**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Stockholder and  
Those Charged With Governance of  
D & D Securities, Inc.

**Opinion on the Financial Statement**

We have audited the accompanying statement of financial condition of D & D Securities, Inc. (the "Company") as of December 31, 2024, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of December 31, 2024 in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

**1. Organization**

D&D Securities, Inc. (the "Company") is a registered broker dealer with the Securities and Exchange Commission ("SEC") and is a member of the NASDAQ OMX PHLX ("PHLX"). The Company is incorporated under the laws of Pennsylvania. The Company, like other broker-dealers, is directly affected by general economic and market conditions, including fluctuations in volume and price level of securities, changes in interest rates and securities on the Company's liquidity.

**2. Summary of Significant Accounting Policies**

*The following are the significant accounting policies followed by the Company in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America ("GAAP").*

*Use of estimates* – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

*Revenue Recognition – Contracts with Customers* – Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur. Interest income received from clearing broker related to interest earned on the Company's deposit balance and is recorded monthly as reflected on the clearing broker statements.

The Company, as required by the *Revenue from Contracts with Customers* Topic of the FASB ASC 606, applies the following five steps in determining the amount or revenue to recognize: (i) identify the contract; (ii) identify the performance obligations in the contract; (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligations in the contract; and (v) recognize revenue when (or as) the performance obligation is satisfied. Each of these steps involves management's judgment and an analysis of the material terms and conditions of the contract.

The Company provides option execution services on the floor of an exchange on behalf of registered broker-dealers. The Company is paid a fee by the broker-dealers based on the number of transactions executed and the number option contracts in each transaction. Commissions and related clearing expenses are recorded on the trade date (the date that the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer. The Company invoices its clients monthly in arrears and accrues the fee revenue as commissions in the month in which the transactions were executed on a trade date basis.

**2. Summary of Significant Accounting Policies (continued)**

The company also directs equity order flow to certain stock exchanges for which it earns rebate revenue. The Company does not maintain contracts with the exchanges delineating the rebate arrangement. Rebate revenue is recognized when the orders are executed by the exchange on a trade date basis.

*Property and Equipment* – Property and equipment are stated at cost less accumulated depreciation. Additions, renovations, and improvements are capitalized. Maintenance and repairs which do not extend asset lives are expensed as incurred. Depreciation is provided using straight-line and accelerated methods over the estimated lives of the assets (generally 5 years).

*Income taxes* – The stockholder of the Corporation has elected under the Internal Revenue Code to be taxed individually for the profits of the S Corporation. Therefore, no provision for income taxes are presented in these financial statements.

The Company recognizes and discloses uncertain tax positions in accordance with accounting principles generally accepted in the United States of America (GAAP). As of, and during the year ending December 31, 2023, the Company did not have liability for unrecognized tax benefits. The Company is no longer subject to examination by federal and state taxing authorities prior to 2020.

*Concentration of credit risks* – The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. Management believes the Company is not exposed to any significant credit risk related to cash.

*Accounts Receivable* – Management evaluates the collectability of accounts receivable on an ongoing basis and records an allowance in the event the collection is considered remote.

*Segment Reporting* - The Accounting Standards Update (ASU) 2023-07 issued by the Financial Accounting Standards Board (FASB) introduced enhancements to segment reporting requirements for public entities, including broker-dealers. The update aimed to improve the transparency and usefulness of financial disclosures for investors and other stakeholders. ASU 2023-07 disclosure requirements are effective for fiscal years starting after December 15, 2023. The Company has identified its President as the Chief Operating Decision Maker as specified in the ASU 2023-07. Company management reviewed the ASU 2023-07 disclosure requirements and determined that no additional disclosures are required as the Company has only one reportable segment.

**5. Commitments and Contingencies**

*Operating Lease* – In January 2024, the Company entered into a new lease agreement with The St. James. It is a 12 month lease commencing on September 16, 2023 and expired on January 16, 2025. During the year ended December 31, 2024, the Company paid rent expense of \$100,270.

The new lease agreement is currently under negotiation.

In February 2016 the FASB issued ASU 2016-02 on Leases. Under the new guidance lessees are required to recognize a lease liability and a right-to-use asset for all leases at the commencement date, with the exception of short-term leases. The Company has adopted this standard in accordance with provisions of ASU 2020-05.

**3. Furniture and Equipment**

Furniture and equipment is summarized as follows:

Computers and equipment	\$ 3,971
Less accumulated depreciation	<u>(1,350)</u>
	<u>\$ 2,621</u>

**6. Net Capital Requirements**

The Company has elected not to be subject to the Aggregate Indebtedness Standard of paragraph (a)(1)(i) of the Securities Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1). Based on this election, the Company shall not permit its net capital to be less than the greater of \$100,00 or 6 2/3 percent of aggregate debit items computed in accordance with the Formula of Determination of Reserve Requirement for Brokers and Dealers. At December 31, 2024, the Company had net capital of \$1,173,959 which was \$1,060,814 in excess of its required net capital of \$113,145. The Company's net capital ratio was 1.45 to 1.

**7. Subsequent Events**

The Company has evaluated subsequent events from the statement of financial condition date through the date at which the financial statements were issued and determined there are no other items to disclose except for the above.
