BML SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS Year Ended December 31, 2024

Note 1 **Organization and nature of business**

BML Securities, LLC (the "Company") was formed in February, 2013 and is a Massachusetts limited liability company, which shall continue in perpetuity unless dissolved in accordance with the operating agreement. The Company acts as an agent for the issuer of corporate securities for private placements per management agreement with the Financial Industry Regulatory Authority ("FINRA"). The Company is a registered broker under the Securities Exchange Act of 1934 and is a member of FINRA and Securities Investor Protection Corp ("SIPC").

Note 2 **Summary of significant accounting policies**

Method of Accounting

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, as established by the Financial Accounting Standards Board ("FASB"), and issued in the FASB Accounting Standards Codification ("The Codification"), utilizing the accrual-basis of accounting.

Revenue recognition

The Company recognizes revenue based upon contracts for private placement of corporate securities. Fees are recognized based upon the agreed upon terms of the contracts.

Effective January 1, 2019, ASU 2014-09-Revenue from Contracts with Customers, and subsequent amendments, collectively created a new Accounting Standards Codification (ASC) 606, Revenue from Contracts with Customers. ASC 606 replaces most of the existing revenue recognition guidance found in generally accepted accounting principles in the United States of America, prior thereto; and, established a new, single revenue framework to recognize revenue from contracts with customers and offers disclosures for revenue transactions.

Income taxes

The members of the Company have elected to have the Company taxed as a partnership. Accordingly, the Company is not subject to federal or state income taxes. All taxable income/loss and tax credits are reflected on the income tax returns of the members.

BML SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Year Ended December 31, 2024

Note 2

Summary of significant accounting policies (continued)

Income tax positions

The Financial Accounting Standards Board (“FASB”) has issued a standard that clarifies the accounting and recognition of income tax positions taken or expected to be taken in the Company’s income tax returns. The Company has analyzed tax positions taken for filing with the Internal Revenue Service and all state jurisdictions where it operates. The Company believes that the income tax positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Company’s financial condition, results of operations or cash flows. Accordingly, the Company has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions. If the Company incurs interest or penalties as a result of unrecognized tax positions the policy is to classify interest accrued with interest expense and penalties thereon with operating expenses. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax returns for the prior three fiscal years are subject to examination by taxing authorities.

Use of estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from these estimates.

Fair value of financial instruments

The carrying amounts of financial instruments, including cash, prepaid expenses and accrued expenses, approximates fair value due to the short term nature of these assets and liabilities.

Recent Accounting Pronouncements

In November 2023, the FASB issued ASC Update No. 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. Update No. 2023-07 requires companies to disclose segment data based on how management makes decisions about allocating resources to segments and evaluating performance. The Company conducts its business activities and reports financial results as a single reportable segment. Using the management approach, qualitative and quantitative criteria established by ASC 280, the Company is considered to be a single reportable segment. The CCO/CFO of the Company serves as Chief Operating Decision Maker, which makes decisions about allocating resources and assessing performance in a manner consistent with the way the Company operates its business and presents their financial results. The significant expenses of the segment are reported in the accompanying statement of operations of this report.
