

August 11, 2015

Dear Secretary Brent J. Fields:

I am writing to comment on the proposed new regulation Rule 30e-3 and ask that it not be implemented. I, like most Americans, have a strong preference to receive, read, and retain all my annual reports and other critical shareholder documents in hard-copy via U.S. mail. I ask that this proposal be rejected and the electronic transmission of these items be an opt-in choice while leaving paper as the default method of distribution. Thank you for considering my input.

Monty Ferguson
