Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Capital Portfolio Management, Inc. as of March 31, 2022, and related statements of operations, changes in stockholders' equity, and cash flows for the year then ended, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934 and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Capital Portfolio Management, Inc. as of March 31, 2022 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis of Opinion

These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board ("PCAOB") (United States) and are required to be independent with respect to the Company in accordance with the United States federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission ("SEC") and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures include examining, on a test basis, appropriate evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit to provides a reasonable basis for our opinion.

We have served as the Company's auditor consecutively since 2016.

The supplemental information has been subjected to audit procedures performed in conjunction with the audit of Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the standards of the PCAOB. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

CAPITAL PORTFOLIO MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS
March 31, 2022

1. Nature of Business and Summary of Significant Accounting Policies

Significant accounting policies followed by Capital Portfolio Management, Inc. (the Company) as summarized below conform to accounting principles generally accepted in the United States of America. The significant accounting policies are summarized as follows:

A. Nature of Operations

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA).

The Company was incorporated in Maryland on August 14, 1991.

The Company is a securities broker-dealer, which comprises several classes of services including principal transactions and agency transactions. The Company is also licensed to sell life insurance and annuity policies.

The Company forwards all security transactions to their clearing firm, which carries and clears such transactions for the Company on a fully disclosed basis. The Company utilizes Hilltop Securities, a Hilltop Holdings Company, as their clearing firm.

B. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. Revenue Recognition

Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis at fair value and are reflected in principal transactions in revenues in the statement of income. Trading gains and losses are recorded using the average cost method.

Commission revenue and related clearing expenses are recorded on a trade date basis.

D. Office Equipment

Cost of office equipment is \$28,159 as of March 31, 2022 and the assets are fully depreciated as of March 31, 2022. Depreciation of office equipment is determined by use of the straight line method over five to seven years.

The Company's policy is to capitalize property and equipment expenditures of \$5,000 or more. Maintenance and repairs that do not significantly improve or extend the lives of the respective assets are charged to operations when incurred. When items of property are sold or retired, the related costs and accumulated depreciation are removed from the accounts and any gain or loss is included in operations.

E. Allowance for Bad Debts

The Company uses the direct write-off method for bad debts. Receivables are charged against income when management determines them to be uncollectable. Potential uncollectable receivables at year end are considered immaterial and therefore, no allowance for doubtful accounts has been established.

F. Income Taxes

The Company files its tax return using the cash basis of accounting. Provisions for income taxes are based on taxes payable or refundable for the current year and deferred taxes on temporary differences between the amount of taxable income and pretax income and between the tax bases of assets and liabilities and the corresponding reported amounts in the financial statements. Deferred tax assets and liabilities included in the financial statements are calculated utilizing currently enacted tax laws and rates applicable to the period in which the deferred tax assets and liabilities included in the financial statements are expected to be realized as prescribed in accordance with Financial Accounting Standards Board (FASB) guidance.

The Company accounts for uncertainty in income taxes in accordance with FASB guidance. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-than-likely-then-not the positions will be sustained upon examination by the tax authorities.

As of March 31, 2022, the Company had no uncertain tax positions, or interest and penalties that qualify for either recognition or disclosure in the financial statements. With limited exceptions, the Company is no longer subject to income tax examination for any years prior to March 31, 2017 for federal and state purposes.

G. Statement of Cash Flows

For purposes of the statement of cash flows, the Company has defined cash equivalents as cash in checking accounts and held in cash accounts at the clearing firm. It does not include security deposits held as cash.

H. Employee Benefits

Compensated absences are generally taken as earned and do not represent a material amount. Accordingly, the Company has not accrued compensated absences.

I. Retirement Plan

The Company offers a Simple IRA retirement plan for its employees. Each participating employee is permitted to contribute a portion of his compensation to the plan. Within plan limits, the Company is required to contribute on behalf of each eligible participant a matching percentage of the participant's salary. The Company funded \$5,087 to the plan for the year ended March 31, 2022.

J. Advertising

Advertising costs for the fiscal year were \$1,025. These costs are expensed as incurred.

2. Fair Value Measurements

The FASB accounting topic on fair value measurements and disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy with FASB guidance are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market. This level includes common stocks, corporate bonds, mutual funds, or money market funds based on the closing price reported in the active market where the securities are traded.

CAPITAL PORTFOLIO MANAGEMENT, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED
March 31, 2022

3. Fair Value Measurements – Continued

- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation, or other means.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Company’s assets recorded at fair value include certain investments segregated and on deposit with a clearing organization and securities owned. The Company uses prices obtained from an independent clearing firm to measure the fair value of certain investment securities. The Company validates prices received from the clearing firm using various methods including comparison to quoted market prices, where available, and review of other relevant market data including implied yields of major categories of securities. The Company does not adjust the prices received from the independent clearing firm unless such prices are inconsistent with FASB guidance and result in a material difference in the recorded amounts. At March 31, 2022 the Company did not adjust prices received from the independent clearing firm.

