To The RE: ES 129326
Head of The SEC,
I don't know your
Name, But I knew
Mr. Cox's Name, and
you were just appointed
By The President of
The United-States.

I would like to
say this just one
more time, like several
other people have said
it to me, just when
are you going to put
the up-tick back on
the shorts, just how
do you think we can
make any money on
the long side, when
these shorts can short
all day??

@
How Do you Think, We
as Small Time Investors
Can, Make any Money,
Also, for our children
& Grand-children later in
life?? This is Not fair
To Have This, The way it
is Now, And many, many &
many Investors want This
Back The way it was, It
is Just Not Right; why
Did Mr Cox's change This
anyway?? It was alright
Before, up tick on shorts,
Not so Easy the way it
is Now, go Back to the
up-Tick, and $\frac{1}{2}$ $\frac{3}{8}$ $\frac{1}{2}$ $\frac{5}{8}$ and
so on The way it was, there
was a very important Man
on (EBC) Channel 39 & HD 216
who said the same thing
I am Telling you.

(Next Page)

Just what are you
wanting fore ??? I
Think it is only Right
That you give The
Small Investor who is
Trying to make a
few Dollars for His
family & Children for
later years, But The
way the market is
going, It is Hard
Enough as it is, above
Having the Short So
Easy? Like as Small
Investor, are in the market
for a long Pull, Not like
The Short, in about 10 or
15 Times as Bad ???
So Please Put them Back
the way it was for
Many, Many, Many years!
There was No Reason to
change this at all !!
Ever - Next Page

who had all the Power
to make Mr ~~Mr~~ Cox's
change this The Big
shots??, This is not Right
Between me, Please change
this Back the way it
was & I am sure it
will change the way
the market is performing,
or it will make a
Difference, I am sure??
Do it, and you will see??
Look at Price-Live stock it
has come up 20 Points,
when the market was going
Down, you know why??
All the Rich People
bought it & short it They
have the money to do
this?? I don't, just
a small investor??

Chairwomen:

I am so, so, so, Glad That you are
 going to change the up-Tick Back
 where it was, I should have been
 right along, like I have been writing
 you & everybody else to get this
 changed back, How How, about, The
 $\frac{1}{8}$ $\frac{3}{8}$ $\frac{5}{8}$ $\frac{1}{2}$ $\frac{3}{4}$ $\frac{7}{8}$ and so on, which
 was also changed at the same
 time ??? This ^{is} Not going to help
 the market or the long buyers, if
 this is also ^{Not} put back on, also.
 If you leave this the way it
 should not be pennies, pennies, pennies,
 this will not be fair, so you &
 who ever-else have to put the $\frac{1}{8}$ $\frac{3}{8}$ $\frac{5}{8}$
 $\frac{1}{2}$ $\frac{3}{4}$ $\frac{5}{8}$ $\frac{3}{4}$ $\frac{7}{8}$ and so on like it was,
 when, Mr. Cox and who ever changed this
 up-Tick Arrangement ???? pennies ??

You & Mr. Frank's & who Else,
you change this just like I
am talking about & see how
nice the market will move??
like I said these movements
should have been put back along
time ago, I want to thank
you & Mr. Frank's for putting
this in motion & the way it
was, sometime ago, like I said,
and believe me I & you & Mr.
Frank's & who Else, will be right.
I am also believing, that people
will make more ^{money} ~~money~~ & spend more
it, they have more, which a few
years back, everything was great,
and we did not have this up-tick
taken off then, and we really, really
need this back on, and I repeat,
you & Mr. Frank's & who Else will
see the differences in the stock
market. (Over,

I am almost Positive these
Shorts Have Did a lot of
Damage, So Easy to Short ???
I just Did Not Believe, when
Mr Cox's & who Else Did This??
He Made this Just Two
Easy Believe Me, It
Was Doing just alright
Before, And it will Do
Better, if this is Restarted.

Make

Thank you.
