## Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholders  
Fund Investors, Inc.  
Ebensburg, Pennsylvania

### Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Fund Investors, Inc. (a Pennsylvania corporation) as of December 31, 2021, the related statements of income, changes in shareholder's equity, and cash flows for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of Fund Investors, Inc. as of December 31, 2021, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

These financial statements are the responsibility of Fund Investors, Inc.'s management. Our responsibility is to express an opinion on Fund Investors, Inc.'s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Fund Investors, Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

### **Auditor's Report on Supplemental Information**

The Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission has been subjected to audit procedures performed in conjunction with the audit of Fund Investors, Inc.'s financial statements. The supplemental information is the responsibility of Fund Investors, Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission is fairly stated, in all material respects, in relation to the financial statements as a whole.

**FUND INVESTORS, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**1. ORGANIZATION AND NATURE OF BUSINESS**

Fund Investors, Inc. (the Company) is a non-clearing broker dealer registered with the Financial Industry Regulatory Authority (FINRA). It is a Pennsylvania corporation engaged in the sale of mutual funds shares. The Company does not hold customer accounts.

**2. SIGNIFICANT ACCOUNTING POLICIES**

This summary of significant accounting policies of the Company is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management who is responsible for their integrity and objectivity.

***Basis of Presentation***

The Company's policy is to prepare its financial statements in accordance with accounting principles generally accepted in the United States of America under the accrual basis of accounting which generally records items under historical costs and sometimes requires the use of estimates and assumptions. The accrual basis of accounting records revenue in the period in which earned rather than when received and records expenses in the period in which incurred rather than when paid.

***Leases***

The Company recognizes and measures its leases in accordance with FASB ASC 842, *Leases*. The Company is a lessee in a noncancellable operating lease for office space. The Company determines if an arrangement is a lease, or contains a lease, at inception of a contract and when the terms of an existing contract are changed. The Company recognizes a lease liability and a right of use (ROU) asset at the commencement date of the lease. The lease liability is initially and subsequently recognized based on the present value of its future lease payments. Variable payments are included in the future lease payments when those variable payments depend on an index or a rate. The discount rate is the implicit rate if it is readily determinable or otherwise the Company uses its incremental borrowing rate. The implicit rates of our leases are not readily determinable and accordingly, we use our incremental borrowing rate based on the information available at the commencement date for all leases. The Company's incremental borrowing rate for a lease is the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a

similar economic environment. The ROU asset is subsequently measured throughout the lease term at the amount of the remeasured lease liability (i.e., present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) and prepaid (accrued) lease payments, less the unamortized balance of lease incentives received, and any impairment recognized. Lease cost for lease payments is recognized on a straight-line basis over the lease term.

The Company has elected, for all underlying classes of assets, to not recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement, and do not include an option to purchase the underlying asset that the Company is reasonably certain to exercise. We recognize lease cost associated with our short-term leases on a straight-line basis over the lease term.

The Company made an accounting policy election by class of underlying asset, for computers and other office equipment, to account for each separate lease component of a contract and its associated non-lease components (lessor-provided maintenance) as a single lease component.

#### *Use of Estimates*

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

#### *Securities Owned*

Securities are recorded at fair value in accordance with FASB ASC 820, *Fair Value Measurement*, based upon quoted market prices. The Company reports in accordance with FASB ASC 820, *Fair Value Measurement*, based upon quoted market prices. Equity securities with no readily available values are carried at cost. The change in unrealized gains and losses are reported in earnings. Realized gains and losses are computed based on specific identification of the securities sold.

### *Accounts Receivable*

Accounts receivable represent commissions earned, maintenance fees accrued and regulatory fees due from registered representatives. No allowance has been provided based on historical collection results and management's judgment of collectability. Receivables from contracts with customers amounted to \$29,783 and \$26,709 for the years ended December 31, 2021 and 2020 respectively.

