Re: Pay Ratio Disclosure, File No. S7-07-13

Dear Ms. Murphy,

I am an investor.

I strongly support regulations that would require publicly-traded companies to disclose CEO-to-median worker pay ratios. More information for everyone is always better for everyone involved; for society as a whole. Having clear information available for everyone to see will only be a win-win; non-disclosure of information makes it look like there is something to hide. There is no good reason not to report this information.

Sincerely,

Edith Summers
