The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

Partial Amendment

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

PARTIAL AMENDMENT

On May 15, 2017, Miami International Securities Exchange, LLC (“MIAX Options” or “Exchange”), filed with the Securities and Exchange Commission (“SEC” or “Commission”) proposed rule change SR-MIAX-2017-20 (the “Proposal”) to add new Interpretation and Policy .01 to MIAX Options Rule 607, Securities Accounts and Orders of Market Makers (“Rule 607” or the “Position Reporting Rule”), and new Interpretation and Policy .01 to MIAX Options Rule 804, Automated Submission of Trade Data (“Rule 804” or the “EBS Rule” and together with the Position Reporting Rule, the “CAT Duplicative Rules”) in order to eliminate collection of information pursuant to the CAT Duplicative Rules that will be duplicative of data that will be collected by the consolidated audit trail (“CAT”), commencing at such time that Industry Members are effectively reporting to the CAT and the CAT’s accuracy and reliability meet certain standards as described in the Proposal.¹ The Commission published the proposed rule change for public comment in the Federal Register on June 1, 2017.²

With this Partial Amendment No. 3, MIAX Options is including Exhibit 4, which reflects changes to the text of the proposed rule change pursuant to this Partial Amendment No. 3, and Exhibit 5, which reflects the changes to the current rule text that are proposed in the Proposal, as amended by this Partial Amendment No. 3.

This Partial Amendment No. 3 changes the Proposal by amending the proposed new Interpretation and Policy to each of the CAT Duplicative Rules in the proposed rule change to

¹ Unless otherwise specified, capitalized terms used in this rule filing are defined as set forth herein or in the National Market System Plan Governing the Consolidated Audit Trail (the “CAT NMS Plan” or “Plan”).

² Securities Exchange Act Release No. 80790 (May 26, 2017), 82 FR 25366 (June 1, 2017) (Notice of Filing of SR-MIAX-2017-20).

clarify that MIAX Options will not request trade data or information, and Members will not be required to provide trade data or information, pursuant to such Rules for trades reported to the CAT after MIAX Options announces that it has determined that the accuracy and reliability of the CAT are sufficient to replace requests pursuant to the CAT Duplicative Rules.

In order to comply with the CAT NMS Plan, the Proposal adds new Interpretation and Policy .01 to Rule 607 and new Interpretation and Policy .01 to Rule 804 to clarify how MIAX Options will request data under those Rules after Industry Members are reporting to the CAT. As noted in the Proposal, MIAX Options believes that the CAT must meet certain minimum accuracy and reliability standards before MIAX Options could rely on the CAT to replace existing regulatory tools under the CAT Duplicative Rules. Consequently, the proposed new Interpretations and Policies would be implemented only after the CAT achieves the thresholds for accuracy and reliability set forth in the Proposal. The Interpretations and Policies proposed to be added will accommodate that requests under the CAT Duplicative Rules will still be necessary for transactions occurring before the CAT meets the aforementioned standards of accuracy and reliability and for transactions involving securities that are not reportable to the CAT.

In this Partial Amendment No. 3, MIAX Options is proposing to amend new Interpretation and Policy .01 to Rule 607 to clarify that MIAX Options will not request trade data or information, and Market Makers will not be required to provide trade data or information pursuant to the Position Reporting Rule, for trades reported to the CAT after MIAX Options announces that it has determined that the accuracy and reliability of the CAT are sufficient to replace requests pursuant to such Position Reporting Rule. Additionally in this Partial Amendment No. 3, MIAX Options is proposing to amend new Interpretation and Policy .01 to

Rule 804 to clarify that MIAX Options will not request trade data or information, and Members will not be required to provide trade data or information pursuant to the EBS Rule, for trades reported to the CAT after MIAX Options announces that it has determined that the accuracy and reliability of the CAT are sufficient to replace requests pursuant to such EBS Rule. In the Proposal, the proposed Interpretations and Policies had stated that MIAX Options will request information under this [applicable CAT Duplicative] Rule only if the information is not available in the CAT because, for example, the transactions in question occurred before the Member was reporting information to the CAT. MIAX Options is proposing changes to this language to make clear that, after the CAT achieves the accuracy and reliability standards set forth in the Proposal, MIAX Options will only use CAT to obtain trading information and will make requests under the CAT Duplicative Rules only for transactions that occurred before the CAT achieved sufficient levels of accuracy and reliability and for transactions involving securities that are not reportable to the CAT.
