Re: Rule Proposal No. 34-96493; File No. S7-29-22 Disclosure of Order Execution Information

Ms. Countryman:

I am writing to express my support for the proposed amendments to improve visibility to order execution information. Improving visibility of execution quality and enhancing access to summary reports to make this data more digestible and actionable are important goals that I urge the commission to continue pursuing.

Sincerely,
Alexander Kolliopoulos
Individual Retail Investor
