(a) Purpose

This Amendment No. 2 to SR-BatsBZX-2017-58 amends and replaces in its entirety Amendment No. 1 to the proposal, which was submitted on December 29, 2017 and amended and replaced in its entirety the proposal as originally submitted on September 19, 2017. The Exchange submits this Amendment No. 2 in order to clarify certain points and add additional details about the Fund.

The Exchange proposes to list and trade shares (“Shares”) of Cboe Vest S&P 500[®] Dividend Aristocrats[®] Target Income Index ETF (the “Fund”) under Rule 14.11(c)(3), which governs the listing and trading of Index Fund Shares on the Exchange. The Fund will be an index-based exchange traded fund (“ETF”). The Fund will track the Cboe S&P 500[®] Dividend Aristocrats[®] Target Income Index (the “Index”).

The Shares will be offered by the Trust, which was established as a Delaware statutory trust on February 9, 2012. The Trust is registered with the Commission as an open-end investment company and has filed a registration statement on behalf of the Fund on Form N-1A (“Registration Statement”) with the Commission.³ The Fund’s index provider, Chicago Board Options Exchange (“Cboe” or the “Index Provider”), is affiliated with the Exchange.⁴ The Index Provider and Cboe Vest Financial LLC (the

³ See Registration Statement on Form N-1A for the Trust, dated September 22, 2017 (File Nos. 333-179562 and 811-22668). The descriptions of the Fund and the Shares contained herein are based, in part, on information in the Registration Statement. The Commission has not yet issued an order granting exemptive relief to the Trust under the Investment Company Act of 1940 (15 U.S.C. 80a-1) applicable to the activities of the Fund, but the Fund will not be listed on the Exchange until such an order is issued and any conditions contained therein are satisfied.

⁴ The Exchange notes that there are numerous products that are listed and traded on a national securities exchange that have an index provider that is affiliated with

“Adviser”) are also affiliates and have implemented and will maintain a “fire wall” with respect to their respective personnel regarding access to information concerning the composition and/or changes to the underlying index or portfolio, as applicable. The Adviser and the Index Provider are not registered as a broker-dealer, but are affiliated with a broker-dealer. The Index Provider has implemented and will maintain a “fire wall” with respect to such broker-dealer and its personnel regarding access to information concerning the composition and/or changes to the Index. In addition, Index Provider personnel who make decisions regarding the Index composition or methodology are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Index, pursuant to Rule 14.11(c)(5)(A)(iii). The Adviser has also implemented and will maintain a “fire wall” with respect to such broker-dealer and its personnel regarding access to information concerning the composition and/or changes to the portfolio. In addition, Adviser personnel who make decisions regarding the Fund’s portfolio are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Fund’s portfolio. In the event that (a) the Adviser becomes registered as a broker-dealer or newly affiliated with another broker-dealer; or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer; it will implement a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information

the listing exchange, whether approved by the Commission, such as the CBOE Russell PutWrite Strategy Fund, or listed pursuant to the applicable generic listing standards, such as the First Trust NYSE Arca Biotechnology ETF. See Securities Exchange Act Release No. 81876 (October 16, 2017), 82 FR 48861 (October 20, 2017) (SR-BatsBZX-2017-53) (Order Granting Approval of a Proposed Rule Change To List and Trade Shares of the WisdomTree CBOE Russell 2000 PutWrite Strategy Fund).

concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio. The Exchange also notes that the Adviser is a BZX Affiliate as defined in Rule 14.3(e)(1)(A),⁵ but the Fund is not an Affiliate Security, as defined in Rule 14.11(e)(1)(B),⁶ and is therefore not subject to the additional requirements applicable to Affiliate Securities because such definition explicitly excludes Index Fund Shares. The Fund intends to qualify each year as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended.

The Exchange is submitting this proposed rule change because the Index does not meet all of the “generic” listing requirements of Rule 14.11(c)(3)(A)(i), applicable to the listing of Index Fund Shares based upon an index of “U.S. Component Stocks.”⁷ Specifically, Rule 14.11(c)(3)(A)(i) sets forth the requirements to be met by components of an index or portfolio of U.S. Component Stocks. Because the Index includes derivatives, rather than exclusively holding “U.S. Component Stocks” as defined in Rule

⁵ As defined in Rule 14.3(e)(1)(A), the term “BZX Affiliate” means the Exchange and any entity that directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with the Exchange, where “control” means that one entity possesses, directly or indirectly, voting control of the other entity either through ownership of capital stock or other equity securities or through majority representation on the board of directors or other management body of such entity.