### *Income Taxes*

Current expense represents the estimated tax obligation per the income tax return, and deferred expense represents the change in the estimated future tax effects of temporary differences and carry forwards. Deferred tax assets and liabilities are computed by applying enacted income tax rates to the expected reversals of temporary differences between financial reporting and income tax reporting, and by considering carry forwards for operating losses and tax credits. The Company provides a valuation allowance for deferred tax assets for which it does not consider realization of such assets to be more likely than not.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, *Income Taxes*. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

### *Depreciation*

Computers and equipment are recorded at cost and depreciated over their estimated useful lives of three to five years on a straight-line basis for financial statement purposes.

### *Statement of Cash Flows*

The Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

## **3. REVENUE FROM CONTRACTS WITH CUSTOMERS**

### *Significant Judgments*

Revenue from contracts with customers includes commission income. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are

satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

### *Commissions*

*Brokerage commissions.* The company buys and sells securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company charges a commission. Commissions and related clearing expenses are recorded on the trade date (the date that the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership of the securities have been transferred to/from the customer.

*Distribution Fees.* The Company enters into arrangements with managed accounts or other pooled investment vehicles (funds) to distribute shares to investors. The Company may receive distribution fees paid by the fund up front, over time, upon investor's exit from the fund (that is, contingent deferred sales charge), or as a combination thereof. The Company believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Distribution fees recognized in the current period are primarily related to the performance obligations that have been satisfied in prior periods.

### *Disaggregated Revenue From Contracts with Customers*

	<u>2021</u>
<b>Revenue from contracts with customers</b>	
Commissions	
Brokerage commissions	\$ 188,217
Distribution fees	<u>333,520</u>
Total commission revenue	<u>521,737</u>
<b>Total revenue from contracts with customers</b>	<u>\$ 521,737</u>

#### 4. MARKETABLE SECURITIES

At December 31, 2021, marketable securities are classified by the company as “available for sale” and consist of:

	<u>2021</u>
Marketable Securities, at cost	\$ 3,300
Unrealized gains – prior year	36,522
Unrealized gains – current year	<u>23,181</u>
Total marketable securities	<u>\$ 63,003</u>

The unrealized gains are reported in earnings. The marketable securities are included in current assets on the statement of financial condition.

#### 5. FAIR VALUE OF FINANCIAL INSTRUMENTS

##### *Fair Value Hierarchy*

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a hierarchy of fair value inputs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value in three broad levels:

- Level 1. Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.
- Level 2. Inputs other than the quoted prices included within level 1 that are observable for the asset or liability either directly or indirectly.
- Level 3. Unobservable inputs for the asset or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the

determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

***Fair Value Measurement***

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Company’s own assumptions are set to reflect those that the Company believes market participants would use in pricing the asset or liability at the measurement date.

A description of the valuation techniques applied to the company’s major categories of assets and liabilities measured at fair value on a recurring basis follow.

***Common Stocks***

The fair values of common stocks are based on the closing price reported in the active market where the individual securities are traded, when available.

The following tables present the Company’s fair value hierarchy for those assets that are measured at fair value on a recurring basis at December 31, 2021:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
<b><u>December 31, 2021</u></b>				
NASDAQ common stock	\$ 63,003	\$ 63,003	\$ -	\$ -
Total	<u>\$ 63,003</u>	<u>\$ 63,003</u>	<u>\$ -</u>	<u>\$ -</u>

**6. CAPITAL STOCK:**

The authorized, issued, and outstanding shares of capital stock at December 31, 2021, were as follows:

<u>Common Stock</u>	<u>Preferred Stock</u>
\$10 par value	\$10 par value
100,000 shares authorized	100,000 shares authorized
600 shares issued and outstanding	No shares issued

**7. SEC RULE 15c3-3 EXEMPTION**

Fund Investors, Inc.'s transactions are limited to the sale and redemption of registered investment company shares. In addition, the Company promptly transmits all funds received in connection with its activities as a broker or dealer, and does not otherwise hold funds or securities for, or owe money or securities to, customers. The Company claims exemption k(1) from rule 15c3-3 of the Securities and Exchange Commission as a limited business, engaged in the sale of mutual funds and variable annuities. The Company does not carry securities for customers or perform custodial functions relating to customer securities, therefore the following schedules required under rule 15c3-3 of the Securities and Exchange Commission have not been included in these financial statements: Schedule II – Computation for the Determination of Reserve Requirements Pursuant to Rule 15c3-3, Schedule III – Information Relation to Possession or Control Requirements Under Rule 15c3-3, and Schedule IV – Schedule of Segregation Requirements and Funds in Segregation for Customers' Regulated Commodities Futures and Options Accounts.