The following table presents the Company’s fair value hierarchy as of March 31, 2022:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at Fair Value
Assets				
Deposits with clearing organization -				
Dreyfus money market Class B shares	\$ 50,535	\$ ----	\$ ----	\$ 50,535
Securities owned:				
Publicly traded securities	88,262			88,262
Total assets at fair value	\$138,797	\$ ----	\$ ----	\$138,797

There were no transfers between Level 1 and Level 2 during the year.

4. Accounts Receivable

Accounts receivable represents any commissions and fees due from the clearing organization, mutual fund companies, and insurance companies.

CAPITAL PORTFOLIO MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS – CONTINUED
March 31, 2022

5. PPP Loan

On May 1, 2020, the Company secured \$60,800 with M&T Bank under the Small Business Administration’s Paycheck Protection Program (“PPP”) that authorized forgivable loans to small businesses. This loan was used to cover certain expenses during the COVID-19 crisis. During the current year the entire loan was forgiven by the Small Business Administration.

6. Preferred Stock

The Company has authorized 100,000 shares of preferred stock at a par value of \$1 per share and has issued 98,600 shares. The Company paid \$34,470 in dividends during the year.

7. Income Taxes

The provision for income taxes consists of the following:

	Current	Federal	\$ 49,000
		State	21,027
	Deferred	Federal	3,000
		State	<u>1,300</u>
	Total provision		<u>\$ 74,327</u>

The following represents the approximate tax effect of each significant type of temporary difference giving rise to the deferred tax liability.

	<u>Federal</u>	<u>State</u>	<u>Total</u>
Deferred tax liability:			
Net commissions not received	\$ 24,000	\$ 10,500	\$ 34,000
Unrealized loss on securities owned	<u>1,000</u>	<u>300</u>	<u>1,300</u>
	<u>\$ 25,000</u>	<u>\$ 10,800</u>	<u>\$ 35,300</u>

CAPITAL PORTFOLIO MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS – CONTINUED

8. Lease Commitments

The Company leases its office space under a non-cancelable operating lease expiring April 30, 2025.

As of March 31, 2022, the aggregate future minimum rental payments under the lease are as follows:

2023	\$ 89,932
2024	91,810
2025	<u>94,564</u>
Total	<u>\$ 276,306</u>

9. Credit Risk

In the normal course of business, the Company's securities activities through its clearing firm involve execution, settlement and financing of various securities transactions for customers. These activities may expose the Company to risk in the event customers, other brokers and dealers, bank depositories or clearing organizations are unable to fulfill contractual obligations.

The Company does not have any significant concentration in the value of business with a particular customer, group of customer or product.

The Company has concentrated its credit risk by maintaining deposits in a financial institution of its clearing broker. The deposits at the financial institution may at times exceed amounts covered by the insurance provided by the U.S. Federal Deposit Insurance Company (FDIC). The deposits at the clearing broker may at times exceed amounts covered by insurance provided by the Securities Investment Protection Corporation (SIPC).

10. Related Party Transactions

During the year the Company made advances to one of its common stockholders. These advances are payable on demand and bear no interest. As of March 31, 2022 the Company owed \$2,225 to the stockholder.

CAPITAL PORTFOLIO MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS – CONTINUED
March 31, 2022

11. Guarantees and Indemnifications

FASB guidance requires the Company to disclose information about its obligations under certain guarantee arrangements. The guidance defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying obligation that is related to an asset, liability or equity security of a guaranteed party. The FASB guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

The Company guarantees all of the customer margin account balances held by its clearing broker. The Company is responsible for payment to its clearing broker for any loss, liability, damage, cost or expense incurred as a result of customers failing to comply with margin or margin maintenance calls on all margin accounts. The margin account balance held by the clearing broker as of March 31, 2022 was \$464,000. In the event of any customer default, the Company has rights to the underlying collateral provided. Given the existence of underlying collateral provided as well as the negligible historical credit losses, the Company does not maintain any loss reserve.

12. Regulatory Requirements

The Company is subject to the Securities and Exchange Commission's uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of "aggregate indebtedness" to net capital shall not exceed 15 to 1.

As of March 31, 2022, the Company's net capital was \$206,434 which exceeded the capital requirements of \$50,000 by \$156,434 and its net capital ratio was .738 to 1.

13. Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through May 18, 2022, the date the financial statements were available to be issued. During the period April 1, 2022 through May 18, 2022, the Company did not have any subsequent events requiring recognitions or disclosure.

Report of Independent Registered Public Accounting Firm

We have reviewed management's statements, included in the accompanying Report, in which (1) Capital Portfolio Management, Inc. identified the following provisions of 17 C.F.R. § 15c3-3(k) under which Capital Portfolio Management, Inc. claimed an exemption from 17 C.F.R. § 240.15c3-3: (k)(2)(ii) (the "exemption provisions") and (2) Capital Portfolio Management, Inc. stated that Capital Portfolio Management, Inc. met the identified exemption provisions throughout the most recent fiscal year ended March 31, 2022 without exception. Capital Portfolio Management, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Capital Portfolio Management, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