⁶ As defined in Rule 14.3(e)(1)(B), the term “Affiliate Security” means any security issued by a BZX Affiliate or any Exchange-listed option on any such security, with the exception of Portfolio Depository Receipts as defined in Rule 14.11(b) and Index Fund Shares as defined in Rule 14.11(c).

⁷ As defined in Rule 14.11(c)(1)(D), the term “U.S. Component Stock” shall mean an equity security that is registered under Sections 12(b) or 12(g) of the Act, or an American Depositary Receipt, the underlying equity security of which is registered under Sections 12(b) or 12(g) of the Act.

14.11(c)(1)(D), it does not satisfy the requirements of Rule 14.11(c)(3)(A)(i).⁸

The Shares will conform to the initial and continued listing criteria under Rule 14.11(c), except that the Index will not meet the requirements of Rule 14.11(c)(3)(A)(i)(a)-(e) in that the Index will be composed of U.S. Component Stocks and options based on U.S. Component Stocks (i.e., FLEX Options and/or standardized options that reference a single U.S. Component Stock), rather than exclusively holding U.S. Component Stocks.

The Fund seeks to track the performance, before fees and expenses, of the Cboe S&P 500[®] Dividend Aristocrats[®] Target Income Index (the “Index” for purposes of this section). The Index is a rules-based buy-write index created by the Index Provider, an affiliate of the Fund’s investment adviser, and designed with the primary goal of generating an annualized level of income that is approximately 3.5% over the annual dividend yield of the S&P 500 Index and a secondary goal of generating price returns that are proportional to the price returns of the S&P 500 Index.

The Index is composed of two parts: (1) an equal-weighted portfolio of the stocks contained in the S&P 500 Dividend Aristocrats Index (the “Aristocrat Stocks”) that have options that trade on a national securities exchange and (2) a rolling series of short

⁸ Rule 14.11(c)(3)(A)(i)(e) provides that all securities in the applicable index or portfolio shall be U.S. Component Stocks listed on a national securities exchange and shall be NMS Stocks as defined in Rule 600 under Regulation NMS of the Act. Each component stock of the S&P 500 is a U.S. Component Stock that is listed on a national securities exchange and is an NMS Stock. Options are excluded from the definition of NMS Stock. The Fund and the Index meet all of the requirements of the listing standards for Index Fund Shares in Rule 14.11(c)(3), except the requirements in Rule 14.11(c)(3)(A)(i)(a)-(e), as the Index includes options on U.S. Component Stocks. The S&P 500 consists of U.S. Component Stocks and satisfies the requirements of Rule 14.11(c)(3)(A)(i)(a)-(e).

weekly or monthly call options on each of the Aristocrat Stocks (the “Covered Calls”).

The S&P 500 Dividend Aristocrats Index generally includes companies in the S&P 500 Index that have increased dividend payments each year for at least 25 consecutive years and meet certain market capitalization and liquidity requirements. There are currently 51 stocks in the Index and at each annual reconstitution, the minimum number of constituent stocks is 40.

The Covered Calls are written (sold)⁹ each week or month, typically expire the following week or month, respectively, and have a strike price as close as possible to the closing price of the underlying Aristocrat Stock at the time the Covered Call is written. The Index employs a “partial covered call strategy,” meaning that Covered Calls will be written on a notional value of no more than 20% of the value of the underlying Aristocrat Stock, such that the short position in the call option is “covered” by a portion of the long underlying asset. The exact amount of Covered Calls written is based on a calculation designed to result in the Index generating a total yield from (i) dividends from the Aristocrat Stocks and (ii) premiums from writing Covered Calls that is 3.5% higher annually than the yield from dividends of the S&P 500 Index constituents.

The equity component of the Index is rebalanced (i.e., weights are reset to equal-weighted) quarterly effective after the close of the last business day of each January, April, July, and October and reconstituted (i.e., Aristocrat Stocks are added and deleted according to the Index rules) annually effective after the close of the last business day of

⁹ The Index is a hypothetical portfolio of options and equity securities. As such, the Index cannot actually buy or sell an option or equity security, but the Index reflects the value of such transactions as if the Index could actually engage in them. The Index is described as “buying” and “selling” options to aid investors in understanding how the Fund will act in tracking the Index.

each January.

