Re: Pay Ratio Disclosure, File No. S7-07-13

Dear Ms. Murphy,

As income inequality reaches unprecedented heights, the public has the right to know which corporations are fueling the yawning gap between rich and poor.

Disclosure of CEO-to-worker pay ratios are also crucial for investors. This information is important for determining whether corporations are diverting resources to executives at the expense of long-term investments and workforce development. Additionally, investors need to be able to gauge whether executives' compensation is falling in line with their performance.

I strongly urge you to resist corporate pressure.

Sincerely,

Lila Osborne
