FENIX SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization and business

Fenix Securities, LLC (the “Company”) is a Delaware limited liability company formed on June 1, 2007. The Company is: a securities broker-dealer registered since August 2012 with the Securities and Exchange Commission (“SEC”); a member of the Financial Industry Regulatory Authority (“FINRA”); and a member of the Securities Investor Protection Corporation (“SIPC”). The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Revenue recognition

The Company records commission revenue from customer securities transactions and related expenses on a trade-date basis. The Company records fee revenue from customer use of market access technology based on the terms of the respective customer agreements. The Company records a portion of the margin interest paid by its customers to the Company’s clearing brokers based on the terms of the clearing agreements. The Company offers no warranty, guarantee or refunds.

Receivables

Receivables are carried at their estimated collectible amounts based on experience with the customer and current economic conditions. The Company has evaluated balances due as of December 31, 2024, to be fully collectible. Accordingly, no allowance for doubtful accounts is recorded as of December 31, 2024.

Agreements with clearing brokers

The Company maintains fully disclosed clearing agreements with clearing brokers and does not carry or clear customer accounts. All customer transactions are introduced to, and executed and cleared by, its clearing brokers on behalf of the Company. The Company’s agreements with its clearing brokers provide that as clearing brokers, those firms will make and keep such records of the transactions effected and cleared in the customer accounts as are customarily made and kept by a clearing broker pursuant to the requirements of Rules 17a-3 and 17a-4 of the Securities and Exchange Act of 1934, as amended (the “Act”). They also perform all services customarily incident thereto, including the preparation and distribution of customer’s confirmations, and statements and maintenance margin requirements under the Act, and the rules of the Self-Regulatory Organizations of which the Company is a member. In accordance with the clearance agreements, the Company has agreed to indemnify the clearing brokers for losses, if any, which the clearing brokers may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing brokers monitor collateral on customers’ accounts.

Under the terms of the fully disclosed clearing agreements the Company is required to maintain deposits with the clearing brokers, which totaled \$1,254,110 as of December 31, 2024.

The Company has \$251,350 due from its clearing brokers as of December 31, 2024. The Company has a 1 year 8% note payable with a clearing broker, which on December 31, 2024, was \$8,869.

NOTE 1- ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising

The Company expenses advertising costs as they are incurred. Advertising expense for the year ended December 31, 2024, was \$1,784.

Income taxes

The financial statements do not include a provision for income taxes because the Company is not a taxable entity, and its members are taxed on their respective share of the Company's earnings. The Company is subject to New York City Unincorporated Business Tax.

The Company is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any tax related appeals or litigation processes, based on the technical merits of the position. The Company files an income tax return in the U.S. Federal jurisdiction and may file income tax returns in various U.S. states. The Company is not subject to income tax examinations by major taxing authorities for years before 2021. The tax benefit recognized is measured as the largest amount of benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized results in the Company recording a tax liability that reduces net assets. However, the Company's conclusions regarding this policy may be subject to review and adjustment later based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations, and interpretations thereof. The Company recognizes interest accrued related to unrecognized tax benefits and penalties related to unrecognized tax benefits in income taxes payable, if assessed. No interest expense or penalties relating to income taxes were incurred as of and for the year ended December 31, 2024.

Single Reportable Segment

The Company is engaged in a single line of business as a securities broker-dealer, which is comprised of several classes of services, including effecting principal transactions and agency transactions. The company has identified its Chief Executive Officer as the chief operating decision maker ("CODM"), who uses net income to evaluate the results of the business, predominately in the forecasting process, to manage the Company. Additionally, the CODM uses excess net capital (see Note 4), which is not a measure of profit and loss, to make operational decisions while maintaining capital adequacy, such as whether to reinvest profits. The Company's operations constitute a single operating segment and therefore, a single reportable segment, because the CODM manages the business activities using information of the Company as a whole. The accounting policies used to measure the profit and loss of the segment are the same as those described in the summary of significant accounting policies.

FENIX SECURITIES, LLC

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 2 - RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (the “FASB”) has established the Accounting Standards Codification (“Codification” or “ASC”) as the authoritative source of generally accepted accounting principles (“GAAP”) recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New Accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates (“ASUs”)

For the year ending December 31, 2024, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year ended then. The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company’s financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

NOTE 3 – LEASES

ASC 842 generally applies to leases that have a lease term greater than 12 months at lease commencement, or that include an option to purchase the underlying asset the Company is reasonably certain to exercise. The Company is a lessee in several non-cancelable operating leases for office space subject to ASC 842, applied as set forth below.

The Company determines if an arrangement is a lease, or contains a lease, at inception of a contract and when the terms of an existing contract are changed. The Company recognizes a lease liability and a right of use asset (ROUA) at the commencement date of the lease. The lease liability is initially and subsequently recognized based on the present value of its future lease payments. Variable payments are included in the future lease payments when those variable payments depend on an index or a rate. The discount rate is the implicit rate if it is readily determinable or otherwise the Company uses its incremental borrowing rate (“IBR”) at the lease’s commencement date. The Company’s IBR represents the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The ROUA is subsequently measured throughout the lease term at the amount of the remeasured lease liability, representing the present value of the remaining lease payments; as adjusted for unamortized initial direct costs, prepaid or accrued lease payments; unamortized lease incentives received; and any impairments. Lease cost for lease payments is recognized on a straight-line basis over the lease term.

