## Report of Independent Registered Public Accounting Firm

To the Member of Alvarez & Marsal Securities, LLC and  
To the Board of Directors of Alvarez & Marsal Holdings, LLC

### Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Alvarez & Marsal Securities, LLC, (the "Company"), as of December 31, 2022, and the related notes (collectively referred to as the "financial statement"). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company, as of December 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2017.

ALVAREZ & MARSAL SECURITIES, LLC  
(A WHOLLY OWNED SUBSIDIARY OF ALVAREZ & MARSAL NORTH AMERICA, LLC)  
NOTES TO FINANCIAL STATEMENT  
DECEMBER 31, 2022

Note 1 - Organization and Nature of Operations

Alvarez & Marsal Securities, LLC (the "Company") is a Delaware limited liability company, formed on September 24, 2002. The Company's sole member is Alvarez & Marsal North America, LLC (the "Parent"). The liability of the member for the losses, debts and obligations of the Company is generally limited to its capital contributions. On January 7, 2004, the Company registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and commenced operations. The Company provides investment-banking services to its customers throughout the United States of America from an office in New York City, NY.

The Company is registered as a broker-dealer under the provisions of the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority ("FINRA").

Note 2 - Summary of Significant Accounting Policies  
Basis of Presentation

The accompanying financial statement is presented in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Revenue Recognition

The Company provides advisory services on mergers and acquisitions (M&A), private financings and capital raising activities. Revenue for advisory arrangements is generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is cancelled. However, for certain contracts, revenue is recognized over the term of the contract for advisory arrangements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. In some circumstances, significant judgment is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract. Retainers and other fees received from customers prior to recognizing revenue are reflected as contract liabilities. At December 31, 2022 and December 31, 2021, such contract liabilities amounted to \$0 and \$0 respectively. Contract liabilities are included in accounts payable and accrued expenses in the statement of financial condition.

The Company incurs costs time to time which, per the terms of the engagement letter, are reimbursable. These out-of-pocket costs include expenses such as travel and lodging. The Company considers customer reimbursements of company costs as part of the overall contract price, and subject to the same accounting guidance as any other variable consideration. The cost the Company incurs are fulfillment costs. Therefore, typical out of pocket expenses and the reimbursement of such costs from clients are presented on a gross basis.

NOTES TO FINANCIAL STATEMENT

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Accounts Receivable

Payments are due upon presentation or as otherwise stated in the engagement letter. The Company estimates an allowance for doubtful accounts under the current expected credit loss model based on historical experience with clients, credit quality, age of balances and current and future economic conditions that may affect the Company's expectation of the collectability. Allowances are applied to accounts receivable where events or changes in circumstances indicate that the carrying amounts may not be recoverable. Where the expectation is different from the original estimate, such difference will impact the carrying value of accounts receivable. An allowance of \$625,000 was considered necessary at December 31, 2022. As of December 31, 2022, and December 31, 2021, accounts receivable net balances were \$450,418 and \$689,901 respectively.

Cash and Cash Equivalents

Cash and Cash Equivalents consist of deposits with banks, highly liquid money market funds, and all highly liquid debt instruments purchased with an original maturity of three months or less.

Income Taxes

The Company is organized as a limited liability company, has elected to be disregarded as a separate entity for income tax purposes and has adopted the guidance in the Financial Accounting Standards Board's ASU 2019-12, which became effective for the Company on January 1, 2021, and which simplifies and improves consistent application of the accounting for income taxes by removing certain exceptions to the general principles in Topic 740, as well as by clarifying and amending existing guidance. As a result, no federal or state income taxes are provided as they are the responsibility of the Parent's members. The Company records its allocable share of New York City Unincorporated Business Tax, which is included in occupancy, office and other expenses as part of the corporate allocation.

