Re: Pay Ratio Disclosure, File No. S7-07-13

Dear Ms. Murphy,

THE ONLY WAY TO IMPROVE THE ECONOMY IS TO BUILD UP THE POOR AND UNEDUCATED BUT THE SYSTEM IS DESIGNED TO KEEP PEOPLE IN POVERTY. IT IS DESIGNED TO MAKE SURE THAT NEVER HAPPENS. It is TIME to change the way we think. We have to turn our thinking FROM money TO the people so EVERYONE can thrive and NOT just a select few. I strongly support regulations that would require publicly-traded companies to disclose CEO-to-median worker pay ratios. As income inequality reaches unprecedented heights, the public has the right to know which corporations are fueling the yawning gap between rich and poor.

Disclosure of CEO-to-worker pay ratios are also crucial for investors. This information is important for determining whether corporations are diverting resources to executives at the expense of long-term investments and workforce development. Additionally, investors need to be able to gauge whether executives' compensation is falling in line with their performance.

Sincerely,

Angela briles
