INVESTOR INFORMATION

Name: Mr. Thomas R. Debnam

I have been an investor for over forty years. I have emailed the SEC re "uptick rule" and never gotten a response. The removal of the uptick rule has cost me dearly. Every day I complain about what appears to me as the SEC and the shorts being in bed with each other. Well, the shorts have done everything they can do to kill the market and investor confidence. How about letting the small investor back into the market by reinstating the uptick rule and leveling the field a little.
