Dear Mary Schapiro (Chairman of the SEC)  
The statements and comments that  
Caral has issued in her letter

are speaking for many of us who  
face the same situation - my  
husband spent 21 years in the  
Marines, protecting this country,  
and to see it destroyed before  
our eyes is almost too much to  
bear - so we are adding our  
names to Caral's letter - Thank you  
so much, for anything you can  
do to alter this situation