The Fund attempts to invest all, or substantially all, of its assets in the component securities that make up the Index. Under Normal Market Conditions,¹⁰ at least 80% of the Fund's total assets (exclusive of any collateral held from securities lending) will be invested in the component securities of the Index. The Fund may hold up to 20% of its assets in instruments that are not included in the Index, including only the following: U.S. exchange-listed ETFs that provide broad-based exposure to US large cap stocks, U.S. exchange-listed FLEX and/or standardized options on such ETFs, U.S. exchange-listed FLEX and/or standardized options on the S&P 500 Index, and cash and cash equivalents.¹¹ The Fund will hold only U.S. exchange-listed equity securities, U.S. exchange-listed FLEX and/or standardized exchange-listed options on exchange-listed equity securities, U.S. exchange-listed FLEX and/or standardized exchange-listed options on U.S. equity indexes, and cash and cash equivalents.

¹⁰ As defined in Rule 14.11(i)(3)(E), the term "Normal Market Conditions" includes, but is not limited to, the absence of trading halts in the applicable financial markets generally; operational issues causing dissemination of inaccurate market information or system failures; or force majeure type events such as natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption, or any similar intervening circumstance.

¹¹ For purposes of this proposal, cash equivalents include short-term instruments with maturities of less than three months, including: (i) U.S. Government securities, including bills, notes, and bonds differing as to maturity and rates of interest, which are either issued or guaranteed by the U.S. Treasury or by U.S. Government agencies or instrumentalities; (ii) certificates of deposit issued against funds deposited in a bank or savings and loan association; (iii) bankers acceptances, which are short-term credit instruments used to finance commercial transactions; (iv) repurchase agreements and reverse repurchase agreements; (v) bank time deposits, which are monies kept on deposit with banks or savings and loan associations for a stated period of time at a fixed rate of interest; (vi) commercial paper, which are short-term unsecured promissory notes; and (vii) money market funds.

In addition, the Exchange represents that, except as described above, the Shares and the Index will meet each of the initial and continued listing criteria in BZX Rule 14.11(c) with the exception Rule 14.11(c)(3)(A)(i), applicable to the listing of Index Fund Shares based upon an index of “U.S. Component Stocks.” The Trust is required to comply with Rule 10A-3 under the Act for the initial and continued listing of the Shares of the Fund. In addition, the Exchange represents that the Shares of the Fund will comply with all other requirements applicable to Index Fund Shares including, but not limited to, requirements relating to the dissemination of key information such as the Disclosed Portfolio, Net Asset Value, and the Intraday Indicative Value, rules governing the trading of equity securities, trading hours, trading halts, surveillance, and the information circular, as set forth in Exchange rules applicable to Index Fund Shares and the orders approving such rules. Moreover, all of the instruments held by the Fund other than the cash equivalents will be U.S. exchange-listed and will trade on markets that are a member of Intermarket Surveillance Group (“ISG”) or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.¹²

Quotation and last sale information for standardized options will be available via the Options Price Reporting Authority. RFQ information for FLEX Options will be available directly from the listing exchange. Last sale information for FLEX Options will be available via the Options Price Reporting Authority. The intra-day, closing and settlement prices of exchange-traded options (both standardized and FLEX Options) will

be readily available from the options exchanges, automated quotation systems, published or other public sources, or online information services such as Bloomberg or Reuters. Price information on Treasury bills and other cash equivalents is available from major broker-dealer firms or market data vendors, as well as from automated quotation systems, published or other public sources, or online information services. Quotation and last sale information on the Shares will be available through the Consolidated Tape Association. Information regarding the previous day's closing price and trading volume for the Shares will be published daily in the financial section of newspapers. The Intraday Indicative Value for the Fund will be disseminated in compliance with Rule 14.11(c)(3)(C) and will be updated at least every 15 seconds. Trading in the Shares may be halted for market conditions or for reasons that, in the view of the Exchange, make trading inadvisable. Similarly, trading in the Shares will be halted where there is an interruption to the Intraday Indicative Value being disseminated at least every 15 seconds during Regular Trading Hours and such interruption persists past the trading day in which it occurred. The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. The Exchange has appropriate rules to facilitate trading in the shares during all trading sessions. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange.

