Menalto Advisors, LLC
NOTES TO FINANCIAL STATEMENT
December 31, 2022

Note 1 - Organization

Menalto Advisors, LLC (the “Company”) is a broker-dealer registered with the United States Securities and Exchange Commission (“SEC”) and is a member of the Financial Industry Regulatory Authority (“FINRA”). The Company was founded in May 2016 under the laws of the State of Delaware and received its FINRA license on October 17, 2016. The Company provides investment banking and related financial advisory services to institutional clients. It operates out of one office in Menlo Park, California.

The Company is wholly owned by Menalto Group, LLC (the “Parent”), a holding company located in Menlo Park, CA.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statement is presented in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Contract Balances

The Company’s timing of revenue recognition may differ from the timing of customer payments. When there is an unconditional right to payment, according to the terms of the contract, the Company records a receivable. For receivables with unsatisfied performance obligations, the Company records deferred revenue until the performance obligations are satisfied. Receivables with no outstanding performance obligations, are recognized as revenue upon issuance of the related invoice.

The Company takes into consideration the composition its receivables, current economic conditions, the estimated net realizable value of the underlying collateral, historical loss experience, delinquency, and bankrupt accounts when determining management’s estimate of probable credit losses and the adequacy of the allowance for credit losses. Any receivable deemed uncollectible are written off against the allowance.

The Company had no receivables related to contracts from customers or financial assets at December 31, 2021 and December 31, 2022, respectively, and therefore no allowance for credit losses was necessary.

The Company had no deferred revenue related to unrecognized engagement fees where the performance obligations have not yet been satisfied at December 31, 2021, and \$44,750 at December 31, 2022, respectively.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation and amortization. Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets.

Leasehold improvements are amortized over the initial twenty-four (24) months of the lease term.

Computer Equipment	3 years
Leasehold improvements	2 years

Leases

On November 1, 2022, the Company entered a one-year operating lease relating to our main office which is scheduled to conclude on October 31, 2023. According to the terms of the lease agreement, space was offered on an “as-is” basis with an option to renew or extend beyond the end of the lease term.

We determine if an arrangement is a lease at inception and whether it is appropriate to establish a right-of-use asset and corresponding lease liability under the guidance. Lessees have the option not to recognize short term leases on their balance sheets provided there is no underlying purchase option or a reason to economically compel the lessee to renew the lease. The Company has determined that due to the short-term nature and the generic attributes of the office space, it has opted to exclude the short-term lease from the balance sheet.

Income Taxes

The Company consolidates its taxable income with its Parent, which files a partnership return for federal, state, and city purposes. As a result, no federal or state income taxes are provided as they are the responsibility of the individual members.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements during the reporting period. Actual results could differ from those estimates.

Note 3 - Concentrations

The Company maintains cash balances in one financial institution, which are insured by the Federal Deposit Insurance Corporation (“FDIC”) for up to \$250,000 per institution. From time to time, the Company’s balances may exceed these limits.

As of December 31, 2022, the Company has accrued payroll taxes of \$371,441 relating to one (1) employee on assignment located in Switzerland.

Note 4 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of a minimum net capital, as defined, of the greater of \$5,000 or 6.67% of aggregate indebtedness, as defined.

At December 31, 2022, the Company had net capital of \$1,902,506, for regulatory purposes, which exceeded its requirement by \$1,829,098. Additionally, the Company must maintain a ratio of aggregate indebtedness to net capital of 1500% or less. At December 31, 2022, this ratio was 57.9%.

The Company does not carry customer accounts or otherwise hold customer funds. The Company limits its business activities to (1) receiving transaction-based compensation for identifying potential merger and acquisition opportunities for clients, referring securities transactions to other broker-dealers; and, (2) participating in distributions of securities (other than firm commitment underwritings) in accordance with the requirements of paragraphs (a) or (b) of Rule 15c2-4.

Capital distributions to the Parent shall be done as and when unanimously determined by the managers of the Company, provided that after such distribution the Company must have adequate capital to conduct its business plans in compliance with regulatory requirements.

Note 5 - Property and Equipment, Net

Property and equipment, net at December 31, 2022, are summarized as follows:

Computer equipment	\$ 16,889
Property and equipment, gross	16,889
Less: Accumulated depreciation and amortization	12,385
Property and equipment, net	<u>\$ 4,504</u>

Depreciation and amortization expense for the year ended December 31, 2022, was \$2,608. The Company retired \$1,600 of lost Computer Equipment in June 2022 and \$2,086 of fully depreciated computer equipment in November 2022.

Note 6 - Commitments

The Company is obligated under a short-term lease agreement for office space expiring October 31, 2023.

The total future rent commitment under this arrangement is as follows:

<u>Year Ending December 31:</u>	
2023	\$35,280

Total rent expense for the year ended December 31, 2022, was \$35,166.

Note 7 - Subsequent Event

On January 11, 2023, the Company distributed capital of \$450,000 to its sole member from its excess net capital as of December 31, 2022. All capital contributions have been held for longer than one year and the distribution was evidenced by a unanimous written consent.
