

I am getting several e-mails from different e-mail addresses that I never asked for. I have contacted Pinksheets and have gotten No reply to this problem. I can't even opt out of these e-mails being sent to my e-mail address. Can you please advise me what to do next. How do I stop these e-mails, and I know they are against the law. This e-mail I sent to you is an example of the ones I have been receiving. I receive at least two or three a day all using different addresses.

Thank You,

Rick
