ENTORO SECURITIES, LLC
NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

1. **Business:**

Entoro Securities, LLC (the “Company”) was incorporated in the state of Delaware on January 1, 2005. The Company was initially a registered direct participation program broker-dealer under the Securities Exchange Act of 1934 (the “Securities Act”). In late 2016 the Company modified its service offering from an open outcry bidding business for the energy sector to a proprietary internet bidding platform and a Regulation D offering platform for all industry sectors. With the added service offerings, the Company now has a broader service offering mostly in private placements, mergers and acquisitions, and new technology financial assets. The Company is a wholly owned subsidiary of Entoro Capital, LLC (Parent).

Since January 2017 the Company started using an Expense Sharing Agreement with Entoro Capital, LLC whereby rent, overhead and salaries attributable to Entoro Securities are allocated proportionally.

2. **Summary of Significant Accounting Policies:**

Use of Estimates – In preparing the financial statements in conformity with U.S. generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents – The Company considers all highly liquid instruments purchased with an original maturity of 90 days or less to be cash equivalents.

Revenue Recognition and Expenses – The Company generates revenue by providing dealer/manager services to affiliates. Revenue is recognized as earned. In accordance with the Expense Sharing Agreement, Entoro Capital allocates to the Company general and administrative costs based on a proportionate basis with the Company.

Investment banking fees from securities related transactions are recognized when transactions close or at settlement date and receivables are recorded at this time. Retainer fees are recorded and recognized as revenue in accordance with the terms contained in the written engagement agreements. In 2022, the Company accelerated its efforts on conducting securities transactions on a best-efforts basis. Under these agreements, the Company will make the best effort to place the desired amount of the offering; however, they are not required to fund the amount of the offering that is not placed.

Income Taxes – As a limited liability company, the Company is not a taxable entity under the provisions of the Internal Revenue Code and, accordingly, the accompanying financial statements do not reflect a provision for the Company for federal income taxes. The tax effect of the Company's transactions related to this entity is the responsibility of its sole member. Management has evaluated the Company's tax positions and concluded that the Company has taken no uncertain tax positions that require adjustment to the financial statement. The Company is subject to the Texas state margin tax and incurred \$0 of margin taxes in fiscal year 2022.

Credit Risk – Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash. The Company places its cash with financial institutions that management believes are creditworthy.

3. **Net Capital:**

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Act, the Company is required to maintain a minimum net capital of \$5,000 or 6.67% of aggregate indebtedness. The provisions also require that the ratio of aggregate indebtedness to net capital, both as defined by the Securities Act, shall not exceed 15:1. As of September 30, 2022, the excess net capital of the Company was \$138,845. Its ratio of aggregate indebtedness to net capital was 13.57 to 1.

4. **Related Party Transactions:**

The Company has payables to affiliated parties in the amount of \$1,025 at September 30, 2022. As of September 30, 2022, the Company had a receivable due from its parent in the amount of \$399,000, which consists of short-term cash advances. The receivable has no set terms of repayment and does not bear interest.

Additionally, total rent allocated from an affiliate for the year ended September 30, 2022 was \$7,800. The company recorded \$69,419 in other administrative fees associated with an expense sharing agreement with Entoro Capital, LLC.

5. **Subordinated Liabilities**

There were no liabilities subordinated to claims of general creditors at any time during the year ended September 30, 2022. Therefore, the statement of changes in liabilities subordinated to claims of general creditors as specified by rule 17a-5(d)(2) has not been presented for the year ended September 30, 2022.

6. **Reserve Requirements and Information Relating to the Possession or Control Requirements for Broker-Dealers**

A computation for determination of reserve requirements and information relating to possession or control of securities as specified by rule 15c3-3 and rule 17a-5(d)(3) were both omitted and are not required as the Company does not hold customer funds or securities.

