Re: Proposed Rule Change to Adopt Consolidated FINRA Registration Rules, Restructure the Representative-Level Qualification Examination Program and Amend Continuing Education Requirements.

Dear Mr. Fields,

I write to you following FINRA's rule filing with the Securities Commission to restructure the representative-level qualification examination program. CFA Society Boston is the second largest member society of CFA Institute in the United States of America, with over 5,700 financial professionals who belong to our organization. In total our network of CFA Institute Member Societies represents more than 69,000 members nationally and over 146,000 globally.

As a CFA Institute Member Society, we operate as a not-for-profit organization supporting the professional development and advancement of CFA charterholders. Our mission also encompasses providing member services including educational programs, career services, networking opportunities and broader education of the general investing public.

The purpose of this letter is to express our support for FINRA's decision to restructure the examination program for representatives. As a CFA Institute Member Society whose membership comprises practitioners working for FINRA member firms in the investment management industry, we believe this step is necessary at this time.

Additionally, we also write to you in support of CFA Institute's letter advocating for the inclusion of the CFA program as a means by which prospective registrants gain representative level approval. The Chartered Financial Analyst® (CFA) credential is one of the most respected and recognized investment management designations in the world. The curriculum is firmly grounded in the practice of the investment profession.

We would very much like for the Commission to consider expanding the options available to qualify as representative so that the varying educational interests, professional backgrounds and career goals of our members are recognized. In the end, the recognition of the CFA program will help our members and candidates bridge the gap in meeting licensing requirements and avoid unnecessary duplicative testing.

We would be pleased to discuss our comments in greater detail, or to provide any other assistance that would be helpful. If you have any questions, please do not hesitate to contact us.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "Jeanne W. Wolf".

Jeanne W. Wolf, CAE
Executive Director
CFA Society Boston
