Re: Pay Ratio Disclosure, File No. S7-07-13

Dear Ms. Murphy,

I am an investor.

CEOs have been giving themselves 7- and 8-figure incomes while cutting incomes of the folks who actually do the work to mid-and lower-5 figures. That puts the burden of healthcare and even nutrition on the tax payer (for emergency room visits, Medicaid, SNAP, free lunch programs, etc.) I want to see the CEO-to-median worker pay ratios. We can't change a bad situation until we know just how bad it is. And if we are ever to get our economy back in shape we must change this bad situation. We as taxpayers have the right as long as said CEOs are using our tax dollars to subsidize their operations via the "safety net" to know just where those profits are going since they obviously are not going to pay living wages to employees.

Sincerely,

Barbara Fitzpatrick
