Re: Pay Ratio Disclosure, File No. S7-07-13

Dear Ms. Murphy,

CEO to worker pay ratio would enable us to direct our investments according to our values. Making CEO-worker pay ratio public would allow us to choose companies that invest in the USA by paying good wages that allow workers to consume goods and services. Any company, organization or person that objects to SEC's plan is ashamed, embarrassed or afraid of losing investors. Jeanne Schaaf, Omaha, Nebraska

Sincerely,

J Schaaf
