

February 9, 2011

Dear Sir or Madam:

I sit on a board of all volunteers, it is a Tax Reinvestment Board and a Public Improvement District for The City of Houston, TIRZ #1 and PID #1. I am also a past board chairman. These boards are made up of volunteers who live in the community and donate their time and efforts, this time and effort takes away from the business's that they own, or the profession that they are in. It is totally unacceptable to require us to be licensed as they are not full time financial planners or advisors, please revisit this. If this become law it will eliminate the people from these boards.

Thanking you in advance for your cooperation,  
Walter S. Goff
