Ms. Elizabeth M. Murphy, Secretary  
Securities and Exchange Commission  
100 F Street, Northeast Washington, D.C. 20549

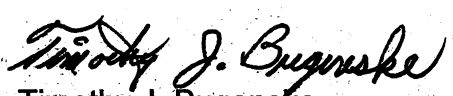

Dear Ms. Murphy:

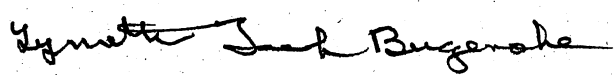

Under Section 14 of the Securities Exchange Act of 1934 we respectfully submit public comment to the Members of the Securities & Exchange Commission requesting they develop rules to require public companies to disclose to shareholders the use of corporate resources for political activities.

As investors — two nearing retirement & two saving for their future — we wish to know how much a corporation spends on politics, including direct donations to candidates & PACs. Therefore we urge the Commission require the reporting of these donations & that all be posted to the SEC website in the shortest possible timeframe.

We do not comment on the benefits or detriments of the Supreme Court's *Citizens United* ruling. But we do note that as a family we will be out spent, out lawyered & out lobbied on all issues. Time is our money; this piece of paper our involvement in the process. May it carry equal weight in your deliberations.

Thank you for all you do,

  
Timothy J. Bugenske
