Notes to Financial Statements
As of and for the Year-Ended December 31, 2021

NOTE A- SUMMARY OF ACCOUNTING POLICIES

Accounting principles followed by the Company and the methods of applying those principles which materially affect the determination of financial position, results of operation and cash flows are summarized below.

Organization

Investment Network, Inc., (the "Company"), was incorporated under the laws of the state of Ohio on April 24, 2003. The Company is a securities broker-dealer registered with the SEC and is a member of the Financial Industry Regulatory Authority (FINRA).

Description of Business

The Company, located in Canton, Ohio, is a broker and dealer in securities registered with the Securities and Exchange Commission ("SEC") and is a member of FINRA. The Company operates under SEA Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company's customers are held by a clearing broker-dealer.

Basis of Accounting

The financial statements of the Company have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Cash and Cash Equivalents

The Company considers as cash all short-term investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable - Recognition of Bad Debt

The Corporation considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

Revenue Recognition

The Company adopted ASU 2014-09, Revenue from Contracts with Customers, (codified in ASC 606). The Company recognizes revenue when services are transferred to clients. Revenue is recognized based on the amount of consideration that management expects to receive in exchange for these services in accordance with the terms of the contract with the client. To determine the amount and timing of revenue recognition, the Company must (1) identify the contract with the client, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract, and (5) recognize revenue when the Company satisfies a performance obligation.

broker/dealer clients and is recognized when promised goods or services are delivered to the client in an amount the Company expects to receive in exchange for those goods or services (i.e., the transaction price). The Company earns 12b-1 trailer fees from Mutual Fund clients and estimates and accrues amounts it expects to receive. Accrued 12b-1 trailer fees accrued at December 31, 2021 total \$1,500, and are included in receivables.

The recognition and measurement of revenue is based on the assessment of individual contract terms. Commissions and related clearing expenses are recorded on the trade date. The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer.

Income Taxes

Effective January 1, 2002, the Company elected "S" corporation status for federal income tax purposes. Under "S" corporation regulations, net income or loss is reportable for tax purposes by the shareholders. Accordingly, no federal income taxes are included in the accompanying financial statements.

Estimates

Financial statements are compiled in conformity with accounting principles generally accepted in the United States of America and require management to make estimates and assumptions that could affect reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements. Estimates and assumptions may also affect reported amounts of revenues and expenses during the reporting period. Actual results could differ from estimates.

Fair Value of Financial Instruments

Financial instruments, if any, are subject to fair value disclosure requirements and carried in the financial statements at amounts that approximate fair value might include cash equivalents. Fair values are based on quoted market prices and assumptions concerning the amount and timing of estimated future cash flows and assumed discount rates reflecting varying degrees of perceived risk. The Company holds no securities positions to reflect in a schedule of Fair Value.

Comprehensive Income

Statement of Financial Accounting Standards (SFAS) No. 130, Reporting Comprehensive Income, establishes requirements for disclosure of Comprehensive Income that includes certain items previously not included in the statement of income, including unrealized gains and losses on available-for-sales securities and foreign currency translation adjustment, among others. During the year ended December 31, 2020, the Company did not have any components of Comprehensive Income to report.

As of and for the Year-Ended December 31, 2021
(Continued)

Concentrations

The Company has revenue concentrations; the company specializes in sales of securities.

Subsequent Events

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through March 30, 2022, which is the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have material impact on its financial statements.

NOTE B - NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and related net capital ratio may fluctuate on a daily basis.

There were no material inadequacies in the amount reported as Net Capital in the audited Computation of Net Capital and the broker-dealer's corresponding Part IIA of the FOCUS report required under Rule 15c3-1.

NOTE C - POSSESSION OR CONTROL REQUIREMENTS

The Company does not have possession or control of customer's funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of SEA Rule 15c-3-3(k)(2)(ii) by promptly transmitting all customer funds and securities to the clearing broker-dealer that carries customer accounts.

NOTE D - OTHER COMMITMENTS AND CONTINGENCIES

Included in the Company's clearing agreement with its clearing broker-dealer is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. At December 31, 2021, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware of any potential losses relating to this indemnification.

NOTE E-RENT (Related Party Rent)

The Company has a month-to-month lease with an entity under common ownership to use its office facilities. The rent expense may be shared in whole or in part with the entity under common ownership. The amount of rent expense for the year ended December 31, 2021, was \$16,600.

Supplementary Statements
Pursuant to SEA Rule 17a-5 of the Securities and Exchange Act of 1934
As of and for the year ended December 31, 2021

Statement Related to Uniform Net Capital Rule

The Company is a member of the FINRA and is subject to the SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500% (15:1), or, during its first year of operations, 800% (8:1). Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2021, the Company had net capital of \$194,244 which was \$185,109 in excess of its required net capital of \$9,135. The Company's ratio of aggregate indebtedness to net capital was 70.51%. The Company has elected to use the basic computation method, as is permitted by the rule, which requires that the Company maintain minimum Net Capital pursuant to a fixed dollar amount or 6-2/3% percent of total aggregate indebtedness, as defined, whichever is greater, and does not, therefore, calculate its net capital requirement under the alternative reserve requirement method. There were no material differences reported as Net Capital in the audited computation of Net Capital and the broker-dealer's corresponding unaudited Part IIA of the FOCUS report required under Rule 15c3-1.

Statement Related to Exemptive Provision (Possession and Control)

The Company does not have possession or control of customer's funds or securities. There were no material inadequacies in the procedures followed in adhering to the Company's stated exemptive provisions of SEA Rule 15c3-3(k)(2)(ii).

Statement Related to Material Inadequacies

This audit did not disclose any material inadequacies since the previous audit of the financial statements in the accounting system or in the internal control related to reporting or the practices and procedures required pursuant to Rule 17a-5. The firm is exempt from 15c3-3; it does not maintain customer funds or securities and, therefore, does not maintain customer funds to segregate nor does it maintain separate accounts for customers.

Statement Related to SIPC Reconciliation

SEA Rule 17a-5(e)(4) requires a registered broker-dealer not exempt from SIPC membership with gross revenues that exceed \$500,000, to file an Agreed Upon Procedures Report. In circumstances where the broker-dealer reports less than \$500,000 in gross revenue an Agreed Upon Procedures Report is not required. Broker-dealers exempt from SIPC membership are required to file a copy of Form SIPC 3 evidencing exclusion from membership and an Agreed Upon Procedures Report. The AUP report shall be included in this Supplemental Information section.

Dear Gary Arnold:

We have reviewed management's statements, included in the accompanying Representation Letter of Exemptions, in which Investment Network, Inc. identified 15c3-3(k)(2)(ii) as the provision under 17 C.F.R. § 15c3-3(k) under which it claims exemption from 17 C.F.R. §240.15c3-3. Investment Network, Inc. stated that it has met the 15c3-3(k)(2)(ii) exemption throughout the most recent fiscal year without exception, or, with exception, as noted in the Representation Letter of Exemption. Investment Network, Inc.'s management is responsible for compliance with the exemption provisions and its statements. Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Investment Network, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion. Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in Rule 15c3-3 under the Securities Exchange Act of 1934.