**8. PENSION PLAN**

The Company has a qualified, non-contributory defined contribution profit sharing plan. Contributions to this plan are discretionary and are determined annually by the Board of Directors. Employees are immediately vested in all contributions made on their behalf. The pension expense for the year ended December 31, 2021 is \$49,995.

**9. INCOME TAXES**

The provision for federal and state income taxes for the year ended December 31, 2021 consists of the following:

	<u>2021</u>
Current payable	\$ -
Tax benefit of net operating loss carry forward	-
Deferred Income taxes	<u>6,697</u>
Total Provision (Benefit) for Income Taxes	<u>\$ 6,697</u>

The Company's deferred tax assets and deferred tax liabilities at December 31, 2021 are as follows:

	<u>2021</u>
Total deferred tax (liability)	<u>\$ (17,249)</u>

At December 31, 2021 the Company has a net operating loss carry forward for federal and state income tax purposes of approximately \$906 and \$1,575, respectively, and is readily available to reduce taxable income, if any, in subsequent years. The company estimates that the entire amount of both of these net operating loss carry forwards will be utilized prior to expiration. Deferred taxes are a result of unrealized gain on marketable securities and value of the net operating loss carry forward.

With certain exceptions, the federal and state income tax returns of the Company for 2018, 2019, and 2020 are subject to examination by the IRS, generally for three years after they were filed.

#### **10. LIABILITIES AND SUBORDINATED TO CLAIMS OF GENERAL CREDITORS**

The Company had no subordinated liabilities at December 31, 2021, or any time during the year then ended.

#### **11. FOCUS REPORT**

There are no material differences in net capital as reported on Fund Investors, Inc.'s 2021 Focus Report and the accompanying financial statements.

#### **12. OPERATING LEASE**

The Company has obligations as a lessee for office space with initial noncancellable terms of less than one year. However, the Company is reasonably certain to exercise renewal options in excess of one year. As such, the Company classified this lease as an operating lease. The Company's lease does not include termination options for either party to the lease or restrictive financial or other covenants. Payments due under the lease contract includes fixed payments.

For the year ended December 31, 2021, lease cost is comprised of \$6,000 of operating cost.

Amounts reported in the balance sheet as of December 31, 2021 were as follows:

Operating leases:		
Operating lease ROU asset	\$	35,376
Operating lease liability, short term	\$	4,329
Operating lease liability, long term	\$	31,047

Other information related to the lease as of December 31, 2021 is as follows:

Supplemental cash flow information:

Cash paid for amounts included in the measurement of the lease liability:

Operating cash flow from operating lease     \$   6,000

ROU asset obtained in exchange for the lease obligation:

Operating lease                                     \$  47,141

Reductions to the ROU asset resulting from a reduction to the lease obligation:

Operating lease                                     \$   4,119

Remaining operating lease term:                                     7 years

Operating lease discount rate:                                         5 %

Amounts disclosed for the ROU asset obtained in exchange for a lease obligation and reductions to the ROU asset resulting from a reduction to the lease obligation include amounts added to or reduced from the carrying amount of the ROU asset resulting from new leases, lease modifications or reassessments.

