**RE: File No. S7-29-22; Release No. 34-96493; Disclosure of Order Execution Information**

Dear Ms. Countryman:

I am a class action attorney and individual household investor who has been paying attention to our financial markets for some time. I support Proposed Rule No. 34-96493 because it helps ensure brokers act consistent with their Best Execution duties and helps expose instances in which those fiduciary obligations are being flouted, to the harm of household investors. Please pass Proposed Rule 34-96493.

Very Truly Yours,

Jack Fitzgerald