The Company's Parent files income tax returns in the U.S. federal, state and local jurisdictions. In general, the Company and its parent are no longer subject to U.S. federal, state or local tax examinations by taxing authorities for years before 2019.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

ALVAREZ & MARSAL SECURITIES, LLC  
(A WHOLLY OWNED SUBSIDIARY OF ALVAREZ & MARSAL NORTH AMERICA, LLC)  
NOTES TO FINANCIAL STATEMENT  
DECEMBER 31, 2022

Note 3 - Related Party Transactions

The Company shares office space, equipment and administrative expenses with its Parent pursuant to a service agreement.

The Company is charged and receives allocations or reimbursements of expenses from its Parent and affiliates under common ownership based on introductions of fee revenues between the Parent and its affiliates.

Included in due from member, net are receivables for certain fee revenues collected by the Parent on behalf of the Company. Also included are advances to and from the Parent that are non-interest-baring and unsecured. Additionally, the Parent pays for certain direct expenses throughout the year which are included in due to member on the statement of financial condition. At December 31, 2022 the net balance due to member is \$4,576,305

Note 4 - Concentrations

The Company maintains cash balances in one financial institution which is insured by the Federal Deposit Insurance Corporation ("FDIC") for up to \$250,000 per institution. From time to time, the Company's balances may exceed these limits. At December 31, 2022, the credit risk related to cash in excess of insured limits and investments in money market funds amounted to \$6,039,060.

At December 31, 2022, three customer accounts for 100% of accounts receivable.

Note 5 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of a minimum net capital, as defined, of the greater of \$5,000 or one-fifteenth of aggregate indebtedness. At December 31, 2022, the Company had net capital of \$1,273,608 which exceeded its requirements by \$955,424. Aggregate indebtedness is \$4,772,759. Additionally, the Company must maintain a ratio of aggregate indebtedness to net capital of 15:1 or less. At December 31, 2022, this ratio was 3.7474:1.

The Company claims exemption from SEC Rule 15c3-3 relying on Footnote 74 of the SEC Release No. 34-70073 because the Company limits its business activities exclusively to receiving transaction-based compensation for investment banking services, identifying potential merger and acquisition opportunities for clients and since it does not intend to hold any customer cash or securities.

NOTES TO FINANCIAL STATEMENT  
DECEMBER 31, 2022

Note 6 - 401(k) and Retirement Plan

The Company maintains a retirement plan for all eligible employees with a minimum of one year of service. Employer contributions are determined by an annual resolution of the Board of Directors of the Parent, and the Company reserves the right to change or eliminate retirement contributions at any time. The Company also has a qualified 401(k) deferred compensation plan, which provides that eligible employees may defer payment of taxes on a portion of their salary by making contributions to the plan through payroll deductions.

Note 7 - Fair Value of Financial Instruments

The Company accounts for its financial instruments at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels is explained below:

Level 1: Valuations based on unadjusted quoted prices in active markets for identical Assets or liabilities that the Company has the ability to access. Valuation adjustments are not applied to level 1 securities. Because valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2: Pricing inputs are other than used in level 1 which include the closing bid price for unlisted marketable securities, which are available in active or inactive markets for identical investments or liabilities, other direct or indirect observable inputs that can be corroborated by market data or the use of models or other valuation methodologies as of the reporting date. Investments which are generally included in this category include state and municipal obligations in an active or inactive market that are valued using observable inputs other than quoted prices.

Level 3: Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value requires significant management judgment or estimation. Investments that are included in this category generally include state and municipal obligations which are in an inactive market and valued utilizing risk assumptions based on unobservable inputs.

Note 7 - Fair Value of Financial Instruments (cont'd.)

Investment in Money Market funds are held at cost which approximates fair value and is characterized as Level I in the fair value hierarchy.

Note 8 - Subsequent Events

The Company has evaluated all events or transactions that occurred after December 31, 2022 through the date of this financial statement, which is the date that the financial statement was issued. During this period, there were no material subsequent events requiring disclosure.
