SR-NYSEArca-2012-66; Amendment No. 1

NYSE Arca, Inc. (“Exchange”) hereby amends SR-NYSEArca-2012-66 (“Filing”) as follows:

1. The following sentence is added as a new paragraph after the first full paragraph on page 5 of the Filing and after the second full paragraph on page 30 of Exhibit 1 to the Filing:

“The Exchange has obtained a representation from the Sponsor that the Sponsor is affiliated with one or more broker-dealers and other entities, and it will implement a fire wall with respect to such affiliate(s) regarding access to material non-public information of the Trust concerning the Trust and the Shares, and will be subject to procedures designed to prevent the use and dissemination of material non-public information of the Trust regarding the Trust and the Shares.”

2. The following paragraph is added immediately after the third full paragraph on page 22 of the Filing and the top partial paragraph on page 56 of Exhibit 1 to the Filing:

“The Exchange represents that trading in the Shares will be subject to the existing trading surveillances, administered by the Financial Industry Regulatory Authority (“FINRA”) on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws. These surveillances generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity. The Exchange will communicate as needed regarding trading in the Shares with other markets that are members of the Intermarket Surveillance Group or with which the Exchange has in place a comprehensive surveillance sharing agreement (as discussed below). In addition, FINRA will augment existing surveillances with a product specific review designed to identify potential manipulative trading activity through the use of the creation and redemption process. NYSE Regulation, Inc. has submitted a description of the new product-specific surveillance to the Commission staff on a confidential basis. Such surveillance procedures will be operational at the commencement of trading in the Shares on the Exchange. On an ongoing basis, NYSE Regulation, Inc. (on behalf of the Exchange) and FINRA will regularly monitor that such procedures continue to be operational.”

3. The last partial paragraph on page 22 of the Filing continuing to the top of page 23 of the Filing, and the first full paragraph on page 56 of Exhibit 1 to the Filing, are deleted in their entirety and replaced with the following paragraph:

“As a general matter, the Exchange has regulatory jurisdiction over its ETP Holders and their associated persons, which include any person or entity controlling an ETP Holder, as well as a subsidiary or affiliate of an ETP Holder that is in the securities business. This includes the ability to request documents or

information related to possibly manipulative or illegal trading in the Shares. (See NYSE Arca Equities Rules 10.1 and 10.2.) A subsidiary or affiliate of an ETP Holder that does business only in commodities or futures contracts would not be subject to Exchange jurisdiction, but the Exchange could obtain information regarding the activities of such subsidiary or affiliate through surveillance sharing agreements with regulatory organizations of which such subsidiary or affiliate is a member. The Exchange also could obtain trading information from members of the Intermarket Surveillance Group, and, as noted below, the Exchange has entered into a comprehensive surveillance sharing agreement with LME that applies with respect to trading in copper and copper derivatives. In addition, the Exchange could obtain information regarding the activities of the Sponsor, which is a control person of the Trust, and its affiliates under the Exchange's listing rules. (See, e.g., NYSE Arca Equities Rule 5.3(i)(1)(O), which permits the Exchange to request information from an issuer as the Exchange may reasonably require. See also NYSE Arca Equities Rules 10.1 and 10.2.)”

The Exchange believes that the proposed rule change, as modified by this amendment, is consistent with the requirement of Section 6(b)(5) of the Securities Exchange Act of 1934¹ that an exchange have rules that are designed, among other things, to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest. With respect to Item 1 above, the Exchange represents that the Sponsor is affiliated with one or more broker-dealers and other entities, and will implement a fire wall with respect to such affiliate(s) regarding access to material non-public information of the Trust concerning the Trust and the Shares, and will be subject to procedures designed to prevent the use and dissemination of material non-public information of the Trust regarding the Trust and the Shares. With respect to Item 2 above, the Exchange supplements the representations in the Filing regarding surveillance procedures applicable to trading in the Shares by making clear that such trading in the Shares will be subject to the existing trading surveillances, administered by FINRA on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws. In addition, FINRA will augment existing surveillances with a product specific review designed to identify potential manipulative trading activity through the use of the creation and redemption process. Such surveillance procedures will be operational at the commencement of trading in the Shares on the Exchange. On an ongoing basis, NYSE Regulation (on behalf of the Exchange) and FINRA will regularly monitor that such procedures continue to be operational. With respect to Item 3 above, the Exchange makes clear that it has the ability to request documents or information from an ETP Holder, as well as a subsidiary or affiliate of an ETP Holder, related to possibly manipulative or illegal trading in the Shares. In addition, the amendment makes clear that the Exchange could obtain information regarding the activities of the Sponsor, which is a control person of the Trust, and its affiliates under the Exchange's listing rules.

¹ 15 U.S.C. 78f(b)(5).

All other representations in the Filing remain as stated therein and no other changes are being made.
