Re: Pay Ratio Disclosure, File No. S7-07-13

Dear Ms. Murphy,

I am an investor.

I demand regulations that would require publicly-traded companies to disclose CEO-to-median-worker pay ratios. As income inequality reaches unprecedented heights, the public has the right to know which corporations are fueling the yawning chasm between rich and poor.

Disclosure of CEO-to-worker pay ratios also are crucial for investors. This information is important for determining whether corporations are diverting resources to executives at the expense of long-term investments and workforce development.

☐

Additionally, investors must be able to gauge whether executives' compensation is falling in line with their performance.

Sincerely,

Shireen Parsons
