### Opinion on Financial Statement

We have audited the accompanying statement of financial condition of Wealth Enhancement Brokerage Services, LLC (the “Broker-Dealer”) as of December 31, 2022, and the related notes (collectively referred to as the “financial statement”). ### Basis for Opinion

This financial statement is the responsibility of the Broker-Dealer’s management. Our responsibility is to express an opinion on the Broker-Dealer’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Broker-Dealer in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. **1. Nature of Business and Significant Accounting Policies**

Nature of Business

Wealth Enhancement Brokerage Services, LLC (the "Company") is a privately held Minnesota limited liability company operating as a registered securities broker-dealer with the U.S. Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority, Inc. The Company is a wholly owned subsidiary of Wealth Enhancement Group, LLC (the "Parent"), which is ultimately owned by WEG Consolidated, LLC ("WEG Consolidated"). The Parent has agreed to contribute capital, as needed, to fund the operations of the Company. The Company does not receive customer funds or other securities. The Company has a brokerage services agreement with Linsco/Private Ledger Corp. (also known as LPL Financial) whereby LPL Financial is the Company's dedicated broker-dealer and the Company's advisors act as LPL Financial registered representatives.

Basis of Preparation

The financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Concentration of Major Customer Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist principally of receivables from its clearing broker, LPL Financial. The Company believes its broker is a high-quality institution and there is no significant credit risk with respect to these amounts.

Cash Deposits in Excess of Federally Insured Limits

The Company often maintains cash balances at financial institutions in excess of the Federal Deposit Insurance Corporation (FDIC) insurance limits. Management believes the financial risk to be minimal. At December 31, 2022, the Company had deposits in excess of federally insured amounts totaling \$1,625,431.

Receivables from Broker

The Company evaluates the collectability of its receivables based on a combination of factors using the current expected credit loss ("CECL") framework. The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company's expectation of the collectability in determining the allowance for credit losses. As of December 31, 2022, no allowance for uncollectable accounts has been reflected on the accompanying statement of financial condition. If circumstances change, the Company's estimates of collectability could be reduced by a material amount.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**2. Forgivable Notes Payable to Broker**

LPL provided financing to the Parent in the form of forgivable notes. These notes were assigned to the Company in December, 2022 in the amount of \$90,828 with remaining forgiveness periods ranging from four to six years.

**3. Regulatory Requirements**

The Company is subject to the SEC's Uniform Net Capital Rule ("Rule 15c3-1"), which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to regulatory net capital, both as defined under such provisions, shall not exceed 15 to 1. The rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. The Company has at all times maintained its net capital above the SEC's required level during the year ended December 31, 2022. At December 31, 2022, the Company's net capital of \$1,104,525 was \$997,095 in excess of its required net capital of \$107,430. The Company's ratio of aggregate indebtedness to net capital was 1.46 to 1 at December 31, 2022.

The Company does not claim an exemption from Securities Exchange Act ("SEA") Rule 15c3-3 in reliance on footnote 74 to SEC Release 34-70073. The Company does not and will not, (1) directly or indirectly, receive, hold or otherwise owe funds or securities for or to customers, (2) does not and will not carry accounts of or for customers and (3) does not and will not carry PAB accounts.

**4. Related-Party Transactions**

Parent

The Company and its Parent have a cost sharing agreement for certain shared expenses. Under the agreement, the Parent incurs services and costs and allocates to the Company its applicable share of these costs.

During 2022, the Parent allocated compensation expense and other cost of revenue fees to the Company. In addition, certain other expenses, including occupancy, employee compensation including commissions, promotional fees and other administrative costs, are paid by the Parent or its affiliates, and allocated to the Company. The allocations approximate the charges that would have been incurred had the Company purchased them directly. At December 31, 2022, \$1,394,420 was payable to the Parent related to these expenses and is reflected as a payable to Parent on the accompanying statement of financial condition.

The Company is significantly reliant on the operating services provided by the Parent.

Affiliate

From time to time, the Company receives payments from LPL Financial or incurs direct expenses on behalf of an affiliated entity, Wealth Enhancement Advisory Services, LLC ("WEAS"), which is a registered investment advisor and wholly owned subsidiary of the Parent. Those transactions are recorded as payables and receivables and are settled periodically. At December 31, 2022, \$35,972 was receivable from WEAS and was reflected as a payable to affiliates in the accompanying statement of financial condition.

**5. Subsequent Events**

The Company has evaluated subsequent events through February 28, 2023, which is the date the financial statements were available to be issued. Management has determined that there are no material events that would require adjustments to, or disclosures in the Company's financial statements other than what is disclosed below.

Forgivable Notes Payable to Broker

In February, 2023, LPL provided financing to the Company in the form of forgivable notes in the amount of \$998,613 with remaining forgiveness periods of six years.