7. Revenues from Contracts with Customers

The following table presents our total revenues separated for our revenues from contracts with customers and our other sources of revenues:

Revenue from contracts with customers	\$2,449,071
Other revenue	<u>90,515</u>
Total revenue	<u>\$2,539,586</u>

Revenue from contracts with customers is recognized when, or as, we satisfy our performance obligations by transferring the promised goods or services to the customers. A good or service is transferred to a customer when, or as, the customer obtains control of that good or service. A performance obligation may be satisfied over time or at a point in time. Revenue from a performance obligation satisfied over time is recognized by measuring our progress in satisfying the performance obligation in a manner that depicts the transfer of the goods or services to the customer. Revenue from a performance obligation satisfied at a point in time is recognized at the point in time that we determine the customer obtains control over the promised good or service. The amount of revenue recognized reflects the consideration we expect to be entitled to in exchange for those promised goods or services (*i.e.*, the “transaction price”). In determining the transaction price, we consider multiple factors, including the effects of variable consideration. Variable consideration is included in the transaction price only to the extent it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainties with respect to the amount are resolved. In determining when to include variable consideration in the transaction price, we consider the range of possible outcomes, the predictive value of our past experiences, the time period of when uncertainties expect to be resolved and the amount of consideration that is susceptible to factors outside of our influence, such as market volatility or the judgment and actions of third parties.

Investment Banking. We provide our clients with private placement and financial advisory services. Private placement services include placement agent services in both the equity and debt capital markets. Placement agent revenues are recognized as of the date the client obtains the control and benefit of the offering proceeds.

Revenues from financial advisory services primarily consist of fees generated in connection with merger and acquisition and transactions. Advisory fees from mergers and acquisitions engagements are recognized at a point in time when the related transaction is completed, as the performance obligation is to successfully broker a specific transaction. Fees received prior to the completion of the transaction are deferred within Accrued expenses and other liabilities in the Statement of Financial Condition to the extent any further performance obligation remains with respect to such fees. A portion of the fees we receive for our advisory services are considered variable as they are contingent upon a future event (*e.g.*, completion of a transaction) and are excluded from the transaction price until the uncertainty associated with the variable consideration is subsequently resolved, which is expected to occur upon achievement of the specified milestone. Payment for advisory services are generally due promptly upon completion of a specified milestone or, for retainer fees, periodically over the course of the engagement. We recognize a receivable between the date of completion of the milestone and payment by the customer. Expenses associated with investment banking advisory engagements are deferred only to the extent they are explicitly reimbursable by the client and the related revenue is recognized at a point in time. All other investment banking advisory related expenses are expensed as incurred.

8. **Subsequent Events**

The Company has evaluated subsequent events through December 29, 2022, the date the financial statements were available to be issued. Management concluded that there were no events to disclose and no events were evaluated after such date.

Review Report of Independent Registered Public Accounting Firm

To the Member
Entoro Securities LLC

We have reviewed management's statements, included in the accompanying Entoro Securities LLC Exemption Report, in which Entoro Securities LLC (the Company) stated that:

1. The Company does not meet any of the exemption conditions of paragraph (k) of 17 C.F.R. § 240.15c3-3;
2. The Company did not claim an exemption under paragraph (k) of 17 C.F.R. § 240.15c3-3, but is filing an Exemption Report relying on Footnote 74 of the 2013 Release adopting amendments to 17 C.F.R. § 240.17a-5 because the Company limits its business activities exclusively to offering proprietary internet syndication and Regulation D platforms, in addition to private placement, merger and acquisition, divestiture and other new technology financial assets advisory activities and the Company (1) did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of 17 C.F.R. § 240.15c2-4 and/or funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company; (2) did not carry accounts of or for customers; and (3) did not carry proprietary accounts of broker-dealers (as defined in 17 C.F.R. § 240.15c3-3), throughout the most recent fiscal year without exception.

The Company's management is responsible for its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence that the Company did not: (1) directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of 17 C.F.R. § 240.15c2-4; (2) carry accounts of or for customers; and (3) carry proprietary accounts of broker-dealers (as defined in 17 C.F.R. § 240.15c3-3) throughout the most recent fiscal year without exception. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.
