**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Members of Integrity Brokerage, LLC

**Opinion on the Financial Statements**

I have audited the accompanying statement of financial condition of Integrity Brokerage, LLC as of December 31, 2024, the related statements of income, changes in member's equity, and cash flows for the year then ended, and the related notes (collectively referred to as the financial statements). In my opinion, the financial statements present fairly, in all material respects, the financial position of Integrity Brokerage, LLC as of December 31, 2024, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

These financial statements are the responsibility of Integrity Brokerage, LLC's management. My responsibility is to express an opinion on Integrity Brokerage, LLC's financial statements based on my audit. I am a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and am required to be independent with respect to Integrity Brokerage, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

I conducted my audit in accordance with the standards of the PCAOB. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. My audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. My audit also included evaluating the accounting principles used and significant estimates made by management, as evaluating the overall presentation of the financial statements. I believe that my audit provides a reasonable basis for my opinion.

**Auditor's Report on Supplemental Information**

The information contained in Schedule I, II, and III ("Supplemental Information") has been subjected to audit procedures performed in conjunction with the audit of the Integrity Brokerage, LLC's financial statements. The Supplemental Information is the responsibility of the Integrity Brokerage, LLC's management. My audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming my opinion on the Supplemental Information, I evaluated whether the Supplemental Information, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In my opinion, Schedules I, II, and III are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

A performance obligation may be satisfied over time or at a point in time. Revenue from a performance obligation satisfied at a point in time is recognized at the point in time that the company determines the customer has obtained control over the promised good or service. #### (e) Fair Value Measurement

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritized the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820 are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that an entity has the ability to access.

Level 2 – Valuations based on quoted prices for similar assets and liabilities in active markets, quoted prices for identical assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities.

Level 3 – Valuations based on inputs that are supportable by little or no market activity and that are significant to the fair value of the asset or liability.

Notes to Financial Statements  
December 31, 2024

(g) Segment Reporting: The Company is engaged in a single line of business as a securities broker dealer, which is comprised of several classes of services, including principal transactions, agency transactions, and investment banking. The Company has identified its Principal Operations Officer (president) as the chief operating decision maker (CODM), who uses net income to evaluate the results of the business, predominantly in the forecasting process, to manage the Company.

Additionally, the CODM uses excess net capital, which is not a measure of profit and loss, to make operational decisions while maintaining capital adequacy, such as whether to reinvest profits or pay dividends. The Company's operations constitute a single operating segment and therefore, a single reportable segment, because the CODM manages the business activities using information from the Company as a whole. The accounting policies used to measure the profit and loss of the segment are the same as those described in the summary of significant accounting policies.

## **Note 3: CONCENTRATIONS OF CREDIT RISK**

The Company is engaged in various trading and brokerage activities in which counters-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter party or issuer of the instrument. It is Company's policy to review, as necessary, the credit standing of each counter party.

## **Note 4: NET CAPITAL REQUIREMENT**

The Company is subject to uniform net capital Rule (Rule 15c3-1) of the Securities and Exchange Commission, which requires both the maintenance of minimum net capital and the maintenance of a maximum ratio of aggregate indebtedness to net capital. Net capital and aggregate indebtedness change day by day, but on December 31, 2024, the Company's net capital of \$157,400 exceeded the minimum net capital requirement of \$5,000, and the Company's ratio of aggregate indebtedness (\$33,222) to net capital was 0.21:1 which is less than the 15:1 maximum ratio requirement.

**REPORT OF INDEPENDENT REGISTERED PUBLIC  
ACCOUNTING FIRM**

Board of Directors  
Integrity Brokerage, LLC  
Seneca, Washington

I have reviewed management's statements, included in the accompanying Exemption Report in which (1) Integrity Brokerage, LLC, identified the following provisions of 17 C.F.R. §15c3-3(k) under which Integrity Brokerage, LLC claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) (the "exemption provisions") and (2) Integrity Brokerage, LLC stated that Integrity Brokerage, LLC met the identified exemption provisions throughout the most recent year ended December 31, 2024, without exception and (3) Integrity Brokerage, LLC stated that Integrity Brokerage, LLC is also filing this Exemption Report because the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. 240.17a-5 are limited to (1) effecting securities transactions via subscriptions on a subscription way basis where funds are payable to the issuer or its agent and not the Company; and/or (2) participating in distributions of securities (other than firm commitment underwritings) in accordance with the requirements of paragraphs (a) or (b)(2) of Rule 15c2-4 and The Company (i) did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, (other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Rule 15c2-4 and/or funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company); (ii) did not carry accounts of or for customers; and (iii) did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent year without exception. Integrity Brokerage, LLC's management, is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly, included inquiries and other required procedures to obtain evidence about Integrity Brokerage, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects.
