Re: Reporting of Securities Loans (File No. S7-18-21)

Dear Secretary Countryman:

I am writing in strong support of rule 10c-1, "Reporting of Securities Loans".

I am tired of hedge funds ruling the markets. They don't represent the people and more often than not cause the largest economic crises that end up hurting people globally. This rule will prevent hiding in the shadows and loopholes and provide light to what these funds are doing.

Companies fallen victim to abusive hedge fund practices have no defense against what the funds are doing to them. Being able to short stocks in dark pools hides price discovery and removes and real competition in the markets.

Retail investors rely on the market to be fair. If the rules are rigged from the start how can a retail investor win? Allow everyone to have the same access to the data.

Sincerely,

A Concerned Investor