The Exchange or FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and exchange-traded options contracts with other markets and other entities that are members of the ISG and may obtain trading information regarding trading in the Shares and exchange-traded options contracts from such markets

and other entities. The Exchange is also able to access, as needed, trade information for certain fixed income instruments reported to FINRA's Trade Reporting and Compliance Engine ("TRACE"). In addition, the Exchange may obtain information regarding trading in the Shares and exchange-traded options contracts from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees. The Fund's portfolio holdings will be disclosed daily on the issuer's website prior to the commencement of trading on the Exchange.

All statements and representations made in this filing regarding the index composition, the description of the portfolio or reference assets, limitations on portfolio holdings or reference assets, dissemination and availability of index, reference asset, and Intraday Indicative Values, and the applicability of Exchange rules specified in this filing shall constitute continued listing requirements for the Fund. The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund or the Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will surveil for compliance with the continued listing requirements. If the Fund or the Shares are not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under Exchange Rule 14.12.

b. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the

Act¹³ in general and Section 6(b)(5) of the Act¹⁴ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest in that the Shares of the Fund will meet each of the initial and continued listing criteria in BZX Rule 14.11(c) with the exception Rule 14.11(c)(3)(A)(i), applicable to the listing of Index Fund Shares based upon an index of “U.S. Component Stocks.” Specifically, Rule 14.11(c)(3)(A)(i) sets forth the requirements to be met by components of an index or portfolio of U.S. Component Stocks. Because the Index contains options, rather than exclusively containing “U.S. Component Stocks” as defined in Rule 14.11(c)(1)(D), the Index does not satisfy the requirements of Rule 14.11(c)(3)(A)(i),¹⁵ however, the generic listing rules for Managed Fund Shares do allow

¹³ 15 U.S.C. 78f.

¹⁴ 15 U.S.C. 78f(b)(5).

¹⁵ Rule 14.11(c)(3)(A)(i)(e) provides that all securities in the applicable index or portfolio shall be U.S. Component Stocks listed on a national securities exchange

for a portfolio to hold listed derivatives. The Exchange notes that, while the Fund will be a series of Index Fund Shares listed on the Exchange under Rule 14.11(c), the Fund will comply with the generic listing standards applicable to Managed Fund Shares under Rule 14.11(i) that would allow a series of Managed Fund Shares with the exact same holdings as are included in both the Index and the Fund to list on the Exchange without requiring the submission and SEC approval of a rule filing pursuant to Section 19(b)(2) of the Act. While Index Fund Shares track the value of an index and Managed Fund Shares are based on an actively managed portfolio and are not generally designed to track an underlying reference asset, the Exchange believes that there are no substantive issues that are unique to Index Fund Shares that were not considered in the Commission's approval of the generic listing rules for Managed Fund Shares. As such, the Exchange believes that this proposal similarly does not raise any substantive issues that were not otherwise addressed in the Commission's approval of the generic listing rules for Managed Fund Shares and that the Commission should act expeditiously to approve this proposal.

The Exchange also represents that, except as described above, the Fund will satisfy, on an initial and continued listing basis, all of the generic listing standards under BZX Rule 14.11(c)(3)(A)(i) and all other applicable requirements for Index Fund Shares under Rule 14.11(c). The Trust is required to comply with Rule 10A-3 under the Act for the initial and continued listing of the Shares of the Fund. In addition, the Exchange represents that the Shares of the Fund will comply with all other requirements applicable to Index Fund Shares including, but not limited to, requirements relating to the

and shall be NMS Stocks as defined in Rule 600 under Regulation NMS of the Act.

dissemination of key information such as the Disclosed Portfolio, Net Asset Value, and the Intraday Indicative Value, rules governing the trading of equity securities, trading hours, trading halts, surveillance, and the information circular, as set forth in Exchange rules applicable to Index Fund Shares and the orders approving such rules. Moreover, all of the options contracts held by the Fund will trade on markets that are a member of ISG or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.¹⁶ All statements and representations made in this filing regarding the index composition, the description of the portfolio or reference assets, limitations on portfolio holdings or reference assets, dissemination and availability of index, reference asset, and Intraday Indicative Values, and the applicability of Exchange rules specified in this filing shall constitute continued listing requirements for the Fund. The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund or the Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will surveil for compliance with the continued listing requirements. If the Fund or the Shares are not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under Exchange Rule 14.12.

For the above reasons, the Exchange believes that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

4. Self-Regulatory Organization's Statement on Burden on Competition

¹⁶ For a list of the current members and affiliate members of ISG, see www.isgportal.com. The Exchange notes that not all components of the Disclosed Portfolio for the Fund may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The Exchange notes that the proposed rule change will facilitate the listing and trading of an additional type of Index Fund Shares that will enhance competition among market participants, to the benefit of investors and the marketplace.

