**KIDRON CAPITAL SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

1. ORGANIZATION AND NATURE OF BUSINESS

Kidron Capital Securities LLC (the “Company”) was formed in the state of Delaware on July 8, 2008. The Company was approved as a broker-dealer by the Securities and Exchange Commission (the “SEC”) and the Financial Industry Regulatory Authority, Inc. (“FINRA”) on June 4, 2010. Between July 8, 2008, and June 4, 2010, the Company had no operations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents – Cash and cash equivalents are short-term, liquid investments with an original maturity of three months or less and are carried at cost, which approximates market value.

Allowance for doubtful accounts – the company evaluates the collectivity of accounts receivable when recorded. No allowance for doubtful accounts was deemed necessary at December 31, 2021.

Revenue recognition

Significant Judgements – Revenue from contracts with customers includes commission income and fees from investment banking and asset management services. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgement is required to determine whether performance obligations are satisfied at a point in time over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measures of the Company’s progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

M&A advisory fees – The Company provides advisory services on mergers and acquisitions (M&A). Revenue from advisory arrangements is generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is cancelled. However, for certain contracts, revenue is recognized over time for advisory arrangements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. In some circumstances, significant judgement is needed to determine the timing and measure of progress appropriate for revenue recognition under specific contract. Retainers and other fees received from customers prior to completing performance obligations are reflected as contract liabilities. At December 31, 2021, there were no unsatisfied performance obligations.

Income taxes - The Company, is a dual-member LLC with the managing member owning 99.75% and is disregarded for tax purposes. All taxable income or loss flows through to the member. Accordingly, no income tax expense or liability is recorded in the accompanying financial statements.

The Company has adopted the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. Under ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as a pass-through entity, and the decision not to file a tax return. The Company has evaluated each of its tax positions and has determined that no provision or liability for income taxes is necessary. The members and the Company are generally not subject to U.S. federal, state or local income tax examinations related to the Company’s activities for tax years before 2014.

**KIDRON CAPITAL SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021**

Fair value of financial instruments – Cash, accounts payable and accrued expenses are recorded in the financial statements at cost, which approximates fair value because of the short-term maturity of those instruments.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. RELATED PARTY TRANSACTIONS

Effective March 1, 2010, the Company executed an expense sharing agreement with Kidron Corporate Advisors, LLC (Corporate), which was revised January 1, 2015, which is 99.75% percent owned by the managing member of Kidron Capital Securities. The agreement stipulates that Corporate will pay certain operating expenses of the Company, including rent, for which the Company does not have an obligation, directly, or indirectly to reimburse or otherwise compensate Corporate. The Company paid Corporate \$60,000 in rent and \$14,398 in miscellaneous office expenses, for the year ended December 31, 2021.

Effective July 1, 2010, the Company executed a consulting agreement with Corporate for consulting services regarding strategy and corporate advice to emerging growth companies. In 2021 the Company made no payments to Corporate for consulting services.

4. CONCENTRATION OF BUSINESS AND CREDIT RISK

From time to time the Company may have cash deposits with its bank that exceed levels insured by the bank through FDIC. At December 31, 2021, the cash deposits did not exceed the FDIC limits.

Total revenue for the year ended December 31, 2021, includes commissions earned from one customer which accounted for 13% of revenue.

5. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities Exchange Act of 1934 uniform net capital rules that requires maintenance of a minimum net capital and requires that the ratio of aggregate indebtedness to net capital not exceed 1500%. As of December 31, 2021, the Company's net capital was \$25,890 as defined by the SEC, which was \$18,628 in excess of its minimum net capital requirement of \$5,000 (see page 9). The Company's percentage of aggregate indebtedness to net capital was approximately 421% versus the maximum allowable percentage of 1500%.

6. COMMITMENTS AND CONTINGENCIES

The company does not have any commitments or contingencies.
