INVESTOR INFORMATION

Name: Mr. Marshall L Phillips III

SHORT SELLING OF FINANCIALS...why has no action been taken against short selling in particular the financials. This seems to be one of the most obvious waste of tax payer dollars ever witnessed. AIG, Bank America, Citi Bank, Moragan Stanley etc. are all being wiped out by short selling ETF. mainly SKF, Ultra Financial Short and nothing is being done about IT. WHY SHOULD TAX DOLLARS CONTINUE TO PILE INTO THESE COMPANIES? Australia has banned short selling of Financials to protect the banking industry so why are we not doing the same? PLEASE DO SOMETHING WITH THE SHORT SELLING. MANY OF US HAVE LOST EVERYTHING WE HAD INVESTED IN THE MARKETS. IF THIS AGENCY WANTS TO REALLY STEP UP ITS EFFORTS TO PROTECT INVESTORS THIS WOULD BE THE NUMBER ONE THING TO ADDRESS...

THANKS