This Amendment No. 2 to SR-BatsBZX-2017-58 amends and replaces in its entirety Amendment No. 1 to the proposal, which was submitted on December 29, 2017 and amended and replaced in its entirety the proposal as originally submitted on September 19, 2017. The Exchange submits this Amendment No. 2 in order to clarify certain points and add additional details about the Fund.

The Exchange proposes to list and trade shares ("Shares") of Cboe Vest S&P 500[®] Dividend Aristocrats[®] Target Income Index ETF (the "Fund") under Rule 14.11(c)(3), which governs the listing and trading of Index Fund Shares on the Exchange. The Fund will be an index-based exchange traded fund ("ETF"). The Fund will track the Cboe S&P 500[®] Dividend Aristocrats[®] Target Income Index (the "Index").

The Shares will be offered by the Trust, which was established as a Delaware statutory trust on February 9, 2012. The Trust is registered with the Commission as an open-end investment company and has filed a registration statement on behalf of the

Fund on Form N-1A (“Registration Statement”) with the Commission.³ The Fund’s index provider, Chicago Board Options Exchange (“Cboe” or the “Index Provider”), is affiliated with the Exchange.⁴ The Index Provider and Cboe Vest Financial LLC (the “Adviser”) are also affiliates and have implemented and will maintain a “fire wall” with respect to their respective personnel regarding access to information concerning the composition and/or changes to the underlying index or portfolio, as applicable. The Adviser and the Index Provider are not registered as a broker-dealer, but are affiliated with a broker-dealer. The Index Provider has implemented and will maintain a “fire wall” with respect to such broker-dealer and its personnel regarding access to information concerning the composition and/or changes to the Index. In addition, Index Provider personnel who make decisions regarding the Index composition or methodology are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Index, pursuant to Rule 14.11(c)(5)(A)(iii). The Adviser has also implemented and will maintain a “fire wall” with respect to such broker-dealer and

³ See Registration Statement on Form N-1A for the Trust, dated September 22, 2017 (File Nos. 333-179562 and 811-22668). The descriptions of the Fund and the Shares contained herein are based, in part, on information in the Registration Statement. The Commission has not yet issued an order granting exemptive relief to the Trust under the Investment Company Act of 1940 (15 U.S.C. 80a-1) applicable to the activities of the Fund, but the Fund will not be listed on the Exchange until such an order is issued and any conditions contained therein are satisfied.

⁴ The Exchange notes that there are numerous products that are listed and traded on a national securities exchange that have an index provider that is affiliated with the listing exchange, whether approved by the Commission, such as the CBOE Russell PutWrite Strategy Fund, or listed pursuant to the applicable generic listing standards, such as the First Trust NYSE Arca Biotechnology ETF. See Securities Exchange Act Release No. 81876 (October 16, 2017), 82 FR 48861 (October 20, 2017) (SR-BatsBZX-2017-53) (Order Granting Approval of a Proposed Rule Change To List and Trade Shares of the WisdomTree CBOE Russell 2000 PutWrite Strategy Fund).

its personnel regarding access to information concerning the composition and/or changes to the portfolio. In addition, Adviser personnel who make decisions regarding the Fund's portfolio are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Fund's portfolio. In the event that (a) the Adviser becomes registered as a broker-dealer or newly affiliated with another broker-dealer; or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer; it will implement a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio. The Exchange also notes that the Adviser is a BZX Affiliate as defined in Rule 14.3(e)(1)(A),⁵ but the Fund is not an Affiliate Security, as defined in Rule 14.11(e)(1)(B),⁶ and is therefore not subject to the additional requirements applicable to Affiliate Securities because such definition explicitly excludes Index Fund Shares. The Fund intends to qualify each year as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended.

⁵ As defined in Rule 14.3(e)(1)(A), the term "BZX Affiliate" means the Exchange and any entity that directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with the Exchange, where "control" means that one entity possesses, directly or indirectly, voting control of the other entity either through ownership of capital stock or other equity securities or through majority representation on the board of directors or other management body of such entity.

⁶ As defined in Rule 14.3(e)(1)(B), the term "Affiliate Security" means any security issued by a BZX Affiliate or any Exchange-listed option on any such security, with the exception of Portfolio Depository Receipts as defined in Rule 14.11(b) and Index Fund Shares as defined in Rule 14.11(c).

The Exchange is submitting this proposed rule change because the Index does not meet all of the “generic” listing requirements of Rule 14.11(c)(3)(A)(i), applicable to the listing of Index Fund Shares based upon an index of “U.S. Component Stocks.”⁷ Specifically, Rule 14.11(c)(3)(A)(i) sets forth the requirements to be met by components of an index or portfolio of U.S. Component Stocks. Because the Index includes derivatives, rather than exclusively holding “U.S. Component Stocks” as defined in Rule 14.11(c)(1)(D), it does not satisfy the requirements of Rule 14.11(c)(3)(A)(i).⁸

The Shares will conform to the initial and continued listing criteria under Rule 14.11(c), except that the Index will not meet the requirements of Rule 14.11(c)(3)(A)(i)(a)-(e) in that the Index will be composed of U.S. Component Stocks and options based on U.S. Component Stocks (i.e., FLEX Options and/or standardized options that reference a single U.S. Component Stock), rather than exclusively holding U.S. Component Stocks.

The Fund seeks to track the performance, before fees and expenses, of the Cboe S&P 500[®] Dividend Aristocrats[®] Target Income Index (the “Index” for purposes of this

⁷ As defined in Rule 14.11(c)(1)(D), the term “U.S. Component Stock” shall mean an equity security that is registered under Sections 12(b) or 12(g) of the Act, or an American Depositary Receipt, the underlying equity security of which is registered under Sections 12(b) or 12(g) of the Act.

⁸ Rule 14.11(c)(3)(A)(i)(e) provides that all securities in the applicable index or portfolio shall be U.S. Component Stocks listed on a national securities exchange and shall be NMS Stocks as defined in Rule 600 under Regulation NMS of the Act. Each component stock of the S&P 500 is a U.S. Component Stock that is listed on a national securities exchange and is an NMS Stock. Options are excluded from the definition of NMS Stock. The Fund and the Index meet all of the requirements of the listing standards for Index Fund Shares in Rule 14.11(c)(3), except the requirements in Rule 14.11(c)(3)(A)(i)(a)-(e), as the Index includes options on U.S. Component Stocks. The S&P 500 consists of U.S. Component Stocks and satisfies the requirements of Rule 14.11(c)(3)(A)(i)(a)-(e).

section). The Index is a rules-based buy-write index created by the Index Provider, an affiliate of the Fund's investment adviser, and designed with the primary goal of generating an annualized level of income that is approximately 3.5% over the annual dividend yield of the S&P 500 Index and a secondary goal of generating price returns that are proportional to the price returns of the S&P 500 Index.

The Index is composed of two parts: (1) an equal-weighted portfolio of the stocks contained in the S&P 500 Dividend Aristocrats Index (the "Aristocrat Stocks") that have options that trade on a national securities exchange and (2) a rolling series of short weekly or monthly call options on each of the Aristocrat Stocks (the "Covered Calls"). The S&P 500 Dividend Aristocrats Index generally includes companies in the S&P 500 Index that have increased dividend payments each year for at least 25 consecutive years and meet certain market capitalization and liquidity requirements. There are currently 51 stocks in the Index and at each annual reconstitution, the minimum number of constituent stocks is 40.

The Covered Calls are written (sold)⁹ each week or month, typically expire the following week or month, respectively, and have a strike price as close as possible to the closing price of the underlying Aristocrat Stock at the time the Covered Call is written. The Index employs a "partial covered call strategy," meaning that Covered Calls will be written on a notional value of no more than 20% of the value of the underlying Aristocrat Stock, such that the short position in the call option is "covered" by a portion of the long

⁹ The Index is a hypothetical portfolio of options and equity securities. As such, the Index cannot actually buy or sell an option or equity security, but the Index reflects the value of such transactions as if the Index could actually engage in them. The Index is described as "buying" and "selling" options to aid investors in understanding how the Fund will act in tracking the Index.

underlying asset. The exact amount of Covered Calls written is based on a calculation designed to result in the Index generating a total yield from (i) dividends from the Aristocrat Stocks and (ii) premiums from writing Covered Calls that is 3.5% higher annually than the yield from dividends of the S&P 500 Index constituents.

The equity component of the Index is rebalanced (i.e., weights are reset to equal-weighted) quarterly effective after the close of the last business day of each January, April, July, and October and reconstituted (i.e., Aristocrat Stocks are added and deleted according to the Index rules) annually effective after the close of the last business day of each January.

