REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Manager, Member and Management of
Puente Servicios Financieros LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Puente Servicios Financieros LLC (the “Company”) as of December 31, 2022, and the related notes (collectively referred to as the “financial statement”). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2022 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

Berkowitz Pollack Brant

We have served as the Company’s auditor since 2021.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business and Organization

Puente Servicios Financieros LLC (the Company) was incorporated in the State of Florida in May 2019. The Company became a member of the Financial Industry Regulatory Authority (FINRA) on November 30, 2020 (the Effective Date) and is a registered broker dealer. The Company primarily acts in a principal capacity, buying and selling securities on a riskless basis with customers and other dealers primarily within Latin America. The Company is also authorized to buy and sell equities, mutual funds, corporate debt, and U.S. Government debt, for its customers, and charge a commission. The Company also maintains tri-party clearing arrangements with its clearing firm and foreign affiliated institutions.

The Company is a Florida Limited Liability Company and wholly owned subsidiary of Puente Holding Limited, which is based in the United Kingdom (the Parent). The Parent is owned by two Uruguayan entities; 60% by Cross Capital, S.A. and 40% by Puente Partners.

Government and Other Regulation

The Company's business is subject to significant regulation by various governmental agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations.

Basis of Presentation

The significant accounting policies and practices followed by the Company in the preparation of the accompanying financial statement conform to accounting principles generally accepted in the United States of America (GAAP).

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments having maturities of three months or less at the date of acquisition to be cash equivalents. The Company may, during the ordinary course of business, maintain account balances in excess of federally insured limits. The Company does not expect any risk of loss relating to these deposits. At December 31, 2022, the Company did not hold any cash equivalents.

Property and Equipment

Property and equipment is recorded at cost. Expenditures for major betterments and additions are charged to the asset accounts while replacements, maintenance and repairs, which do not improve or extend the lives of the respective assets are charged to expense currently.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Depreciation and Amortization

Depreciation and amortization of property and equipment is recognized using the straight-line method at various rates based upon the estimated useful lives of the assets. The range of estimated useful lives of property and equipment is summarized as follows:

Furniture and fixtures	7 years
Leasehold improvements	Lesser of useful life or term of lease
Office equipment	2 – 5 years

Leases

The Company accounts for leases in accordance with Accounting Standards Codification (“ASC”) 842 – *Leases*. The Company determines if an arrangement is a lease, or contains a lease, at inception of a contract and when the terms of an existing contract are changed. The Company recognizes a lease liability and a right of use (ROU) asset at the commencement date of the lease.

Lease Liabilities

A lease liability is measured based on the present value of its future lease payments. Variable payments are included in the future lease payments when those variable payments depend on an index or a rate and are measured using the index or rate at the commencement date. Lease payments, including variable payments based on an index rate, are remeasured when any of the following occur: (1) the lease is modified (and the modification is not accounted for as a separate contract), (2) certain contingencies related to variable lease payments are resolved, or (3) there is a reassessment of any of the following: the lease term, purchase options or amounts that are probable of being owed under a residual value guarantee. The discount rate is the implicit rate if it is readily determinable; otherwise the Company uses its incremental borrowing rate. The Company's incremental borrowing rate for a lease is the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The Company determines its incremental borrowing rates by starting with the interest rates on its recent borrowings and other observable market rates and adjusting those rates to reflect differences in the amount of collateral and the payment terms of the leases.

ROU Assets

A lessee's ROU asset is measured at the commencement date at the amount of the initially-measured lease liability plus any lease payments made to the lessor before or at the commencement date, minus any lease incentives received; plus any initial direct costs. Unless impaired, the ROU asset is subsequently measured throughout the lease term at the amount of the lease liability (that is, present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) any prepaid (accrued) lease payments, less the unamortized balance of lease incentives received. Lease cost for lease payments is recognized on a straight-line basis over the lease term.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Policy Election for Short-Term Leases

The Company has elected, for all underlying classes of assets, to not recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement, and do not include an option to purchase the underlying asset that the Company is reasonably certain to exercise. The Company recognizes lease cost associated with its short-term leases on a straight-line basis over the lease term.

Credit Losses

Financial Accounting Standards Board (FASB) ASC 326-20, Financial Instruments – Credit losses requires the immediate recognition of management’s estimates of current expected credit losses.

The Company has evaluated the impact of ASC 326-20, specifically as it relates to receivables from its clearing broker. The Company’s receivables from its clearing broker includes amounts receivable from unsettled trades, including amounts related to accrued interest receivables and cash deposits. The Company’s trades are cleared through its clearing broker and settled daily between the clearing broker and the Company. Because of this daily settlement, the amount of unsettled credit exposure is limited to the amount owed the Company for a very short period of time. The Company continually reviews the credit quality of its counterparties.

As of December 31, 2022, the Company has not recorded any material credit losses in the accompanying statement of financial condition.

