

# SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-103932; File No. SR-NYSETEX-2025-30]

## Self-Regulatory Organizations; NYSE Texas, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend the Rule 6.6800 Series

September 10, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that, on August 27, 2025, the NYSE Texas, Inc. (“NYSE Texas” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Rule 6.6800 Series, the Exchange’s compliance rule (“Compliance Rule”) regarding the National Market System Plan Governing the Consolidated Audit Trail (the “CAT NMS Plan” or “Plan”)<sup>3</sup> to be consistent with the exemptive relief granted by the Commission from certain provisions of the CAT NMS Plan related to timestamp granularity (“2025 Timestamp Granularity Exemption”).<sup>4</sup> Specifically, the Exchange proposes to update the expiration date of the exemption in Rule 6.6860(a)(2) from April 8, 2025 to April 8, 2030. The proposed rule change is available on the Exchange’s website at

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend Rule 6.6860 of the Compliance Rule to be consistent with the 2025 Timestamp Granularity Exemption. Under the 2025 Timestamp Granularity Exemption, the Commission extended the existing exemptive relief pursuant to which Industry Members that capture timestamps in increments more granular than nanoseconds must truncate the timestamps after the nanosecond level for submission to CAT, rather than rounding such timestamps up or down, from April 8, 2025 to April 8, 2030.

Accordingly, the Exchange proposes to update the expiration date of the exemption in Rule 6.6860(a)(2) from April 8, 2025 to April 8, 2030.

On February 3, 2020, the Participants filed with the Commission a request for exemptive relief from the requirement in Section 6.8(b) of the CAT NMS Plan for each Participant, through its Compliance Rule, to require that, to the extent that its Industry Members utilize timestamps in increments finer than nanoseconds in their order handling or execution systems, such Industry

Members utilize such finer increment when reporting CAT Data to the Central Repository.<sup>5</sup> On April 8, 2020, the Participants received the requested exemptive relief.<sup>6</sup> As a condition to this exemption, the Participants, through their Compliance Rules, required Industry Members that capture timestamps in increments more granular than nanoseconds to truncate the timestamps after the nanosecond level for submission to CAT, rather than rounding up or down in such circumstances. The exemption was to remain in effect for five years, until April 8, 2025.

In 2020, the Exchange amended paragraph (a)(2) of Rule 6.6860 to reflect this exemptive relief.<sup>7</sup> Specifically, the Exchange amended Rule 6.6860(a)(2) to state the following.

Subject to paragraph (b), to the extent that any Industry Member's order handling or execution systems utilize time stamps in increments finer than milliseconds, such Industry Member shall record and report Industry Member Data to the Central Repository with time stamps in such finer increment up to nanoseconds; provided, that Industry Members that capture timestamps in increments more granular than nanoseconds must truncate the timestamps after the nanosecond level for submission to CAT, rather than rounding such timestamps up or down, until April 8, 2025.

The language of Rule 6.6860(a)(2) has not been changed since that time.

The exemption granted in 2020, however would no longer be in effect after April 8, 2025, unless the period the exemption is in effect is extended by the SEC. Accordingly, on March 24, 2025, the Participants filed with the Commission a request to extend the existing exemptive relief for another five years, until April 8, 2030.<sup>8</sup> On May 2, 2025, the Participants received the requested exemptive relief from the Commission via the 2025 Timestamp Granularity Exemption. As a condition to this exemption, the Participants, through their Compliance Rules, are required to require Industry Members that capture timestamps in increments more granular than nanoseconds to truncate the timestamps after the nanosecond level for submission to CAT, rather than rounding up or down in such circumstances. The SEC granted the 2025 Timestamp Granularity Exemption for a period of five years, until April 8, 2030.

Accordingly, the Exchange proposes to amend its Compliance Rule to reflect the extended period set forth in the 2025 Timestamp Granularity Exemption, replacing the reference to April 8, 2025 with April 8, 2030. Specifically, the Exchange proposes to amend paragraph (a)(2) of Rule 6.6860 to state:

Subject to paragraph (b), to the extent that any Industry Member's order handling or execution systems utilize time stamps in increments finer than milliseconds, such Industry Member shall record and report Industry Member Data to the Central Repository with time stamps in such finer increment up to nanoseconds; provided, that Industry Members that capture timestamps in increments more granular than nanoseconds must truncate the timestamps after the nanosecond level

for submission to CAT, rather than rounding such timestamps up or down, until April 8, 2030.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6(b)(5) of the Act,<sup>9</sup> which require, among other things, that the Exchange's rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest, and Section 6(b)(8) of the Act,<sup>10</sup> which requires that the Exchange's rules not impose any burden on competition that is not necessary or appropriate.

The Exchange believes that this proposal is consistent with the Act because it is consistent with the exemptive relief that has been in place for five years, is consistent with the 2025 Timestamp Granularity Exemption, and is designed to assist the Exchange and its Industry Members in meeting regulatory obligations pursuant to the Plan. In approving the Plan, the SEC noted that the Plan "is necessary and appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanism of a national market system, or is otherwise in furtherance of the purposes of the Act."<sup>11</sup> To the extent that this proposal implements the Plan, including the exemptive relief related thereto, and applies specific requirements to Industry Members, the Exchange believes that this proposal furthers the objectives of the Plan, as identified by the SEC, and is therefore consistent with the Exchange Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange notes that the proposed rule change is consistent with the exemptive relief that has been in place for five years, is consistent with the 2025 Timestamp Granularity Exemption, and is designed to assist the Exchange in meeting its regulatory obligations pursuant to the Plan. The Exchange also notes that the amendment to the Compliance Rule will apply equally to all Industry Members that trade NMS Securities and OTC Equity Securities. In addition, all national securities exchanges and FINRA are proposing these amendments to their CAT Compliance Rules. Therefore, this is not a competitive rule filing, and, therefore, it does not impose a burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act<sup>12</sup> and Rule 19b-4(f)(6)<sup>13</sup> thereunder. Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; or (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>14</sup> and Rule 19b-4(f)(6) thereunder.

<sup>13</sup> 17 CFR 240.19b-4(f)(6).

<sup>14</sup> 15 U.S.C. 78s(b)(3)(A).

A proposed rule change filed under Rule 19b-4(f)(6)<sup>15</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>16</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. The Commission believes that waiving 30-day operative delay is consistent with the protection of investors and the public interest because the proposal seeks to amend, effective upon filing, the Exchange's CAT Compliance Rule to reflect the expiration date for exemptive relief relating to timestamp granularity is now April 8, 2030, and the proposal does not introduce any novel regulatory issues. Accordingly, the Commission designates the proposed rule change to be operative upon filing.<sup>17</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

<sup>16</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>17</sup> For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

##### Electronic Comments:
