**PACIFIC CENTURY SECURITIES, LLC**  
**NOTES TO FINANCIAL STATEMENTS AND SCHEDULES**  
**DECEMBER 31, 2024**

**NOTE (1) CORPORATE ORGANIZATION AND BUSINESS**

The Company was formed March 4, 2004, as Vision Fuel Capital, LLC. In January 2005, its name was changed to Gyre Securities, LLC. In April 2010, its name was changed to Ambata Securities, LLC. In 2019, Ambata Securities, LLC was sold to Pacific Century Capital, Inc. (fka Ambata Securities, LLC) who changed the name to Pacific Century Securities, LLC.

The Company is subject to the regulations of the U.S. Securities and Exchange Commission, Financial Industry Regulatory Authority and the securities division of the various states.

The Company's primary business is investment banking and investment advisory services. The

Company is wholly owned by Pacific Century Capital, Inc ("Member").

**NOTE (2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Revenue Recognition:** The Company complies with and records its revenue in accordance with FASB ASU 2014-09, Revenue from Contracts with Customers. Entities are required to apply the following steps when recognizing revenue under ASU 2014-09: (1) identify the contract(s) with a customer; (2) identify the performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to the performance obligations in the contract; and (5) recognize revenue when (or as) the entity satisfies a performance obligation.

Investment banking fees and related commission expense are recorded at closing of the securities offering for which the Company is serving as investment banker.

Referral fees are recorded and earned upon the completion of IPO deals that were referred to lead underwriters.

Advisory fees are recorded as set forth in the engagement letter and upon the execution of a definitive agreement relating to a sale or acquisition transaction and the completion of certain activities as described in the engagement letter. Advisory fee revenue is recorded as performance obligations of the agreement are satisfied.

**PACIFIC CENTURY SECURITIES, LLC**  
**NOTES TO FINANCIAL STATEMENTS AND SCHEDULES**  
**DECEMBER 31, 2024**

**NOTE (2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Revenue Recognition – Continued:** Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on appropriate measure of the Company’s progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events. In some circumstances, significant judgment is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract. If a promised good or service is not distinct, the Company combines that good or service with other promised goods or services until it identifies a bundle of goods or services that is distinct. In some cases, this would result in the Company accounting for all the services promised in a contract as a single performance obligation and, if unfulfilled, amounts received from such contracts would be reflected as deferred revenues on the Statement of Financial Condition.

**Disaggregation of Revenue:**

Dividends	\$ 317
Other Fees	540
Investment Loss	(6,655)
Credit Interest/ MM Rebates	19,542
Interest	45,926
Reimbursed Expenses	<u>1,664,491</u>
Total Other Income	<u>\$ 1,724,161</u>

**Contract assets and liabilities:** Contract assets arise when the revenue associated with the contract is recognized prior to the Company’s unconditional right to receive payment under a contract with a customer and are derecognized when either it becomes a receivable, or the cash is received. Contract assets are reported in the Statement of Financial Condition. As of December 31, 2023, contract asset balance was \$160,000 and as of December 31, 2024, contract asset balance was \$194,330.

Contract liabilities arise when customers remit contractual cash payments in advance of the Company satisfying its performance obligations under the contract and are derecognized when the revenue associated with the contract is recognized when the performance obligation is satisfied. As of December 31, 2023, contract liabilities balance was \$649,203 and as of December 31, 2024, contract liabilities balance was \$437,080

**PACIFIC CENTURY SECURITIES, LLC**  
**NOTES TO FINANCIAL STATEMENTS AND SCHEDULES**  
**DECEMBER 31, 2024**

**NOTE (2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Estimates:** The preparation of financial statements requires the use of certain estimates by management in determining the entity's assets, liabilities, revenues, and expenses.

**Income Taxes:** The Company is organized as a Limited Liability Company. All income, losses, and tax credits flow through and are taxed in the income tax returns of its member.

The Company has adopted the provisions of FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FASB ASC 740-10). Under this Interpretation, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as a pass-through entity, and the decision not to file a tax return. The Company has evaluated each of its tax positions and has determined that no provision or liability for income taxes is necessary.

