Re: Pay Ratio Disclosure, File No. S7-07-13

Dear Ms. Murphy,

I am an investor.

I completely agree with the legislation in its requirement that publicly-traded companies disclose CEO-to-median worker pay ratios. This is important for transparency about which companies are contributing to the rising inequalities between rich and poor in our great nation.

Disclosure of CEO-to-worker pay ratios provides important information for investors! They should know whether the resources are being diverted to executives inappropriately. It is also important for investors to know if executives' compensation matches performance.

Sincerely,

Lara Triona
