and/or variable annuities only. The Company, under Rule 15c3-3(k)(1), is exempt from the reserve and possession or requirements of Rule 15c3-3 of the Securities and Exchange Commission.

Cash and Cash Equivalents. For purposes of the statement of financial condition and the statement of cash flows, cash is defined as cash on hand, money market accounts, cash due from banks and brokerage accounts, and cash on deposit with banks.

Basis of Accounting The financial statements of the corporation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Accounting Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Income Taxes. The Company, with the consent of its Members, has elected to be a Limited Liability Company. For tax purposes, the Company is treated like a partnership, therefore in lieu of business income taxes, the Members are taxed at the Company’s taxable income. Accordingly, no provision or liability for Federal Income Taxes is included in these financial statements. The state of California has similar treatment, although there exists a provision for a minimum Franchise Tax of \$800 plus a fee based upon gross receipts. The Company is subject to audit by the taxing agencies for years ending December 31, 2018 through 2021.

Concentration of Credit Risk. Two clients accounted for 80% of the total revenues for year ended December 31, 2021.

2. REVENUE

Significant accounting policy. Revenue is measured based on a consideration specified in a contract with a customer, and excludes any sales incentives and amounts collected on behalf of third parties. The Company recognizes revenue when it satisfied a performance obligation by transferring control over a product or service to a customer.

Taxes and regulatory fees assessed by a government authority or agency that are both imposed on and concurrent with a specified revenue-producing transaction, that are collected by the Company from a customer, are excluded from revenue.

Nature of services. The following is a description of activities – separated by reportable segments, per FINRA Form “Supplemental Statement of Income (SSOI)” from which the Company generates its revenue. For more detailed information about reportable segments, see below:

Interest/Rebate/Dividend Income. This includes rebates and/or interest earned on Securities borrowings; reverse repurchase transactions; Margin interest; interest earned from customer bank sweep into FDIC insured products and '40 Act investments and any interest and/or dividends on securities held in Firm inventory. Interest and dividend income is recognized over time.

ANCHOR BAY SECURITIES, LLC

2. REVENUE (Continued)

Fees earned. This includes fees earned from affiliated entities; investment banking fees, M&A advisory; account supervision and investment advisory fees; administrative fees, revenue from research services; rebates from exchanges/ECN and ATS; 12b-1 fees; Mutual fund fees other than concessions or 12b-1 fees; execution service fees; clearing services; fees earned from customer bank sweep into FDIC insured products or from '40Act companies and networking fees from '40 Act companies.

3. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2021 the Company had net capital of \$80,316 which was \$75,316 in excess of its required net capital of the greater of 6 2/3 of aggregate indebtedness of \$218 or \$5,000; and the Company's ratio of aggregate indebtedness to net capital was 0.003 to 1, which is less than the 15 to 1 maximum ratio allowed for a broker dealer.

4. RELATED PARTY TRANSACTIONS

Anchor Bay Securities, LLC has an expense sharing agreement with Anchor Bay Capital, Inc. The expense sharing agreement covers office expenses, supplies, rent and insurance. During the year ended December 31, 2021, the Company paid \$46,070 to Anchor Bay Capital, Inc.

5. FAIR VALUE MEASUREMENTS

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritized the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820 are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

There were no levels to measure at December 31, 2021.

6. SUBSEQUENT EVENTS

The management has reviewed the results of operations for the period of time from its year end December 31, 2021 through February 24, 2022 the date the financial statements were available to be issued, and have determined that no adjustments are necessary to the amounts reported in the accompanying financial statements nor have any subsequent events occurred, the nature of which would require disclosure.

We have reviewed management's statements, included in the accompanying Anchor Bay Securities, LLC Exemption Report in which (1) Anchor Bay Securities, LLC, identified the following provisions of 17 C.F.R. §15c3-3(k) under which Anchor Bay Securities, LLC claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(1) (the "exemption provision") and (2) Anchor Bay Securities, LLC, stated that Anchor Bay Securities, LLC met the identified exemption provision throughout the most recent fiscal year of 2021, without exception. Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Assertions Regarding Exemption Provisions

I, as a member of management of Anchor Bay Securities, LLC ("the Company"), is responsible for compliance with the annual reporting requirements under Rule 17a-5 of the Securities Exchange Act of 1934. Those requirements compel a broker or dealer to file annual reports with the Securities Exchange Commission (SEC) and the broker's or dealer's designated examining authority (DEA). One of the reports to be included in the annual filing is an exemption report prepared by an independent public accountant based upon a review of assertions provided by the broker or dealer. Pursuant to that requirement, the management of the Company hereby makes the following assertions:

Identified Exemption Provision:

The Company claims exemption from the custody and reserve provisions of Rule 15c3-3 by operating under the exemption provided by Rule 15c3-3(k)(1).

Statement Regarding Meeting Exemption Provision:
