INVESTOR INFORMATION

Name: Mr. Marvin J Tisdale

To whom it may concern,

I am just an average options trader who is asking you to please reinstate the uptick rule on shortsales of securites. I and other traders like myself of course can still make a very good living in this bear market, but I fear that there won't be much of a market left if this rule is not reinstated.

People's 401k's and portfolios are diminishing at an alarming rate and they are losing confidence. If this rule is not brought back quickly then indices like the Dow and S&P 500 will get set back to levels not seen since decades ago.

Thank you for your time and consideration of this pressing matter.
