Note 1 - Organization and summary of significant accounting policies

Organization and business

Enterprise Equities, Inc. ("we", "us", or "Company") is incorporated in the State of Delaware and is a wholly-owned subsidiary of Enterprise Ownership, Inc. ("EOI"). Enterprise Community Investment, Inc. ("Enterprise"), a 501(c)(4) social welfare organization, is the sole stockholder of EOI. Enterprise Community Partners, Inc., a 501(c)(3) not-for-profit publicly supported charitable foundation, is the sole stockholder of Enterprise.

We were established as a captive broker-dealer registered with the Securities and Exchange Commission ("SEC") for the purpose of selling direct participation equity interests in real estate limited partnerships. We are a member of the Financial Industry Regulatory Authority ("FINRA"). Our business is conducted primarily through Enterprise, as we have no employees of our own.

We are a registered FINRA Broker Dealer in 31 states throughout the United States of America and the District of Columbia.

Basis of presentation

The accompanying financial statements are presented on the accrual basis of accounting and in accordance with accounting principles accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and judgments that affect the reported amounts of assets and liabilities and disclosures of contingencies at the date of the financial statements and revenue and expenses recognized during the reporting period. Actual results could differ from those estimates.

Consulting fee income

The Company recognizes revenue upon the transfer of services to its customer in an amount that reflects the consideration to which we expect to be entitled in exchange for those services which is in accordance with applicable accounting guidance related to contracts with customers.

The services provided by the Company are not distinct; rather they are a bundle whose services are highly interrelated and not separately identifiable from other promises in the contract. Therefore, there is only one performance obligation in the contract which is the provision of the services outlined in the consulting agreement with Enterprise. The transaction price is allocated to the services as they are performed and is quantified on a cost-reimbursement basis. In addition to the broker-dealer services, the Company is reimbursed for third-party costs as incurred. Accordingly, consulting fee income is recognized as the services are provided and the costs are incurred, determined on a cost-reimbursement basis.

(A Wholly-Owned Subsidiary of Enterprise Ownership, Inc.)

Notes to Financial Statements
Year Ended December 31, 2022

Note 2 - Taxes

We have an unwritten tax-sharing agreement with EOI. Pursuant to the unwritten tax-sharing agreement, we are included in the consolidated federal income tax return filed by EOI, and we pay or receive an amount equal to the federal income tax expense or benefit we would have recognized had we filed a separate federal income tax return. As we have no federal taxable income or loss, there has been no payment made or received for the year ended December 31, 2022.

The Company incurs franchise taxes imposed by individual states which are not based on income. Franchise tax expense incurred for the year ended December 31, 2022 was \$956.

Our federal tax returns, including those filed as part of the consolidated Enterprise or EOI returns, remain subject to examination for 2019 and subsequent years. We also generally remain subject to the examination of our various state income tax returns for a period of four to five years from the date the return was filed.

In accordance with the accounting guidance for uncertainty in income taxes, we have examined the likelihood that our tax positions would be challenged in an audit conducted by the taxing authorities. We believe that it is more likely than not that our tax positions would withstand audit, and as a result, we have recorded no liability for taxes, interest or penalties that result from uncertain tax positions.

Note 3 - Net capital requirement

We are required to comply with the Uniform Net Capital Rule of the SEC. This rule prohibits us from engaging in any securities transaction should "aggregate indebtedness" exceed 15 times "net capital" as those terms are defined in the rule, or if net capital falls below the required amount of \$5,000. We may declare dividends or acquire certain non-liquid assets only to the extent that net capital is in excess of such requirements. In computing net capital, items not readily convertible into cash are excluded. At December 31, 2022, our net capital was \$81,335, which was \$76,335 in excess of the minimum requirement of \$5,000. The Company's percentage of aggregate indebtedness to net capital was 0.19% at December 31, 2022.

Note 4 - Exemption from Rule 15c3-3

The Company no longer claims an exemption from SEA Rule 15c3-3, in reliance on footnote 74 to SEC Release 34-70073, and as discussed in Q&A 8 of the related FAQ issued by SEC staff. The Company does not and will not, (1) directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, (2) does not and will not carry accounts of or for customers, and (3) does not and will not carry PAB accounts.

Note 5 - Related party transactions

We have a Services and Expense Sharing Agreement with Enterprise, under which we provide advice to Enterprise with respect to structuring real estate transactions and to raise

capital via private placement transactions. Costs incurred by us for the benefit of Enterprise are charged to Enterprise. During the year ended December 31, 2022, these costs totaled \$994,536. The agreement with Enterprise will continue until terminated by either us or Enterprise with 60 days' notice.

As we have no employees of our own, personnel costs are paid for by Enterprise, and we reimburse Enterprise or its affiliates for the costs incurred on behalf of us. Payroll, benefit and other operating costs are allocated to us based on the time spent in performing these activities by Enterprise's employees. As of December 31, 2021 and December 31, 2022, \$82,770 and \$57,345 was due from Enterprise, respectively.

Note 6 - Major customer

Our sole source of revenue is derived from consulting fees related to the structuring of direct participation equity interests in real estate limited partnerships for Enterprise via our Services and Expense Sharing Agreement with Enterprise as identified in Note 5.

Note 7 - Subsequent events

Events that occur after the statement of financial condition date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statement of financial condition date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the statement of financial condition date require disclosure in the accompanying notes. Management evaluated the activity of the Company through February 22, 2023 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