The Company is a lessee in a non-cancelable operating lease for office space subject to ASC 842, The lease agreement does not include a termination or renewal option for either party, or restrictive financial or other covenants.

Amounts reported in the Statement of Financial Condition as of December 31, 2024 are as follows:

Operating lease:

Right-of-use asset	\$12,107
Lease liability	\$11,819

FENIX SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 3 – LEASES*(continued)*

Maturities of lease liabilities under the non-cancelable operating lease as of December 31, 2024 are as follows:

2025	11,843
Total undiscounted lease payments	\$12,650
Less imputed interest	<u>(831)</u>
Total lease liability	\$11,819

Other information as of December 31, 2024:

The discount rate used for the lease present value calculations is its incremental borrowing rate (“IBR”) of 8.5% at the lease’s commencement date. The Company’s IBR represents the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The lease’s implicit rate was not readily determinable.

NOTE 4 - NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. On December 31, 2024, the Company’s net capital of \$1,185,769 exceeded its net capital requirement of \$22,121 by \$1,163,648. The Company's net capital ratio (aggregate indebtedness to net capital) was .3 to 1. According to Rule 15c3-1, the Company's net capital ratio shall not exceed 15 to 1.

NOTE 5 - COMMITMENTS AND RELATED PARTY TRANSACTIONS

On July 1, 2015, the Company entered into a Foreign Associate Agreement with a Senior Officer of the Firm (amended October 1, 2018) under which the Company recorded compensation of \$536,000 during the year ending December 31, 2024.

The Company earned approximately 14.83% of its revenues from transactions related to one foreign asset management firm with which it has entered into a Foreign Finders Agreement. Under the agreement the Foreign Finder introduces customer accounts and transactions to the Company and receives compensation based on the income generated by those transactions. The compensation expense paid to the Foreign Finder for the year ended December 31, 2024, is included in the amount of commission expense reported on the Statement of Income.

FENIX SECURITIES, LLC

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 5 - COMMITMENTS AND RELATED PARTY TRANSACTIONS (continued)

The Company earned approximately 8.42% of its revenue from transactions in customer accounts introduced by an affiliated investment advisor with which it has entered into an Advisory Brokerage Agreement. Under the agreement the Company establishes brokerage accounts for clients of the investment advisor and executes transactions introduced to the Company by Foreign Investment Advisors on behalf of their advisory clients. The relationship between the Foreign Investment Advisor and the advisory client is covered by a separate Client Advisory Agreement to which the Company is not a party. All advisory accounts and transactions are carried by the clearing firms. In accordance with the Advisory Brokerage Agreement the Company is authorized to deduct fees and charges from the accounts of advisory clients and forward those funds to the affiliated investment advisor, who in turn pays a portion of the advisory fees to the Foreign Investment Advisors. The advisory fee expense amount of \$415,304 paid to the affiliated investment advisor for the year ended December 31, 2024, is included in the amount of commission expense reported on the Statement of Income.

NOTE 6 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISK AND CONTINGENCIES

In the normal course of business, the Company's client activities, through its clearing brokers, involve the execution, settlement, and financing of various client securities transactions. These activities may expose the Company to off-balance sheet risk. In the event the client fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices in order to fulfill the client's obligations. These amounts are not covered by SIPC and are subject to loss should the clearing brokers cease business.

The Company is engaged in various interdealer referral activities with counterparties with which the Company has a Broker Dealer Referral Agreement. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

The Company's financial instruments, including cash, clearing deposits, due from clearing brokers, other assets, commissions payable and accrued expenses are carried at amounts that approximate fair value due to the short-term nature of those instruments.

NOTE 7 - REGULATORY SETTLEMENTS

In October 2024 the Company entered into an Acceptance, Waiver and Consent agreement with FINRA and agreed to pay a \$250,000 fine. Without admitting or denying the allegations, the Company agreed to improve its supervisory system of risk management and market access controls by replacing certain order management vendors. Also, the firm hired an independent consultant to review and revise the Company's supervisory procedures.

In connection with a settlement from 2023, the Company paid FINRA \$27,687 and entered into a promissory note with FINRA for the remaining \$72,312 balance of the fine. The note requires the Company to pay FINRA \$2,373 a month for 35 months at an annual interest rate of 3%. During the year ended December 31, 2024, the Company paid FINRA a total of \$20,661 in principal and \$3,071 in interest.

NOTE 8 - SBA ECONOMIC INJURY DISASTER LOAN

The Company signed the loan documents under the SBA Economic Injury Disaster Loan (“EIDL”) of the CARES Act on June 17, 2020, and received the loan proceeds of \$105,000 on June 18, 2020. The receipt of these funds is dependent on the Company having initially qualified for the loan. Under the terms of the CARES Act and the corresponding promissory note, the use of the proceeds of the loan is restricted to working capital needs (as defined in the CARES Act) of the Company that, while permitted, would not result in forgiveness of a corresponding portion of the loan. This \$105,000 loan is aggregate indebtedness of the Company on December 31, 2024. It has a 3.75% annual interest. The loan as of December 31, 2024, is \$92,445 including accrued interest.

NOTE 9 - SUBSEQUENT EVENTS

The Company has performed an evaluation of subsequent events through the date the financial statements were issued. The evaluation did not result in any material subsequent events that required disclosures and/or adjustments.
