Notes to financial statement

1 Summary of Operations and Significant Accounting Policies

Operations

Fidus Securities, LLC (the Company) is a limited liability company that operates as a registered broker-dealer. As a registered broker-dealer, the Company primarily represents clients in merger and acquisition-related activities composed principally of sell-side transactions structured as the sale of corporate stock or other securities to institutional or corporate acquirers. The Company operates offices in North Carolina and New York. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation.

Use of Accounting Estimates in Preparation of Financial Statement

The preparation of the financial statement in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Cash

The Company maintains cash deposits with financial institutions which, at times, may exceed federally insured limits. The Company considers liquid financial instruments with original maturities of 90 days or less to be cash equivalents. The Company had no cash equivalents as of December 31, 2022.

Income Taxes

The Company is organized as a limited liability company and is considered to be a disregarded entity for income tax purposes. Accordingly, no provision for federal or state income taxes has been made in the accompanying financial statement, as the member includes the Company's taxable income or loss in its income tax returns.

US GAAP requires management to evaluate tax positions taken by the Company and recognize a tax liability (or asset) if the Company has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. As of December 31, 2022 there were no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statement.

2 Related-party Transactions

The Company is a wholly owned subsidiary of Fidus Partners, LLC (the Member) and was established to process certain transactions initiated by itself or its parent company that require the services of a registered broker-dealer. Only transactions that relate specifically to broker-dealer activities result in revenue being recognized by the Company. Expenses covered by the Member but directly related to broker-dealer activities are billed to the Company. During 2022, the Member covered certain direct expenses on behalf of the Company. The Company had a payable for these expenses of \$545 as of December 31, 2022. In accordance with regulatory requirements, the Member allocates a certain amount of its common office overhead costs to the Company in the form of an office services charge. This allocation is an amount equal to the total of all common office expenses and employee costs multiplied by the revenues recognized by the Company as a percentage of all revenue recognized by the Company and its Member combined. Allocations are made on a quarterly basis and are typically paid to the Member within 30 days. The Company had an intercompany payable balance from the Member in the amount of \$88,795 as of December 31, 2022, representing amounts due from the Member's monthly allocation of expenses.

3 Securities and Exchange Commission Matters

Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2022, the Company had net capital of \$2,491,802, which was \$2,485,590 in excess of its required net capital of \$6,212.

Reserve Requirements

The Company does not claim an exemption from SEC Rule 15c3-3, in reliance on footnote 74 to SEC Release 34-70073, and as discussed in Q&A 8 of the related FAQ issued by SEC staff. The Company does not (1) directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, (2) does not carry accounts of or for customers and (3) does not carry PAB accounts.

Aggregate Indebtedness

At December 31, 2022, the Company had aggregate indebtedness of \$93,174.

4 Subsequent Events

The Company has evaluated events that occurred subsequent to year-end through February 22, 2023, the date the financial statement was issued, to determine whether any events required recognition or disclosure in the 2022 financial statement as required by authoritative guidance.