Defined Contribution Plan

The Company sponsors a 401(k)-plan covering substantially all employees of the Company (the Plan). The Plan provides for an employer safe harbor matching contribution in accordance with the Plan. No matching contributions were due at December 31, 2022.

Income Taxes

The Company has elected to be treated as a corporation for income tax purposes. Accordingly, the Company accounts for income taxes under the asset and liability method. Under this method, deferred tax assets and liabilities are determined based on the differences between the financial accounting carrying values and the income tax bases of assets and liabilities using enacted income tax rates in effect for the year in which the differences are expected to reverse. Valuation allowances are established when the Company does not believe it is more likely than not that it will generate a sufficient level of taxable income to utilize the deferred tax asset.

The Company recognizes a tax benefit associated with an uncertain tax position when, in management’s judgment, it is more likely than not that the position will be sustained upon examination by a taxing authority. For a tax position that meets the more-likely-than-not recognition threshold, the Company initially and subsequently measures the tax benefit as the largest amount that is judged to have a greater than 50% likelihood of being realized upon ultimate settlement with the taxing authority.

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Income Taxes (continued)

The liability associated with unrecognized tax benefits is adjusted periodically due to changing circumstances, such as the progress of tax audits, case law developments and new or emerging legislation. Such adjustments are recognized in the period in which they are identified. The effective tax rate includes the net impact of changes in the liability for unrecognized tax benefits. (See Note 7).

Use of Estimates in the Preparation of Financial Statement

The preparation of this financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Actual results could differ from those estimates.

Fair Value of Financial Instruments

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Valuations for assets and liabilities traded in active exchange markets, or interest in open-end mutual funds that allow a company to sell its ownership interest back at net asset value (“NAV”) on a daily basis. Valuations are obtained from readily available pricing sources for market transactions involving identical assets, liabilities, or funds.

Level 2- Valuations for assets and liabilities traded in less active dealer, or broker markets, such as quoted prices for similar assets or liabilities or quoted prices in markets that are not active. Level 2 includes U.S. Treasury, U.S. government and agency debt securities, and mortgage-backed securities. Valuations are usually obtained from third party pricing service for identical or comparable assets or liabilities.

Level 3- Valuations for assets and liabilities that are derived from other valuation methodologies, such as option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The availability of observable inputs can vary from instrument to instrument and in certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an instrument’s level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Company’s assessment of the significance of a particular input to the fair value measurement of an instrument requires judgement and consideration of factors specific to the instrument.

PUENTE SERVICIOS FINANCIEROS LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION
AS OF DECEMBER 31, 2022

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fair Value of Financial Instruments (continued)

At December 31, 2022, the Company held securities that are measured at fair value on a recurring basis with a fair market value of \$743,750, which are measured using Level 2 inputs.

NOTE 2. NET CAPITAL REQUIREMENTS

As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule of the Securities and Exchange Commission, which requires that "Net Capital", as defined, shall be at least the greater of \$100,000 or 6-2/3% of "Aggregate Indebtedness", as defined. At December 31, 2022, the Company's "Net Capital" was \$1,282,320, which exceeded requirements by \$1,182,320. The ratio of "Aggregate Indebtedness" to "Net Capital" was 0.26 to 1 at December 31, 2022.

NOTE 3. FAIR VALUE MEASUREMENTS

As of December 31, 2022, the Company held securities in United States treasury bills in the amount of \$743,750, which are reflected at fair value in the accompanying statement of financial condition.

NOTE 4. RISK CONCENTRATIONS

Clearing and Depository Concentrations

The clearing and depository operations for the Company's securities transactions are provided by a brokerage firm located in Jersey City, New Jersey. At December 31, 2022, deposits held with this clearing broker and the receivable from this clearing broker totaling \$430,615 are held by and due from this brokerage firm.

Other Risk Concentrations

In the normal course of business, the Company's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

PUENTE SERVICIOS FINANCIEROS LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION
AS OF DECEMBER 31, 2022

NOTE 4. RISK CONCENTRATIONS

Other Risk Concentrations (continued)

The Company's customer securities activities are transacted on either a cash or margin basis. In margin transactions, the Company's clearing brokers extend credit to its customers, subject to various regulatory and internal margin requirements, collateralized by cash and the securities in the customers' accounts. In connection with these activities, the Company executes customer transactions involving the sale of securities not yet purchased, substantially all of which are transacted on a margin basis subject to individual exchange regulations. Such transactions may expose the Company to significant off-balance-sheet risk in the event margin requirements are not sufficient to fully cover losses that customers may incur. In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices to fulfill customer's obligations. The Company seeks to control the risks associated with its customer activities by requiring customers to maintain margin collateral in compliance with various regulatory and internal guidelines. The Company monitors required margin levels daily and pursuant to such guidelines, requires customers to deposit additional collateral or to reduce positions when necessary.

