Re: File Number S7-45-10
SEC proposal to require officers of governmental entities to register as "municipal advisors"
Release 34-63576

Dear Chairman Schapiro and Members of the Commission;

I am writing to comment on the definition of "municipal advisor" as proposed in Release 34-63576 concerning registration of municipal advisors. The City of Winston-Salem recently submitted a comment advising that appointed board members and officials of a municipal entity should be considered employees of a municipal entity and therefore exempt from the registration requirement. The Risk Acceptance Management Corporation ("RAMCO") concurs with the advise and joins the City of Winston-Salem in requesting an expansion of the definition of employees to include appointed board members and officials thereby excluding them from the registration requirement.

In addition, RAMCO request that the definition and therefore the exclusion be expanded to apply to employees of a municipal entity that also serve on the board of a non-profit entity such as RAMCO which was organized for the purpose of assisting the City of Winston-Salem in risk management and administration of claims, including by way of illustration and not limitation, claims for damages from general comprehensive risks, automobile and vehicular risks, and public officials and police officers' risk. The employees of the City of Winston-Salem merely serve on the RAMCO board for the primary benefit of their employer, the City of Winston-Salem. It should be made clear that these city employees will not lose their exemption as municipal employees simply because of their service as board members of a non-profit entity organized for the City's primary benefit.

It would be helpful to clarify the definition and exemption to allow the aforementioned employees to maintain their exemption from the registration requirements while they serve as both municipal employees and board members. I respectfully request that you consider such a revision to the proposed rules thereby eliminating any costly and unintended consequences resulting therefrom.

Sincerely,

Angela L. Carmon
City Attorney on behalf of
Risk Management Acceptance Corporation