Maturities of the lease liability under noncancellable operating leases as of December 31, 2021 are as follows:

2022	\$	6,000
2023		6,000
2024		6,000
2025		6,000
2026		6,000
Thereafter		<u>12,000</u>
Total undiscounted lease payments		42,000
Less imputed interest		<u>(6,624)</u>
Total lease liabilities	\$	<u>35,376</u>

**13. RELATED PARTY TRANSACTIONS**

Patrick Long, the sole shareholder of Fund Investors, Inc. is also a shareholder of another non-affiliated corporation. While not affiliated, they are operating under the common paymaster rules. As such, employees common to both corporations are subject to one limit for payroll tax liability calculations. Additionally, the Company has adopted the same pension plan as the common paymaster corporation.

All payroll expenses and related costs are paid out of Long, Mulhearn & Criste P.C. Fund Investors, Inc. reimburses the common paymaster corporation for its share of all such costs. Amounts reimbursed totaled \$414,989 for the year ended December 31, 2021.

Patrick Long is also a member of EML, LLC, the lessor of the Company's office space.

**14. NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (SEC Rule 15c3-1). Under this Rule, the Company is required to maintain net capital of not less than \$5,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 for the year ended December 31, 2021. The Company's net capital as defined by SEC Rule 15c3-1 was \$34,610, which is in excess of the minimum net capital required for the year end December 31, 2021. The Company's net capital ratio was .98 to 1 for the year ended December 31, 2021.

**15. CONCENTRATIONS OF CREDIT RISK**

The Company is engaged in the sale of mutual fund shares for which it receives commissions. Future income of the corporation is dependent upon the fee structure as approved by the various fund families with which the Company maintains sales agreements.

**16. SUBSEQUENT EVENTS**

Subsequent events have been evaluated through February 10, 2022, which is the date that financial statements were available to be issued.

There are no material differences in net capital as reported on Fund Investors, Inc's 2021 Focus Report and the accompanying financial statements

**Report of Independent Registered Public Accounting Firm -  
Review of Exemption Report**

Board of Directors and Stockholders  
Fund Investors, Inc.  
Ebensburg, Pennsylvania

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Fund Investors, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Fund Investors, Inc. claimed an exemption from 17 C.F.R § 240.15c3-3:(k)(1) - (exemption provisions) and (2) Fund Investors, Inc. stated that Fund Investors, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Fund Investors, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Fund Investors, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(1) of Rule 15c3-3 under the Securities Exchange Act of 1934.

## Exemption Report

According to *SEA Rule 17a-5(d)(4)*, this Exemption Report for Fund Investors, Inc. for the entire year ended December 31, 2021 identifies the provisions in §240.15c3-3(k) under which the broker or dealer claimed an exemption as stated in *SEA Rule 17a-5(d)(4)*, §240.15c3-3.

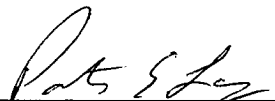

The requirement for firms that claim a (k)(1) exemption are:

1. The firm's transactions as broker (agent) are limited to:
  - (a) The sale and redemption of redeemable securities of registered investment companies or of interests or participations in an insurance company separate account, whether or not registered as an investment company;
  - (b) The solicitation of share accounts for savings and loan associations insured by an instrumentality of the United States; and
  - (c) The sale of securities for the account of a customer to obtain funds for immediate reinvestment in redeemable securities of registered investment companies.

NOTE: The broker-dealer may also engage in limited proprietary trading as noted in the rule.
2. The firm must promptly transmit all funds and deliver all securities received in connection with its activities, and the firm may not otherwise hold funds or securities for, or owe money or securities to, customers.

While engaged in the sale of mutual fund shares for the entire year ended December 31, 2021, Fund Investors, Inc. did not, at any time hold funds or securities for, or owe money or securities to, any customers and thus Fund Investors, Inc. meets the exemption provisions stated in §240.15c3-3(k) of *SEA Rule 17a-5(d)(4) - Exemptions to the Customer Protection Rule*.

Furthermore, Fund Investors, Inc. maintains blotters to evidence prompt transmission and these blotters accurately reflect information with respect to receipt and forwarding. There is a supervisory system in place that monitors the firm's operations as well as the firm's potential risk exposure.