NOTE 5. PROPERTY AND EQUIPMENT, NET

Property and equipment, net at December 31, 2022 consisted of the following:

Leasehold improvements	\$	113,778
Furniture		100,284
Artwork (not subject to depreciation)		46,199
		<u>260,261</u>
Less: accumulated depreciation and amortization		64,068
	\$	<u>196,193</u>

NOTE 6. OPERATING LEASE COMMITMENT

The Company accounts for leases in accordance with ASC 842, *Leases*, which requires substantially all leases (with the exception of leases with a term of one year or less) to be recorded on the statement of financial condition using the right-of-use (ROU) asset approach. When the Company entered into its office lease during 2021, it recognized a lease liability and offsetting ROU of approximately \$559,000. The discount rate used to calculate the present value of future minimum lease payments was 4.25%, which approximated the Company's incremental borrowing rate at lease commencement. As of December 31, 2022, the operating ROU asset, net was \$318,348 and the operating lease liability was \$342,942.

The Company is obligated under a non-cancelable operating lease for its office facility in Miami, Florida, expiring in 2024, with an option to renew for an additional 3 years. The Company has a security deposit held by the landlord in the amount of approximately \$69,000. This amount is included in other assets in the accompanying statement of financial condition.

PUENTE SERVICIOS FINANCIEROS LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION
AS OF DECEMBER 31, 2022

NOTE 6. OPERATING LEASE COMMITMENT

The approximate minimum annual lease payments required under the Company's operating lease liability together with their present value as of December 31, 2022, are as follows:

2023	\$ 202,000
2024	155,000
<hr/>	
Total payments due under operating lease liability	357,000
Less discount to present value	(14,058)
Total operating lease liability	<u>\$ 342,942</u>

The weighted average remaining lease term for the operating lease is approximately 21 months as of December 31, 2022. The weighted average discount rate as of December 31, 2022 was 4.25%.

NOTE 7. INCOME TAXES

The Company did not have any accruals for tax liabilities for the year ended December 31, 2022 based upon an assessment of factors, including but not limited to, historical experience and related tax law interpretations. The Company does not anticipate that the total amount of unrecognized tax benefits related to any particular tax position will change significantly within the next 12 months. As of December 31, 2022, the Company has not recorded liabilities for any uncertain tax positions.

The Company's policy is to recognize interest and penalties related to income tax matters in the income tax provision. There are no interest and penalties accrued as of December 31, 2022.

The U.S. federal jurisdiction and state of Florida are the major tax jurisdictions where the Company files its tax returns. The Company's income tax returns for the period from May 2019 through December 31, 2019, and for the years 2020 and 2021 remain subject to examination by U.S. federal and the state of Florida tax jurisdictions. There are no federal or state income tax audits presently pending.

At December 31, 2022, the Company has a net deferred tax asset of approximately \$296,000 relating to its net operating loss carryforward and temporary differences in the tax and book basis of capitalized assets, principally start-up expenses deferred and amortized for income tax purposes. A valuation allowance in the same amount has been recorded as management believes it is more likely than not that the tax benefits may not be realized. At December 31, 2022, the Company has a net operating loss carryforward of approximately \$920,000. The CARES Act of 2020 allows net operating losses arising in the tax years 2020 and beyond to be carried forward indefinitely.

PUENTE SERVICIOS FINANCIEROS LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION
AS OF DECEMBER 31, 2022

NOTE 7. INCOME TAXES

The components of deferred tax assets and liabilities consist of the following, at December 31, 2022:

Deferred Tax Assets:

Net operating loss carryforwards	\$	226,000
Amortizable start-up costs		99,000
Other		8,000
Total deferred tax assets		<u>333,000</u>

Deferred Tax Liabilities:

Depreciable assets		<u>37,000</u>
Total deferred tax liabilities		37,000
Net deferred tax asset before valuation allowance		296,000
Valuation allowance		<u>(296,000)</u>
Net deferred tax asset (liability)	\$	<u><u>-</u></u>

NOTE 8. RELATED PARTY TRANSACTIONS

Introducing Broker Agreement

Effective December 2021, the Company entered into an introducing broker agreement with Puente Servicios de Inversion, S.A. (“Puente IA”), a Panamanian investment adviser affiliated with the Company through common ownership. Puente IA introduces foreign customers to the Company in exchange for 90% of the revenue net of costs generated by the Company in the trading accounts of the foreign customers. As of December 31, 2022, Puente IA did not owe the Company any monies pursuant to the agreement.

Administrative Services Agreement

Effective July 2021, the Company entered into an administrative services agreement with Puente IA, whereby Puente IA provides certain services to the Company. As of December 31, 2022, the Company did not owe Puente IA any monies pursuant to the agreement.

NOTE 9. CONTINGENCIES

During the normal course of operations, the Company, from time to time, may be involved in lawsuits, arbitrations, claims, and other legal or regulatory proceedings. The Company does not believe that these matters will have a material adverse effect on the Company’s financial position.

NOTE 10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through March 31, 2023, the date the financial statement was issued.
