POTOMAC INVESTMENT COMPANY
NOTES TO FINANCIAL
STATEMENTS DECEMBER 31, 2022

NOTE 1 - ORGANIZATION

Potomac Investment Company (the Company), was incorporated under the laws of the District of Columbia on October 19, 1983, to provide securities brokerage and investment advisory services in the Washington metropolitan area. The Company, which is regulated by the Securities and Exchange Commission (SEC) under the Securities and Exchange Act of 1934, is an "introducing" broker-dealer as defined in Rule 15c3-1(a)(2).

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition – The adoption of Accounting Standard ASC 606 did not have a material effect on the company. Advisory fees are recognized as the services are performed. Security transactions and related commissions are recognized on a trade date basis.

Securities Transactions and Related Commissions – Securities transactions and related commissions are being recognized on a trade date basis.

Investment Advisory Fees – Investment advisory fees are received at the beginning of the quarter and recognized over the quarter.

Securities Owned - Securities owned by the Corporation are valued at market with the resultant unrealized gain or loss reflected in the statement of income. Dividends are recognized and recorded as income when declared. There were no dividends declared at year end.

The Company holds equity securities with a total cost basis of \$111,381 and a total fair market value of \$530,435 at December 31, 2022.

Depreciation - The Company's equipment is depreciated using the straight line method over three to ten years.

Use of Estimates - The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

Income Taxes - Beginning with the taxable year ending December 31, 1983, the Company's S shareholders elected to be treated as an S Corporation for Federal income tax purposes. Under this election, income, losses and credits are included in the individual tax returns of the shareholder. Therefore, no provision has been made for income taxes in the accompanying financial statements. In general, the prior three years tax returns filed with various taxing agencies are open to examination.

Accounts Receivable - Accounts receivable are recorded net of allowance for expected losses. The allowance, estimated at zero for 2022, is estimated based on historical performances.

Cash and Cash Equivalents - Cash and cash equivalents consisted of cash on deposit with established federally insured financial institutions. For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

**POTOMAC INVESTMENT COMPANY
NOTES TO FINANCIAL
STATEMENTS DECEMBER 31, 2022**

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES – Continued

Statement of Cash Flows - For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchases with a maturity of three months or less to be cash equivalents.

Retirement Plan - The Company maintains a Simplified Employer Plan (SEP) for employees. The Company provides a discretionary contribution to the SEP on an annual basis. For 2022, the Company elected to make a contribution of \$36,500.

NOTE 3 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels Level 1, Level 2 and Level 3.

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2022.

	<u>\$</u>	<u>Level 1</u>	<u>\$</u>	<u>Level 2</u>	<u>\$</u>	<u>Level 3</u>	<u>\$</u>	<u>Total</u>

NOTE 5 - NET CAPITAL REQUIREMENTS

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
of Potomac Investment Company

We have reviewed management's statements, included in the accompanying Exemption Report Rule 17a-5(d)(4), in which (1) Potomac Investment Company identified the following provisions of 17 C.F.R. §15c3-3(k) under which Potomac Investment Company claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(ii) (the "exemption provisions") and (2) Potomac Investment Company stated that Potomac Investment Company met the identified exemption provisions throughout the most recent fiscal year without exception. Potomac Investment Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Potomac Investment Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
