The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

The Company shares its office space with a Vest Studio, Inc. (the "Affiliate"), under the terms of an expense sharing agreement, which is cancelable with reasonable notice. Such matters that are reported to regulators such as the SEC or FINRA and investigated by such regulators, may, if pursued, result in formal arbitration claims being filed against the Company and/or disciplinary action being taken against the Company by regulators. Any such claims or disciplinary actions that are decided against the Company could harm the Company's

business. The Company is also subject to periodic regulatory audits and inspections which could result in fines or other disciplinary actions. Unfavorable outcomes, in such matters, may result in a material impact to the Company's financial position, statement of operations or cash flows. As of December 31, 2022, management is not aware of any commitments or contingencies that could have a material impact on the financial statements.

The Company has had operating losses and negative cash flows from operations over the past year, which may give rise to uncertainties about the Company's ability to continue to operate. The Company assessed these negative financial trends based on the relevant conditions that are known and reasonably knowable. This assessment included the most current information available, including (1) there is no significant debt coming due and (2) there are substantial liquid resources (cash balances) to support continued operating losses, and (3) there is no working capital deficiency.

Note 5: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 15 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2022, the Company had net capital of \$318,606 which was \$313,606 in excess of its required net capital of \$5,000; and the Company's ratio of aggregate indebtedness (\$34,876) to net capital was 0.11 to 1.

Note 6: SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the statement of financial condition date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

Note 7: DUE FROM CLEARING BROKER

Pursuant to the clearing agreement with Apex Clearing Corporation ("Clearing Broker"), the Company introduces all of its securities transactions to the clearing broker on a fully disclosed basis. The Clearing Broker has custody of the Company's cash balances which serve as collateral for any amount due to the Clearing Broker as well as collateral for securities sold short or securities purchased on margin. Interest is paid monthly on these cash deposits at the average overnight repurchase rate. The balance at December 31, 2022 was \$125,101 for the deposit account and \$11 for other receivable accounts.

Vestfi Inc.
Notes to Financial Statements

Note 8: PAYABLE TO CLEARING BROKER

The Company has a brokerage agreement with Apex Clearing Corporation (“Clearing Broker”) to carry its account and the accounts of its clients as customers of the Clearing Broker. Pursuant to the clearing agreement, the Company introduces all of its customers’ securities transactions to its Clearing Broker on a fully disclosed basis. Customers’ money balances and security positions are carried on the books of the Clearing Broker. In accordance with the clearing agreement, the Company has agreed to indemnify the Clearing Broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirement, the Company, and the Clearing Broker monitor collateral on the customers accounts. Payable to the Clearing Broker at December 31, 2022 was \$10,641.

Note 9: RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (“the FASB”) has established the Accounting Standards Codification (“Codification” or “ASC”) as the authoritative source of generally accepting account principles (“GAAP”) recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates (“ASU’s”).

For the period ending December 31, 2022, various ASU’s issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statement for the year then ended.

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company’s financial statements. In most cases, management has determined that the pronouncements have either limited or no application to the Company and in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Note 10: CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash. The balances are fully insured by the Federal Deposit Insurance Corporation (“FDIC”) up to \$250,000. At times, cash balances may exceed federally insured limits. The Company has not experienced any losses in such accounts and management believes that it has placed its cash on deposit in financial institutions which are financially stable.

Note 11: MANAGEMENT’S PLAN FOR CONTINUING OPERATIONS

The Company has operated with recurring losses and related negative operating cash flows. The Parent is committed to providing adequate capitalization and liquidity for the Company’s business operations until this initial development stage concludes and the Company starts earning enough revenue to support itself.
