Destra Capital Investments LLC  
Notes to Financial Statements  
December 31, 2022

**1. Organization and Nature of Business**

Destra Capital Investments LLC (the Company) is a wholly owned subsidiary of Destra Capital Management LLC (the Parent) and was formed on August 8, 2008. The Company is organized as a Delaware limited liability company. The first capital contribution was made in December 2010, from its sole member. The Company is registered as a broker-dealer with the Securities and Exchange Commission (SEC) and became a member of the Financial Industry Regulation Authority, Inc. (FINRA), effective March 2011. The Company is registered with FINRA in all 50 states.

The Company acts as the distributor for the Destra Funds and the Meridian Funds (the Funds).

The primary business of the Company is to perform a wholesale distribution function for the Funds by introducing investment company shares to registered broker-dealer representatives. The Company receives distribution and service fees from the Funds and generally pays these fees to financial intermediaries.

The Company also acted as sponsor and depositor for various unit investment trust portfolios. Additionally, the Company participates in the marketing and distribution of closed end funds.

The Company is exempt from the provisions of Rule 15c3-3 of the Securities Exchange Act since the Company's activities are limited to those set forth in the conditions for exemption pursuant to Footnote 74 of SEC Release 34-70073.

**2. Significant Accounting Policies**

***Basis of Accounting and Presentation***

The financial statements are prepared and presented in accordance with accounting principles generally accepted in the United States of America (US GAAP).

***Income Taxes***

The Company is organized as a limited liability company and is a disregarded entity for Federal income tax purposes as a single member LLC. Further, the Parent is organized as a limited liability company and it is intended to be treated as a partnership under provisions of the Internal Revenue Code. Under these provisions, the liability for payment of Federal and state income taxes on the Parent's earnings will be the responsibility of its members, rather than that of the Parent. Management has reviewed the Company's tax positions for all open tax years, which include 2019 through 2022, and concluded that as of December 31, 2022, the Company does not have a liability for any unrecognized tax amounts. To the extent the Company incurs interest or penalties, they are included within other expenses in the statement of operations. There were no interest or penalties incurred during the year ended December 31, 2022.

Destra Capital Investments LLC  
Notes to Financial Statements  
December 31, 2022

**2. Significant Accounting Policies (continued)**

***Revenues***

Distribution fees consist of fees received by the Company for acting as sponsor and depositor for a unit investments trust portfolio and for the marketing and distribution of closed end funds. Net revenue from the closed end fund and unit investment trust sales includes sales fees, as well as creation and development fees. These fees are recorded net of concessions paid to selling broker-dealers at the time of sale. Sales fees are computed on a per unit basis and the creation and development fees are computed as a percentage of trust assets.

Distribution fees also include Rule 12b-1 distribution and service fees from the Funds that are earned on the distribution of mutual fund shares. Distribution fees are recognized over the life of the contract based on the market values of assets under management, which are determined monthly. The performance obligations are satisfied over the course of the contract as the customer simultaneously receives and consumes the benefits provided.

Commission revenue is commissions received from the sale of mutual fund shares and is recognized on trade date. Management believes the Company is entitled to commission revenue upon performing all contracted services for its customers, which is deemed to be on the trade date as that is the point in time in which a customer acquires the economic benefit of a security.

Servicing revenue consists of fees earned for facilitating the sale of shares of funds. These fees are based on the up-front commissions advanced by the Company to selling brokers and are paid on a monthly basis. The performance obligations are satisfied over the course of the contract as the funds simultaneously receive and consume the benefits provided.

Marketing fee revenues include sub-distributor fees which are paid to the Company for selling a fund. These fees are based on the sales of the fund and are paid on a weekly basis. Reimbursements for the costs of distributing this fund are also included in other revenues. In addition, the Company was reimbursed from a fund for expenses incurred in the sales of that fund.

The Company also has revenue under a management services agreement with Destra Capital Advisors, LLC, an affiliate related through common ownership.

***Securities***

Securities represent the Company's investments in mutual funds advised by Destra Capital Advisors, LLC, an affiliate of the Company, and are recorded on a trade date basis. The securities are classified as trading securities and are carried at fair value and based upon their published net asset value at the close of business on December 31, 2022.