The Fund attempts to invest all, or substantially all, of its assets in the component securities that make up the Index. Under Normal Market Conditions,¹⁰ at least 80% of the Fund's total assets (exclusive of any collateral held from securities lending) will be invested in the component securities of the Index. The Fund may hold up to 20% of its assets in instruments that are not included in the Index, including only the following: U.S. exchange-listed ETFs that provide broad-based exposure to US large cap stocks, U.S. exchange-listed FLEX and/or standardized options on such ETFs, U.S. exchange-listed FLEX and/or standardized options on the S&P 500 Index, and cash and cash

¹⁰ As defined in Rule 14.11(i)(3)(E), the term "Normal Market Conditions" includes, but is not limited to, the absence of trading halts in the applicable financial markets generally; operational issues causing dissemination of inaccurate market information or system failures; or force majeure type events such as natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption, or any similar intervening circumstance.

equivalents.¹¹ The Fund will hold only U.S. exchange-listed equity securities, U.S. exchange-listed FLEX and/or standardized exchange-listed options on exchange-listed equity securities, U.S. exchange-listed FLEX and/or standardized exchange-listed options on U.S. equity indexes, and cash and cash equivalents.

In addition, the Exchange represents that, except as described above, the Shares and the Index will meet each of the initial and continued listing criteria in BZX Rule 14.11(c) with the exception Rule 14.11(c)(3)(A)(i), applicable to the listing of Index Fund Shares based upon an index of “U.S. Component Stocks.” The Trust is required to comply with Rule 10A-3 under the Act for the initial and continued listing of the Shares of the Fund. In addition, the Exchange represents that the Shares of the Fund will comply with all other requirements applicable to Index Fund Shares including, but not limited to, requirements relating to the dissemination of key information such as the Disclosed Portfolio, Net Asset Value, and the Intraday Indicative Value, rules governing the trading of equity securities, trading hours, trading halts, surveillance, and the information circular, as set forth in Exchange rules applicable to Index Fund Shares and the orders approving such rules. Moreover, all of the instruments held by the Fund other than the

¹¹ For purposes of this proposal, cash equivalents include short-term instruments with maturities of less than three months, including: (i) U.S. Government securities, including bills, notes, and bonds differing as to maturity and rates of interest, which are either issued or guaranteed by the U.S. Treasury or by U.S. Government agencies or instrumentalities; (ii) certificates of deposit issued against funds deposited in a bank or savings and loan association; (iii) bankers acceptances, which are short-term credit instruments used to finance commercial transactions; (iv) repurchase agreements and reverse repurchase agreements; (v) bank time deposits, which are monies kept on deposit with banks or savings and loan associations for a stated period of time at a fixed rate of interest; (vi) commercial paper, which are short-term unsecured promissory notes; and (vii) money market funds.

cash equivalents will be U.S. exchange-listed and will trade on markets that are a member of Intermarket Surveillance Group (“ISG”) or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.¹²

Quotation and last sale information for standardized options will be available via the Options Price Reporting Authority. RFQ information for FLEX Options will be available directly from the listing exchange. Last sale information for FLEX Options will be available via the Options Price Reporting Authority. The intra-day, closing and settlement prices of exchange-traded options (both standardized and FLEX Options) will be readily available from the options exchanges, automated quotation systems, published or other public sources, or online information services such as Bloomberg or Reuters. Price information on Treasury bills and other cash equivalents is available from major broker-dealer firms or market data vendors, as well as from automated quotation systems, published or other public sources, or online information services. Quotation and last sale information on the Shares will be available through the Consolidated Tape Association. Information regarding the previous day’s closing price and trading volume for the Shares will be published daily in the financial section of newspapers. The Intraday Indicative Value for the Fund will be disseminated in compliance with Rule 14.11(c)(3)(C) and will be updated at least every 15 seconds. Trading in the Shares may be halted for market conditions or for reasons that, in the view of the Exchange, make trading inadvisable. Similarly, trading in the Shares will be halted where there is an interruption to the

Intraday Indicative Value being disseminated at least every 15 seconds during Regular Trading Hours and such interruption persists past the trading day in which it occurred. The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. The Exchange has appropriate rules to facilitate trading in the shares during all trading sessions. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange.

