Re: Pay Ratio Disclosure, File No. S7-07-13

Dear Ms. Murphy,

I am an investor.

The American public has the right to know which corporations are fueling the yawning gap between rich and poor. This should not be a corporate secret and should not be covered by any kind of right to privacy- a publicly traded corporation should be open with this information for the sake of its investors and shareholders. Frankly, I want to know how much of my money is going to somebody's pocket, particularly if the company starts doing poorly.

Sincerely,

Jessica Mcgeary