The Company, which files income tax returns in the U.S. Federal jurisdiction and various state jurisdictions as a disregarded entity in the parent's tax return, is no longer subject to U.S. Federal income tax examination by tax authorities for years before 2021.

**Cash and Cash Equivalents:** The Company considers all cash and money market instruments with a maturity of 90 days or less to be cash and cash equivalents. As of December 31, 2024, Cash in excess of federally insured limits was \$204,373.

The Company maintains its demand deposits in high credit quality financial institutions. Balances at times may exceed federally insured limits.

**Accounts Receivable:** Accounts receivable are non-interest-bearing uncollateralized obligations receivable in accordance with the terms, which are net 30.

The carrying amount of accounts receivable is reduced by an allowance for credit losses that reflects management's best estimate of the amounts that will not be collected. Management individually reviews all delinquent accounts receivable balances and based on an assessment of current creditworthiness, estimates the portion, if any, of the balance that will not be collected. Generally, customer receivables are believed to be fully collectible, however, at December 31, 2024, allowances for credit losses was \$13,582.

**Evaluation of Subsequent Events:** Subsequent events were evaluated through April 15, 2025, which is the date the financial statements were available to be issued.

**PACIFIC CENTURY SECURITIES, LLC**  
**NOTES TO FINANCIAL STATEMENTS AND SCHEDULES**  
**DECEMBER 31, 2024**

**NOTE (3) NET CAPITAL REQUIREMENT**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2024, the Company had net capital of \$949,932 which was \$849,932 in excess of its required net capital of \$100,000 and its ratio of aggregate indebtedness to net capital was .51 to 1.00.

**NOTE (4) COMMITMENTS AND CONTINGENCIES**

The Company was not subject to any litigation during and at the year ended December 31, 2024.

**NOTE (5) FAIR VALUE MEASUREMENT**

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1: Quoted prices in active markets for identical assets or liabilities the Company has the ability to access at the measurement date.

Level 2: Inputs (other than quoted prices) that are observable for the asset or liability either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability developed using estimates and assumptions which reflect those that market participants would use. (The unobservable inputs are developed based on the best information available in the circumstances and may include the Company's own data.)

The following table presents the Company's fair value hierarchy for securities owned included within the Company's clearing deposit as of December 31, 2024:

	Fair Value Measurements December 31, 2024	Level 1 Valuation	Level 2 Valuation	Level 3 Valuation
Money Market Fund	\$ 1,004,200	\$ 1,004,200	\$ -	\$ -
Common Stock	3,377	3,377	-	-
<b>Total</b>	<b>\$ 1,007,577</b>	<b>\$ 1,007,577</b>	<b>\$ -</b>	<b>\$ -</b>

**NOTE (6) SEGEMENT REPORTING**

The Company is engaged in a single line of business as a securities broker-dealer, which is comprised of several classes of services, including underwriting securities, investment banking and providing referrals. The Company has identified its Chief Executive Officer as the chief operating decision maker (“CODM”), who uses net income to evaluate the results of the business, predominantly in the forecasting process, to manage the Company. Additionally, the CODM uses excess net capital (see Note 3), which is not a measure of profit and loss, to make operational decisions while maintaining capital adequacy, such as whether to reinvest profits or pay distributions. The Company’s operations constitutes a single operating segment and therefore, a single reportable segment, because the CODM manages the business activities using information of the Company as a whole. The accounting policies used to measure the profit and loss of the segment are the same as those described in the summary of significant accounting policies.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Member of  
Pacific Century Securities, LLC:

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Pacific Century Securities, LLC identified the following provision of 17 C.F.R. §15c3-3(k) under which Pacific Century Securities, LLC claimed the following exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) and (2) Pacific Century Securities, LLC stated that Pacific Century Securities, LLC met the identified exemption provisions throughout the most recent fiscal year without exception.

The Company is also filing this Exemption Report because the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 are limited to (1) proprietary trading, (2) advisory fees and (3) referral fees. In addition, the Company did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers; did not carry accounts of or for customers; and did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent fiscal year without exception.

The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934 and the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5, and related SEC Staff Frequently Asked Questions.
