INEO CAPITAL LLC
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 1. ORGANIZATION AND OPERATIONS

Ineo Capital LLC (the “Company”), was organized on October 20, 2006. The Company registered with the Securities and Exchange Commission (the “SEC”) as a broker-dealer on July 30, 2007. The Company is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”). The Company does not carry securities accounts for customers or perform custodial functions relating to customer securities.

The Company was formed for the purpose of acting as a broker in connection with introducing institutional and accredited investors to persons or entities seeking to raise capital from such prospective investors.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The books and records of the Company are kept on the accrual basis and follow trade-date accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Revenue From Contracts with Customers

Revenues from contracts with customers are composed of investment banking fees.

The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

Fees are recognized at the point in time when the Company's performance under the terms of the contractual arrangement is completed, which is typically at the closing of the transaction. Reimbursed expenses related to these transactions are recorded as revenue and are included in investment banking fees. In certain instances, for advisory contracts, the Company will receive amounts in advance of the deal's closing. In these instances, revenue is recognized over time in which the performance obligations are simultaneously provided by the Company and consumed by the customer. At December 31, 2021, there were no advances to the Company.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Taxes

As a single member LLC, the Company is not subject to federal and state income taxes. All revenues and expenses retain their character and pass directly to the member's income tax return.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, *Income Taxes*. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. The tax years that remain subject to examination are 2020, 2019, and 2018. The Company believes that it has no uncertain tax positions and accordingly, no liability has been recorded. The Company continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law, and new authoritative rulings.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3. NET CAPITAL REQUIREMENT

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the 'applicable' exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2021, the Company had net capital of \$226,337 which was \$221,337 in excess of its required net capital of \$5,000.

NOTE 4. SIGNIFICANT GROUP CONCENTRATION OF RISK

The Company's policy is to continuously monitor its exposure to the market and counterparty risk through the use of a variety of financial, position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the customers and/or other counterparties with which it conducts business

The Company earned revenue from one major customer that accounted for 75% of the service revenue for the year ended December 31, 2021.

NOTE 5. COMMITMENTS AND CONTINGENT LIABILITIES

The Company had no lease or equipment rental commitments, no underwriting commitments, no contingent liabilities and had not been named as defendant in any lawsuit at December 31, 2021 or during the year then ended.

NOTE 6. GUARANTEES

FASB ASC 460, *Guarantees*, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or non-occurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

The Company has issued no guarantees at December 31, 2021 or during the year then ended.