Destra Capital Investments LLC  
Notes to Financial Statements  
December 31, 2022

***Use of Estimates in the Preparation of Financial Statements***

The financial statements and related notes are prepared in accordance with US GAAP which require the use of estimates and assumptions related to the reporting of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities. Management believes that the accounting estimates are appropriate and reasonably stated; however, due to the inherent uncertainties in making estimates, actual results could differ from those estimates.

***Leases***

The Company has elected, for all underlying classes of assets, to not recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement, and do not include an option to purchase the underlying asset that the Company is reasonably certain to exercise. The Company recognizes lease cost associated with short-term leases on a straight -line basis over the lease term. All leases have a term of 12 months or less, so no ROU asset or lease liability is recognized.

**3. Related Party Transactions**

Expenses of the Company are paid by the Parent and shared costs are allocated based upon a management services agreement. These expenses are either direct expenses of the Company or an allocated portion of expenses shared with the Parent (rent, utilities, office services etc.). Direct and allocated expenses of the Company are included in the statement of operations. During 2022, \$568,228 of expenses were allocated from the Parent to the Company. At December 31, 2022, the Company owed the Parent \$221,751 as a result of the difference between expense allocations and reimbursements.

The Company has a management services agreement with a Destra Capital Advisors, LLC, an entity related through common ownership. During the year ended December 31, 2022, the Company recognized \$643,517 of fees as a result of this agreement.

**4. Regulatory and Net Capital Requirements**

As a broker-dealer the Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital. Rule 15c3-1 requires that the Company maintain minimum net capital, as defined, of \$100,000 at December 31, 2022 and requires that the ratio of "aggregate indebtedness" to "net capital" as those terms are defined by the rule, may not exceed 15 to 1. At December 31, 2022 the Company's net capital was \$250,326 which was \$150,326 in excess of its required net capital of \$100,000 and its ratio of aggregate indebtedness to net capital was 1.47 to 1.

Destra Capital Investments LLC  
Notes to Financial Statements  
December 31, 2022

**5. Fair Value Measurement**

In accordance with *Financial Accounting Standards Board's Accounting Codification*, Section 820-10, *Fair Value Measurements and Disclosures* ("ASC 820-10"), the Company utilizes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. Level 1 valuations are those based on observable inputs such as quoted prices in active markets. Level 2 valuations are those based upon inputs other than the quoted prices in active markets that are observable either directly or indirectly. Level 3 valuations are those based upon unobservable inputs in which there is little or no market data and require the reporting entity to develop its own assumptions. At December 31, 2022 securities of \$22,253 consisted of an investment in a mutual fund advised by Destra Capital Advisers LLC, an affiliate of the Company. The mutual fund invests primarily in equity securities and is classified as Level 1 securities.

The Investment in mutual funds is stated at fair value based on published net asset values of shares owned by the Company.

**6. Concentration of Credit Risk**

The Company is exposed to concentrations of credit risk. The Company maintains cash at a financial institution where the total cash balance is insured by the Federal Deposit Insurance Corporation (the FDIC) up to \$250,000 per depositor, per bank. At times, the Company had cash balances that exceeded the balance insured by the FDIC. The Company monitors such credit risk at the financial institution and has not experienced any losses related to such risks to date.

**7. Commitments and Contingencies**

The Company is exposed to various asserted and unasserted potential claims encountered in the normal course of business. As of December 31, 2022, and through the date of this report there were no such claims.

**8. Subsequent Events**

The Company has evaluated the need for disclosures and adjustments resulting from subsequent events through February 28, 2023, the date the financial statements were issued. This evaluation did not result in any significant events that necessitated any disclosures or adjustments to the financial statements.

- (1) The Company does not claim an exemption under paragraph (k) of 17 C.F.R. §240.15c3-3.
- (2) The Company is relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. §240.17a-5 because the Company limits its business activities exclusively to mutual fund wholesaling, distribution of hedge funds, open- and closed-end investment companies, exchange-traded funds to financial intermediaries, trading securities for own account, and underwriting. The Company (1) did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers (other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Rule 15c2-4 and/or funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company); (2) did not carry accounts of or for customers; and (3) did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent fiscal year without exception.

Management is responsible for compliance with 17 C.F.R. §240.15c3-3 and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in 17 C.F.R. §240.15c3-3 under the Securities Exchange Act of 1934.
