Dear Chairman Clayton,

My name is John Burke. I live in Florida and have served many US Veterans. My wife and I both work for the government. She as an employee and I as a contractor.

I was just made aware of this rule and cannot believe the audacity of proxy firms voting against the American Worker..

I applaud you for making it known and protecting the interests of hard working Americans.

Be encouraged. Keep up the good work.

Sincerely,

John M. Burke
