Sant, Cruz, CA

Chairman  
Securities and Exchange commission

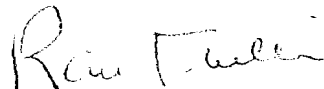

Dear Friend,

All the good people I hear and listen to tell how terribly bad for our nation and our financial system for fairness for average American is the elimination of uptick rule and naked short selling. Please, please put back the uptick rule and eliminate naked short covering.

Then, when you have time, please do something about uncontrolled and irresponsible hedge funds and derivatives.

Thank you.

Sincerely,

Ray Trebbien
