Eagles Coast Capital, LLC
Notes to Financial Statements
Year Ended December 31, 2021

1 Organization and Nature of Business

Eagles Coast Capital, LLC (“ECC or “The Company”) is a South Carolina limited liability company conducting business as securities broker dealer. The Company holds no customer funds or securities and does not participate in the underwriting of securities. The Company is registered with the Financial Industry Regulatory Authority - (“FINRA”) and the Securities Exchange Commission (“SEC”) pursuant to the Securities Exchange Act of 1934 and as an investment advisor registered with the SEC pursuant to the Investment Advisor Act of 1940.

The Company is owned by two entities, one of which is a related party, and the other of which consists of third party investors.

2 Significant Accounting Policies

(a) Basis of Presentation

The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) unless otherwise disclosed.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Statement of Cash Flows

For purposes of the statement of cash flows the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business. The company has adopted the indirect method of presenting the statement of cash flows in accordance with current authoritative pronouncements.

(d) Accounts Receivable

The Company establishes an allowance for uncollectible trade accounts receivable based on managements evaluation of the collectibility of outstanding accounts receivable. Management has evaluated accounts receivable at December 31, 2021 and believes they are all collectible. Accounts receivable are not collateralized.

Eagles Coast Capital, LLC
Notes to Financial Statements
Year Ended December 31, 2021

(e) Revenue Recognition

The Company recognizes revenue from commissions on trades executed through certain platforms and other sources in the period they are received. In addition the company recognizes revenue from finder fees when it is fully earned in accordance with the terms of the agreement. Revenue is recognized in accordance with ASC Topic 606 as services are rendered and the contracts identified performance obligations have been satisfied. There were no unsatisfied performance obligations at December 31, 2021.

(f) Income Taxes

The partners are to include their share of the Partnership profits and losses in their respective income tax returns. Accordingly, no federal or state income taxes are payable by the Partnership. The Partnership's tax returns and the amount of income or loss allocable to each partner are subject to examination by federal and state taxing authorities. In the event of an examination of the Partnership's tax return, the tax liability of the partners could be changed if an adjustment in the Partnership's income or loss is ultimately determined by the taxing authorities.

Certain transactions of the Company may be subject to accounting methods for federal and state income tax purposes which differ significantly from the accounting methods used in preparing the financial statements. Accordingly, the net income or loss of the Company and the resulting balances in the partner's capital account reported for federal and state income tax purposes may differ from the balances reported for those same items in these financial statements.

The Company recognizes and measures its unrecognized tax benefits in accordance with ASC Topic 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of the financial reporting period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Management has determined that there are no uncertain tax positions which require adjustment or disclosure on the financial statements at December 31, 2021 and there are no open tax years prior to 2017. In addition, no income related penalties have been recorded for the year ended December 31, 2021.

(g) Advertising and Marketing

Advertising and marketing costs (if any) are expensed as incurred.

(h) General and Administrative Expenses

General and administrative costs are expensed as incurred.

Eagles Coast Capital, LLC
Notes to Financial Statements
Year Ended December 31, 2021

(i) Subsequent Events

The Company has evaluated subsequent events occurring after the statement of financial condition date through the date of February 22, 2022 which is the date the financial statements were available to be issued. Based on this evaluation, the Company has determined that no subsequent events have occurred which require disclosure in or adjustment to the financial statements.

(j) Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1. Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2. Inputs other than quoted prices included in level 1 that are observable for the assets or liability either directly or indirectly.

Level 3. Inputs are unobservable for the assets or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining the fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

For further discussion of fair value, see “Note 6 Fair Value”

3 Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform New Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the “applicable” exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2021, the Company had net capital of \$58,082, which was \$46,498 in excess of its required minimum net capital of \$11,584. The Company’s net capital ratio was 2.9915 to 1.

Advances to affiliates, contributions, distributions and other withdrawals are subject to certain notification and other requirements of Rule 15c3-1 and other regulatory rules.

The Company is exempt from Rule 15c3-3 under the Securities and Exchange Act of 1934. The Company relies on its SEC Rule 15c3-3(k)(2)(ii) exemption with respect to its activities in US securities which are cleared on a fully disclosed basis through its clearing broker, National Financial Services.

4 Concentrations

The Company maintains its operating cash in a bank deposit account with one major financial institution in amounts which, at times, may exceed federally insured limits. The Federal Deposit insurance Corporation insures the Company’s bank account up to \$250,000. The Company has not experienced any losses on these accounts and believes it is not subject to any significant credit risk.