The Exchange or FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares and exchange-traded options contracts with other markets and other entities that are members of the ISG and may obtain trading information regarding trading in the Shares and exchange-traded options contracts from such markets and other entities. The Exchange is also able to access, as needed, trade information for certain fixed income instruments reported to FINRA's Trade Reporting and Compliance Engine ("TRACE"). In addition, the Exchange may obtain information regarding trading in the Shares and exchange-traded options contracts from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees. The Fund's portfolio holdings will be disclosed daily on the issuer's website prior to the commencement of trading on the Exchange.

All statements and representations made in this filing regarding the index composition, the description of the portfolio or reference assets, limitations on portfolio holdings or reference assets, dissemination and availability of index, reference asset, and

Intraday Indicative Values, and the applicability of Exchange rules specified in this filing shall constitute continued listing requirements for the Fund. The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund or the Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will surveil for compliance with the continued listing requirements. If the Fund or the Shares are not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under Exchange Rule 14.12.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act¹³ in general and Section 6(b)(5) of the Act¹⁴ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and

the public interest in that the Shares of the Fund will meet each of the initial and continued listing criteria in BZX Rule 14.11(c) with the exception Rule 14.11(c)(3)(A)(i), applicable to the listing of Index Fund Shares based upon an index of “U.S. Component Stocks.” Specifically, Rule 14.11(c)(3)(A)(i) sets forth the requirements to be met by components of an index or portfolio of U.S. Component Stocks. Because the Index contains options, rather than exclusively containing “U.S. Component Stocks” as defined in Rule 14.11(c)(1)(D), the Index does not satisfy the requirements of Rule 14.11(c)(3)(A)(i),¹⁵ however, the generic listing rules for Managed Fund Shares do allow for a portfolio to hold listed derivatives. The Exchange notes that, while the Fund will be a series of Index Fund Shares listed on the Exchange under Rule 14.11(c), the Fund will comply with the generic listing standards applicable to Managed Fund Shares under Rule 14.11(i) that would allow a series of Managed Fund Shares with the exact same holdings as are included in both the Index and the Fund to list on the Exchange without requiring the submission and SEC approval of a rule filing pursuant to Section 19(b)(2) of the Act. While Index Fund Shares track the value of an index and Managed Fund Shares are based on an actively managed portfolio and are not generally designed to track an underlying reference asset, the Exchange believes that there are no substantive issues that are unique to Index Fund Shares that were not considered in the Commission’s approval of the generic listing rules for Managed Fund Shares. As such, the Exchange believes that this proposal similarly does not raise any substantive issues that were not otherwise addressed

¹⁵ Rule 14.11(c)(3)(A)(i)(e) provides that all securities in the applicable index or portfolio shall be U.S. Component Stocks listed on a national securities exchange and shall be NMS Stocks as defined in Rule 600 under Regulation NMS of the Act.

in the Commission's approval of the generic listing rules for Managed Fund Shares and that the Commission should act expeditiously to approve this proposal.

The Exchange also represents that, except as described above, the Fund will satisfy, on an initial and continued listing basis, all of the generic listing standards under BZX Rule 14.11(c)(3)(A)(i) and all other applicable requirements for Index Fund Shares under Rule 14.11(c). The Trust is required to comply with Rule 10A-3 under the Act for the initial and continued listing of the Shares of the Fund. In addition, the Exchange represents that the Shares of the Fund will comply with all other requirements applicable to Index Fund Shares including, but not limited to, requirements relating to the dissemination of key information such as the Disclosed Portfolio, Net Asset Value, and the Intraday Indicative Value, rules governing the trading of equity securities, trading hours, trading halts, surveillance, and the information circular, as set forth in Exchange rules applicable to Index Fund Shares and the orders approving such rules. Moreover, all of the options contracts held by the Fund will trade on markets that are a member of ISG or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.¹⁶ All statements and representations made in this filing regarding the index composition, the description of the portfolio or reference assets, limitations on portfolio holdings or reference assets, dissemination and availability of index, reference asset, and Intraday Indicative Values, and the applicability of Exchange rules specified in this filing shall constitute continued listing requirements

¹⁶ For a list of the current members and affiliate members of ISG, see www.isgportal.com. for the Fund. The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund or the Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will surveil for compliance with the continued listing requirements. If the Fund or the Shares are not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under Exchange Rule 14.12.

For the above reasons, the Exchange believes that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The Exchange notes that the proposed rule change will facilitate the listing and trading of an additional type of Index Fund Shares that will enhance competition among market participants, to the benefit of investors and the marketplace.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will: (a) by order approve or

disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.