A significant amount of the Company’s revenues were earned through a commission sharing agreement whereby the Company was paid a portion of the commissions earned on certain fixed income transactions. This arrangement amounted to more than ten percent of total commissions and represented one hundred percent of accounts receivable at December 31, 2021.

This agreement can be terminated by either party for any reason and at any time upon thirty days written notice.

5 Related Party Transactions

Effective January 1, 2019, the Company entered into an Expense Sharing Agreement with one of the Company's members. The agreement calls for a monthly accrual of compensation, occupancy, professional fees and technology and communication costs. Expenses under this arrangement amounted to \$38,730.

During the year the Company advanced the affiliate \$ 166,657 in part to cover expenses on behalf of the Company. This amount is unsecured and has no scheduled repayment terms. Pursuant to Rule 15d3-1 this amount will be considered an allowable asset of the Company for computation of net capital purposes.

6 Fair Value

Cash and cash equivalents, receivables, accounts payable and other current liabilities are reflected in the financial statements at carrying value which approximates fair value because of the short-term maturity of these instruments.

7 Note Payable

On February 4, 2021 the Company executed a promissory note with the U.S. Small Business Administration in the amount of \$47,800 which was modified on July 20, 2021 and increased to \$170,200 pursuant to Section 7(b) of the Small Business Act. The note bears interest at the rate of 3.75% per year and is payable in monthly installments including principal and interest of \$848 beginning August 2022. The Note will mature in February 2051 at which time the remaining unpaid principal and interest shall be due in full. This note is secured by the assets of the Company pursuant to the terms of the note.

Estimated principal maturities of long-term debt during the next five years: 2022 - \$0 ; 2023 - \$0; 2024 - \$1,626; 2025 - \$3,867; 2026 - \$4,015.

8 Commitments and Contingencies

Pursuant to Securities and Exchange Commission Rule 15c3-1(e)(2) the Company may not authorize distributions to its shareholders if such distributions cause the Company's net capital to fall below 120% of the Company's minimum net capital requirement. As of December 31, 2021 the Company was not in violation of this requirement.

The Company had no lease or equipment rental commitments, no underwriting commitments, no contingent liabilities, and had not been named as a defendant in any lawsuit at December 31, 2021 or during the year then ended.

9 Anti-Money Laundering Policies and Procedures

The Company is required to implement policies and procedures relating to anti-money laundering, compliance, suspicious activities, and currency transaction reporting and due diligence on customers who open accounts with the Company. At December 31, 2021 the Company had implemented such policies and procedures.

10 Exemption from Rule 15c3-3

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers".

11 Regulation

The Company is registered as a broker-dealer with the SEC. The securities industry in the United States is subject to extensive regulation under both federal and state laws. The SEC is the federal agency responsible for the administration of the federal securities laws. Much of the regulation of broker-dealers has been delegated to self-regulatory organizations, such as the Financial Industry Regulatory Authority, which has been designated by the SEC as the Company's primary regulator. These self-regulatory organizations adopt rules, subject to approval by the SEC, that govern the industry and conduct periodic examinations of the Company's operations. The primary purpose of these requirements is to enhance the protection of customer assets. These laws and regulatory requirements subject the Company to standards of solvency with respect to capital and financial reporting requirements

This pandemic event has resulted in significant business disruption and uncertainty in both global and U.S. markets. REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To: The Members

Eagles Coast Capital, LLC

I have reviewed management's statements, included in the accompanying Rule 15c3-3 Exemption Report, in which (1) Eagles Coast Capital, LLC (the "Company") stated that the Company does not hold customers' cash or securities on behalf of customers and limits its business to private placements and selling group/revenue share participation and, therefore has no obligations under Rule 15c3-3 under the Securities Exchange Act of 1934. In addition, as a result of the Company's having no obligations under SEC Rule 15c3-3, it may file an Exemption Report and (2) the Company stated that it had no exceptions under SEC Rule 15c3-3 throughout the year ended December 31, 2021. The Company did not directly or indirectly receive, hold or otherwise owe funds or securities for or to customers, did not carry accounts of or for customers, and did not carry PAB accounts as defined in Rule 15c3-3. Management is responsible for compliance with 17 C.F.R. § 240.15c3-3 and its statements. My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with 17 C.F.R. § 240.15c3-3. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion. Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on Rule 15c3-3 under the Securities Exchange Act of 1934.
